

OUR GOVERNOR.

Gov. Wallace Nutting's prelude to his evening sermon at Plymouth Congregational church was on the subject "Gov. Penneyer's Thanksgiving Proclamation."

"Not long ago I was telling a friend of mine that the newspapers and magazines seemed to be running out, but when I read the proclamation of Oregon's governor, I said: 'Here is something new.'"

"Gov. Penneyer seems to have the same trouble. He devotes two lines to the blessings of God and the rest of the proclamation to a campaign document."

"This proclamation is ahead of anything since the one Ben Butler, of Massachusetts, made while governor of Massachusetts. He tried to speak his folly to the people through the mouths of Christian ministers, but they refused to be his mouthpieces."

"President Cleveland has set Nov. 30th as a day of Thanksgiving, but although the president has followed the precedent set by former presidents, Penneyer has not followed the precedent of former governors."

"The president and Penneyer are of the same political faith, but they don't pull together very well. That is not uncommon; however, members of the same church often differ in opinion."

"In this wonderful document the avine governor devotes two lines to God and the rest of his time to the denunciation of a law that was not passed until the present financial trouble had been on several months."

From the eastern election returns it looks as if the populists were deserting their party at a lively rate. Think of 93 out of 105 counties in Kansas going republican and Colorado and South Dakota deserting that party, not saying anything about Virginia going heavily democratic. It is the opinion of the eastern press that hereafter, as it has been heretofore, the contests in the political world will be between the democrats and republicans.

Although the hearing before the subcommittee of the ways and means on the subject of income tax yesterday was of an informal character, that it was interesting was manifested by the presence of a number of leading members of the democratic party outside the committee. Hall, democrat, was the only speaker. He had evidently given the subject much thought, and gave numerous citations of eminent writers on taxation and economic subjects. The fundamental principle upon which Hall based his demand for an income tax was that every man should bear his proportion of the government expenses in the same ratio as he derived benefits from the government. Such a tax did not affect the distribution of wealth, and produced the change of prices. If congress attempted to provide for the deficiency in the revenue every year or two by tampering with the tariff, Hall said it would continually disturb business. Under his scheme, if a deficit was apparent the income tax could be increased, and in the same way if there was a surplus the tax could be decreased. Hall submitted an income tax bill which will be considered.

The Sitka Indians in Alaska not long since gave a great feast to visitors from other tribes. The principle dainty was tubs of last season's wild strawberries soaked in seal oil.

A process for the production of a new material called "lactite," or "milk ivory" has been invented, skin milk being the substance from which it is made.

TO BRACE UP the system after "La Grippe," pneumonia, fevers, and other prostrating acute diseases; to build up needed flesh and strength, and to restore health and vigor when you feel "run-down" and used up, the best thing in the world is Doctor Pierce's Golden Medical Discovery. It promotes all the bodily functions, rouses every organ into healthful action, purifies and enriches the blood, and through it cleanses, repairs, and invigorates the entire system. For the most stubborn Scrofulous, Skin or Scalp Diseases, Dyspepsia, Biliousness, and kindred ailments, the "Discovery" is the only remedy that's guaranteed. If it doesn't benefit or cure, you have your money back. Isn't it safe to say that no other blood-purifier can be "just as good?" If it were, wouldn't it be sold so?

Can you think of anything more convincing than the promise that is made by the proprietors of Dr. Sage's Catarrh Remedy? It is this: "If we can't cure your Catarrh, we'll pay you \$500."
