

"Only the Scars Remain,"

Says HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., who certifies as follows:

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc., none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the same would be affected. At last, my good old

Mother Urged Me
to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

Ayer's Sarsaparilla

SYRUP OF FIGS

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

LOUISVILLE, KY. NEW YORK, N.Y.

J. F. FORD, Evangelist,

Of Des Moines, Iowa, writes under date of March 23, 1893:

S. B. MED. MFG CO.,
Dufur, Oregon.

Gentlemen:

On arriving home last week, I found all well and anxiously awaiting. Our little girl, eight and one-half years old, who had waded away to 28 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Cough Cure has done its work well. Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Wishing you prosper it, we are
Yours,
Mr & Mrs J. F. Ford.

If you wish to feel strong and cheerful, and ready for the Spring's work, cleanse your system with the Hoarseness and Liver Cure, by taking two or three doses each week.

50 cents per bottle by all druggists.
Sold under a positive guarantee by
J. A. CUMMING.

OST.—Some where in Albany, a \$5 and \$10 bill. Return to Democrat office and receive reward.

THE CAUSE OF SEASICKNESS.

Seasickness starts in the ear. In its cavity are three small tubes, each bent in a circle and filled with fluid. The three sit at right angles to each other, like the three sides at the corner of a room or a box. Consequently in whatever direction the head is moved the fluid in some one of the tubes is given a circular motion. Hanging out into the tubes, from their sides, are hairs, or cilia, which connect with nerve cells and fibers that branch off from the auditory nerve.

When the head moves, the fluid moves, the hairs move, the cilia are "tired off," a nervous current is sent up to the brain and a feeling of the head's peculiar motion is consequent. As for seasickness, this nerve current on its way to the brain at one point runs beside the spot or "center" where the nerve governing the stomach has its origin. When the rocking of the head is abnormally violent and prolonged, the stimulus is so great that the current leaks over into this adjoining "center" and so excites the nerve running to the stomach as to cause wretchedness and retching.

Deaf mutes, whose ear "canals" are affected, are never seasick. But normally the amount of ear feeling which we get by reason of moving our head in a particular direction comes in a curious way to be a measure of the direction of sound. The feelings we get from our skin and muscles in turning the head play a similar role. We turn our ear to catch a sound. We do this so frequently for every point that in time we learn to judge the direction of the sound by the way we would have to turn the head in order to hear the sound best.

Therefore we do not have to turn the head to get the direction, for we now remember the proper feeling and know it. This memory of the old feeling is our idea of the present direction. If we never moved our heads, we never could have any such notion of the location of sounds as at present—perhaps none whatever—McClure's Magazine.

The highest smoke stack in the United States is probably that recently built for the Fall River Iron Company. From the top of the granite foundation to the cap is 350 feet; the diameter at the base is 30 feet, at the top 21 feet; the flue is 11 feet throughout, and the entire structure rests on a solid granite foundation, 55x30x16 feet deep.

The total number of passengers who entered the ports of the United States in 1892 was 736,666, as compared with 256,556 who departed from the same ports in the same year. Of those who left the United States ports in 1892, 105,152 were cabin, and 151,404 were steerage passengers, so that cabin passengers were 49 per cent of the whole.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Sold by Druggists, etc.

MEMOIR OF THE PRESIDENT

J. E. Wilson, Secretary of the Amateur Athletic Union, President of the P. Time Athletic Club, and Athletic Editor of the Sporting Times, writes:
"For years I have been actively connected with athletic sports. I always found it to my advantage to use Alcock's Porous Plasters while in training, as they quickly remove soreness and stiffness, and when attacked with any kind of pain, the result of slight cold. I always used Alcock's with beneficial results. I have noticed that most athletes of the present day use nothing else but Alcock's Plasters."

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling," and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive effects.

Green Goods.

Don't be tempted to invest in them. You will get into trouble every time and in the end poverty and disgrace. The genuine Uncle Sam's green goods are the only ones of value. They make you rich; especially when used to purchase Simons Liver Regulator to cure your indigestion, dyspepsia, constipation or biliousness, or drive away malaria. Don't be tempted to take anything else in place of the Regulator.

World's Fair—Philadelphia 1876
The public demand through services when traveling, it is all-fashioned to "Change Cars." On the through, solid vestibuled trains of the Chicago, Union Pacific & North Western Line from St. Chicago, Omaha and intermediate points there is no change. This is the best and fastest service between the points named.

