"Only the Scars Remain,"

HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., who certifies as follows:

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc., none impress me more than **my own case.** Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became **running sores.** Our family physician could do no good, and it was feared that the legs would be affected. At last, my old

Mother Urged Me

to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. **Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me.** I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

WHITNEY'S OPINION.

W C Whitney the democratic leader of New York gives his views of the late election as follows:

Last Tuesday's voting was, in my opinion, negative—not positive.

The result was a democratic defeat, but not a republican triumph. The people had no intention of rescinding their emphatic and well considered repudiation of vicious republican policies. They could not, however, refrain from and cannot be blamed for expressing their dissatisfaction with existing conditions.

So they voted against the party in power.

It is true that the democratic party was not responsible for the conditions. But they existed nevertheless.

The long period of financial depression had reached and destroyed the prosperity of the country.

Recuperation had begun, but was not yet accomplished.

Capital was still timid. Commerce was prostrated. Trade was at a standstill. Exports had decreased with imports. Prices were low and taxes were high. Credits could not be obtained. Mills were closed. Money was scarce. Uncounted thousands were idle. The national treasury was bankrupt. Discontent filled the land.

For a score of years the republican party had disregarded the immutable laws of nature, and, having imposed artificial conditions of finance and taxation upon the country and increased enormously the burdens of taxation by the most lavish government expenditures, had brought the country to a point where there was bound to be a great reaction from long prosperity.

It came in the natural order of things in the interim—after the reversal of policy had been decreed and before it had been accomplished.

The party to suffer was necessarily the party in power. It had had no opportunity to put in force a new policy and show its beneficial effect, but discontent from whatever cause is visited naturally upon the party in power.

In one respect only can the democratic party be held responsible for its own reverses. Repeal of the iniquitous financial law left by the republican party upon the statute books was believed to be essential to relief, and more time was required for the performance of this duty than the impatient country considered necessary. The delay was exasperating and harmful and the enactment finally took place too late to counteract the effect upon the party. So much for the causes, so far as they were not local.

The effect in my view should be, and I believe will be, beneficial in result.

After such a period of distrust as we have just experienced, stability in the conditions of trade is the first essential of a return to prosperity. Congress owes it to the country not only to reform the tariff, but to reform it at once in a conservative and careful spirit, but at once. Redemption of all party pledges is necessary. But quick redemption of this greatest of party pledges is more than necessary, more than sound policy, more than wise partisanship. It is a patriotic duty.

In accordance with the speed and wisdom with which this duty is discharged will, in my view, be the future of the democratic party.

ATHLETES OF THE PRESENT

J F Sullivan, Secretary of the Amateur Athletic Union, President of the [illegible] Athletic Club, and athletic editor of The Sporting Times, writes:

"For years I have been actively connected with athletic sports. I always found it to my advantage to use Allcock's Porous Plasters while in training, as they quickly remove soreness and stiffness; and when attacked with any kind of pains, the result of slight colds, I always used Allcock's with beneficial results. I have noticed that most athletes of the present day use nothing else but Allcock's Plasters."

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling," and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive merit.

TELEGRAPHIC NEWS.

In The Heart of a City.

SPOKANE, Nov 20.—When the city awoke this morning it was confronted by an extraordinary spectacle. During the night 350 "boomers" had rushed in and located lots on the tract known as Shantytown, owned by the Nothern Pacific railroad and situated in the heart of the city, bordering right upon the business district. This large tract was long in dispute. Several years ago it was jumped by squatters, but three years ago the interior department decided against them and they were ousted. Recent decisions by the secretary of the interior adverse to the railroad respecting lieu-land selections started a rumor that this tract had reverted to the government and this led to the stampede for lots. Daylight brought renewed activity and before 9 o'clock at least 700 men had staked out lots. Policemen caught the infection and joined in the work of grabbing.

A Fight Expected.

NEW YORK, Nov 20.—The Brazilian cruiser Nictheroy passed Sandy Hook outward bound at 9 o'clock this morning, headed south at half speed. It is understood she has Captain Zalinsky on board and may cruise around this vicinity two or three days while he gives instructions to those on board in the use of the dynamite gun. It is reported a mysterious cruiser, said to be from Admiral Mello's fleet, is cruising in the vicinity, and will give battle to the Nichteroy.

An Insane Assessor.

ASTORIA, Nov 25.—John W Gearhart, late assessor of this county, who it will be remembered tried to commit suicide some months ago while insane, was taken before Judge Cleveland today and adjudged insane upon examination by Dr Fulton, and was taken tonight to the Salem asylum. The affair is a peculiarly sad one.

A Gun Accident.

OLYMPIA, Wash, Nov 20.—George Griffiths, 16 years of age, living in this county, has been missing for about a week. Yesterday his body was found near Bucoda. He had been killed by the accidental discharge of a shotgun. The theory is, he was standing on a log, his gun slipped down, the hammer struck and sent the full charge of shot into his leg, ranging upward and entering the body.

Goes to Dr Price.

CHICAGO, Nov 20—On the analysis and recommendation of Dr Wiley, Chief United States Government Chemist at Washington, and greatest living authority on food products, the World's Fair jury to day gave the highest award to Dr Price's Cream Baking Powder for strength, purity and excellence. This conclusively settles the question of superiority. Dr Wiley rejected the alum powders, stating to the World's Fair jury that he considered them unwholesome.

Issue of Silver Dollars.

WASHINGTON, Nov 20.—The issue of standard silver dollars from the mints of the treasury office for the week ended Nov 18 was $631,600; for the corresponding period last year, $665,754. The shipment of fractional silver coins from the 1st to the 18th inst aggregate $575,401.

A Bank Resumes.

PENDLETON, Or, Nov 20.—The Pendleton Savings bank, which suspended in July, resumed today with increased resources. The people are much pleased with the resumption, and the bank officials report an encouraging outlook. The first day's receipts exceed the sums withdrawn.

The True Laxative Principle

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

Dr. Price's Cream Baking Powder

A Pure Grape Cream of Tartar Powder.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient actions, but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for but a time, but finally injure the system.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Health in Old Age.

Edward Collinson, Queens, N Y, says: "I commenced using Brandreth's Pills over fifty-five years ago. I first bought them in London, and have continued using them since I came to this country in 1836. I am now over seventy-five years old, hale and hearty, and attribute my wonderful health to the persistent use of Brandreth's Pills. Occasionally I have a bad cold or severe attack of rheumatism, indigestion or biliousness, but four or five doses of Brandreth's Pills always cure me. Whenever my children have been sick with scarlet fever, measles, acid stomach, disordered digestion or costiveness, a few doses of Brandreth's Pills restored their health at once."

Self Praise.

Self praise is no recommendation, but there are not times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Allcock's Porous Plasters are the only genuine and reliable porous plasters made is not self praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them. Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.

Proved to be the Best.

Tested and proved by over thirty years' use in all parts of the world, Allcock's Porous plasters have the indorsement of the highest medical and chemical authorities and millions of grateful patients who have been cured of distressing ailments voluntarily testify to their merits.

Allcock's Porous Plasters are purely vegetable. They are mild but effective, sure and quick in their action, and absolutely harmless.

Beware of imitations, and do not be deceived by misrepresentation. Ask for Allcock's, and let no solicitation or explanation induce you to accept a substitute.
