NO COMPARISON.—Linn county farmers have little to complain of compared to the following from a letter received by a Eugene man from John Belshaw, of Farmington, Wash: Rain and snow fell almost continuously during the harvest season and in consequence thousands of acres of grain is standing in the fields, while the greater portion of that cut has sprouted in the stack. The ground has thawed out now and the mud is very deep. Mr Belshaw states that he believes there is not more than sufficient good grain in the Palouse country for seed and bread. He had 180 acres cut and in the stack which sprouted while 150 acres is standing in the field. Wheat is worth 23 cents a bushel and oats 50 cents per 100 pounds. There is no money in the country, and property sells very cheap, a good team and wagon not bringing over $100.

FOR AN OLD OFFENSE.—James East was arrested last evening charged with robbing the store of T L Wallace & Co., several months ago. A search warrant was issued and a search made by Sheriff Jackson, at East's residence, but nothing was found. On appearing before Justice Curl the defendant confessed to having been interested in the robbery, stating that he kept a watch and helped carry the goods away, but implicated two other young men, whom the prosecuting witness did not desire to prosecute, hence the case was dropped and the defendant discharged. It is stated that some of the parties were interested in the Ramp robbery.

A GUN ACCIDENT.—Another one of those gun accidents we read about happened near Wheatland yesterday morning: Clarence LaFollett aged 17, a son of A M LaFollett had been examining a shot gun and finishing, handed it to Joe Udel, and employe on the Northup place who was standing by. Udel removed the shells from the barrels of the gun and put in two others, loaded with larger-sized shot, intending to shoot some ducks which were in a neighboring pond. As he closed the gun the plunger struck the cartridge in the left barrel exploding it, and the charge took effect in LaFollett's right leg just below the knee.

NONE ESCAPED.—Max Friendly informs us that none of his saw logs have escaped for nearly four months, and that the statement which appeared in the News of Tuesday evening and taken from the Albany Herald, which said that "John Long and George Frank have been patroling the river from Corvallis to this place to find the several million feet of saw logs which escaped from Mr Friendly's mill," is a mistake. Mr Friendly says these parties had no authority to look after his logs.—News.

A GOOD PLAN.—It is a good plan to subscribe for and read carefully your own home paper, as it is the aim of this paper to make it an educational factor in the community. Besides that, if you are out of a job, or wish to increase your income, then here is the place to find it. In another column you will find an advertisement of B F Johnson & Co, of Richmond, Va, for workers, that may interest you.

SUSPENDED.—Quong Sing & Co who have been doing business for a long time in this city have suspended, owing, as they say to the hard times and "thanks no pay." The company they say is all broken up. They have been doing business in Albany eighteen years.

JACKETS.—The Ladies Bazaar have just received per express today direct from the manufacturers another new line of jackets for ladies and misses. Call early and get first choice for this will be the last chance this season.

My fall line of MACINTOSHES and GOSSAMERS, including many novelties for ladies, misses and children, is now on sale. S E Young.

Clean towels to every customer at Viereck's shaving parlors.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THE O P SALE.

The Blair Faction Get It.

There has been little talk today, on our streets except that in reference to the Oregon Pacific sale. The air has been full of it. All kinds of prognostications, rumors, reports and "what not" have filled the air.

"It won't be sold, there will be an injunction on it.

"It will be sold, at least one $200,000 deposit is in. It's a go for certain.

"The two factions have agreed and formed a combination and will bid it in together."

Etc., etc, etc.

The special with Col Hogg fresh from San Francisco, did not materialize; but Col Hogg was represented, C C Hogue did that in good shape, and then he had his attorney on hand.

Lawyer Gest, of the O P, and F M Clark and C E Hughes, representing the New York bondholders arrived last night and left this forenoon on a special run by Conductor Tway, for Corvallis.

Attorney Fay, of Seattle, came in this noon from the south accompanied by Attorney Cotton, the Union Pacific attorney of Portland, who were joined here by Attorney Weatherford and J W Cusick, who took a special for Corvallis at 12:20.

CORVALLIS, Dec. 15th, 2 p. m.—There was only one bidder at the sale of the Oregon Pacific this afternoon, though several representatives were present. F M Clark, representing the Blair faction, bid it in for $200,000.

Representatives of Col Hogg gave notice that he claims read under former sale, which means a contest.

HOME AND ABROAD

J N Duncan, attorney at law, at the Court House.

Charley Reed, of Benton county, has a deer park, already started with five white tailed beauties.

Schmaer & Callahan have moved their fish and game market to the Vierick building just south of the P O block.

Dr Alfred Kinney has been elected mayor of Astoria, a good selection, and showing that Astoria people are level headed.

A Chehalis, Wash, merchant has purchased 100 copies of one of the local papers for a year, to be used as a premium to purchasers of goods.

If the Democrat was to publish all the midwinter fair items sent it it would take several supplements to keep the matter before the public.

Regardless of dull times socially Albany is quite lively this fall. As it costs little to be sociable our people very properly try to do their duty in this respect.

A Salem man was followed up a street by a tramp, who made no effort to disturb him, but who simply acted suspiciously, and one of the papers takes half a column to tell about it.

O'Neil Bros received a telegram last Friday stating that the large straw stack at their mill at Capitola, Cal, had been burned, the work of an incendiary. Estimated loss, between $16,000 and $18,000.—Advance.

The sale of property for county taxes was in progress this afternoon at the front door of the court house, attended by a good many interested people. Several were buying property, while the county secured some.

From 160 to 160 tramps, according to different reports, passed through Albany this noon bound for the south. They got on the cars this morning at Oregon City, and said they were going to ride clear through, and they will.