TELEGRAPHIC NEWS.

An Immense Trust.

PITTSBURGH, Nov. 22.—Another steel rail pool has been formed, more strongly fortified than the one that wound up its career recently. The second pool was organized in New York within the last few days at a meeting of the heads of five big concerns. They are the Carnegie Steel Company, Illinois Steel Company, Bethlehem Steel Company, Cambria Iron & Steel Company, and Lackawanna Iron & Steel Company. These concerns leased the big new steel plant of the Pennsylvania Steel Company, at Sparrow Point, Md., and by this stroke slant out any possible competition. The new pool has gone ahead of the methods of the old one by fixing the price of steel rails at \$24 a ton.

Barred Alive.

PHOENIX, Ariz., Nov. 22.—John Naris Sortillon was arraigned in the federal court today charged with the murder of his child one year ago. The history of his crime is so revolting that how it is kept from the public so long is a mystery. He resided in Lapex, a town 50 miles north of Yuma. His woman is a half-breed Indian and American. When the child was born a year ago, Sortillon claimed it was not his own, but that of an American. He took the child and buried it alive, and induced the woman's brother to assist unconsciously in filling the grave.

Silver Purchases.

WASHINGTON, Nov. 22.—Acting Director Preston, of the mint, has prepared a statement showing the amount and cost of silver purchased under the act of July 14, 1890. From the date the act went into effect, August 31, 1890, to the date of its repeal, Nov. 2, 1893, 168,074,590 fine ounces were purchased, costing \$155,930,940, an average cost per ounce of \$0.92. The present market price is about 70 cents per ounce. It is certain that of the purchased bullion \$36,087,285 worth has been coined into standard silver dollars, leaving 140,696,760 ounces on hand. This amount will coin \$181,915,000.

May Spread.

ROCHESTER, N. Y., Nov. 22.—Representatives of five brotherhoods, from Philadelphia, Buffalo, Batavia, Sayre and Easton, are attending a conference here which will last all night. A member of the board said tonight:
"If necessary, the men on the other roads will be called out promptly, beginning with the Central, others to follow. Everything tonight is in our favor."

Several Lives Lost.

MEMPHIS, Tenn., Nov. 22.—Fire broke out soon after midnight this morning in Newberne, Tenn., destroying the opera house and the buildings of Wilson & Bradshaw, J. H. Winatas and Williamson & Co. Several lives were lost, among them being J. E. Bradshaw.

The True Laxative Principle

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

Mrs. Tait has taken the agency for The History of the World, by Jas. D. McCabe. It is one of the most complete published, an elegant work that deserves to be in the hands of every boy and girl. A splendid Christmas present. Buy your children good literature. Nothing can be found better than this.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient actions, but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not use other laxatives, which act for but a time, but finally injure the system.

ABSOLUTELY PURE

THE CENTURY AND ST. NICHOLAS.

Our readers do not need to be told what the Century Magazine is. It is a great work in any sense. For 1894 it will be greater than ever, 2000 pages of choice literature with 1000 illustrations. There will be a new novel by Mark Twain, important expeditions, hunting of fierce game, artists' adventures, tramping with tramps, unpublished essays of James Russell Lowell, etc. The St. Nicholas is the prince of children's magazines, the best of all of them. A feature of the 1894 number will be Tom Sawyer Abroad by Mark Twain, a natural history series, a series on American authors, stories of India by Rudyard Kipling, recollections of wild life, papers on the government and some beautiful serial stories, as well as the famous Brownies.
The price of the Century is 35 cents a number, \$4.00 a year; of St. Nicholas, \$3.00 a year. Any subscriber of the DEMOCRAT in good standing may secure the Century for \$3.50 or the St. Nicholas for \$2.50, by leaving the money at this office. We will do the rest.

Self Praise.

Self praise is no recommendation, but there are not times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Alcock's Porous Plasters are the only genuine and reliable porous plasters made is not self praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them. Beware of imitations, and do not be deceived by misrepresentation. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.

Proved to be the Best.

Tested and proved by over thirty years' use in all parts of the world, Alcock's Porous Plasters have the indorsement of the highest medical and chemical authorities and millions of grateful patients who have been cured of distressing ailments voluntarily testify to their merits.
Alcock's Porous Plasters are purely vegetable. They are mild but effective, sure and quick in their action, and absolutely harmless.
Beware of imitations, and do not be deceived by misrepresentation. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.