Monroe Ward and A B Nickerson were tried before the recorder last Friday on charge of using profane and abusive language on the street. The former was fined $5 and costs, while the latter was discharged.—Lebanon Advance.

The 10 per cent increase on the rate of premiums made by the Pacific Insurance Union on account of the valued policy law prevailing in Oregon, has been repealed by contract between the companies forming the Union. The insured who have already paid the increase are out in the cold.

A Salem paper objects to H R Kincaid Editor of the State Journal of Eugene for secretary of state, on the grounds that he has no enemies. It is always surmised that there is something wrong where a man has no enemies.

Here is some more wild figuring by the Statesman of Salem. About 4000 Oregonians visited the World's fair, and it is safe to say each spent $200 on the trip, making a total of $800,000 taken out of the state. And this estimate is low enough. And then the state of Oregon spent $40,000 in addition to this.

In these days it is seldom a white man gets the start of a hobo, but a S P freight train crew at Oregon City this morning rather paralyzed a company of this traveling gentry. A hundred and fifty of them got into an empty box car while the train was waiting, when the brakeman indifferently closed the doors and locked them in. The cars were at once side-tracked and the train pulled out, leaving its palace car passengers in blissful ignorance of their intentions.—Journal.

ADMINISTRATOR'S NOTICE.

NOTICE IS HEREBY GIVEN THAT THE UNdersigned has this day been appointed administrator with the will annexed of the estate of Joseph Sommerville, deceased, by the county court of Linn county, Oregon, and all persons having claims against said estate are hereby required to present the same duly verified to me at my home about six miles east of Harrisburg, Linn county, Oregon, within six months from the date hereof.

Dated December 5th, 1893.

MISFITS

If Albany would have respectable streets it should quit the system of filling in on the side of the streets as much as in the center. Never will we have decent streets until the grading is done in the center of the street. Rounded streets are needed.

Nat Blum swears that Jim Lotan received $20,000 out of the smuggling cases, and others less amounts. They could not agree on the division of the funds, hence a quarrel. Every man implicated should be sent to the penitentiary. Let no guilty man escape.

A writer in an exchange has the following two wants:

I want the laws of Oregon altered so that every man can pay his taxes in the precinct where he lives.

I want the law altered so that a candidate for school teaching may procure a license without being put to more expense than he can earn in one month of hard work.

The Roseburg Review claims to be America's leading country weekly; while the Oregon City Enterprise modestly calls itself the best paper in the state. There is nothing like blowing one's own horn, though treated often by the public more as a joke than anything.

The Salem papers continue their fun with each other. The Independent says: There are two foreigners in the newspaper business in this city. One is Mr Hofer, of the Journal, who is a native of that portion of Germany where they live on limburger, saurkraut and fresh milk pudding. The other foreigner is Mr Irvine, of the Statesman. He came from Missouri, where they propagate democrats and dam their fields to prevent soil washing away.

The DEMOCRAT recently told of a big yield of potatoes by R Thompson. The Sand of Yamhill county completely knocks the eyes out of Mr Thompson's spuds as follows: D E Bogue, who lives near McMinnville, planted a potato last summer of the variety known as the "Beauty of Hebron" from which he got 5 bushels and 40 pounds. We rise to utter a whoop of defiance to the whole world. Who can beat old Yamhill on spuds?

The assertion is frequently made that nine-tenths of the farms of the U S are mortgaged. The Man About Town has it from good authority that only one-fourth are mortgaged, and on an average of about one-third of their value. Hence the total mortgages on farms is only about one-twelfth of their value. There has been lots of howling on this subject; but the facts are what count. The mortgages in Linn county on farm property are probably less than one-twelfth of the value of the farms.

Thousands of lives are saved annually by the use of Ayer's Pectoral. In the treatment of croup and whooping cough, the Pectoral has a most marvelous effect. It allays inflammation, frees the obstructed air passage and controls the desire to cough.

Miss Eva Cowan returned this noon from a visit at Toledo.

Mr Clem Irvine went to Corvallis today to referee the foot ball game between Corvallis and Monmouth. The latter eleven recently played in Forest Grove, where the ground was fairly wiped with them. They did not make a point.

Hon D P Thompson, who started life in Oregon City, as a wood chopper, recently delivered a lecture in that city on "Turkey and the Turks," giving experiences obtained as U S minister to that country. He wore a fez and scarf presented him by the Sultan.

Mr H F Merrill received a private letter from Rev G W Hill this morning, dated at Honolulu. It was written aboard the steamer China with Honolulu in sight, and mailed immediately on arrival, so that it contained no news of the affairs on the island; but referred to the pleasant trip with mention of the character of life on an ocean steamer. The missionary party were all jubilant over the prospects, the trip proving an inspiration to them for the future.

IT'S A SERIOUS MATTER, this question of who does your laundry work. Think about it, digest it and act in the right way by sending your clothes to the Albany Steam laundry. How would you like to have the Celestials running things your line of business. It wouldn't set well, would it, and no wonder. Then send your clothes to Richard & Phillips to do the best work.

The Genuine And The Sham.

Every good thing has its host of imitators; every genuine article its counterfeits. The imitators always choose the most valuable and popular article to counterfeit, so that when they claim their sham to be equal, or as good, or the same as "So and-So's," the public may depend upon it that "So-and-So's" article is the best of the kind. The sham proves the genuine merit of the thing it copies and never has this been better illustrated than by the imitations of Allcock's Porous Plasters.

Allcock's Porous Plaster is the standard of excellence the world over, and its imitators in their cry that theirs is "as good as Allcock's" are only emphasizing this fact and admitting "Allcock's" to be the acme of perfection, which it is their highest ambition to imitate. The difference between the genuine and these imitations, which copy only general appearance, is as wide as that between copper and gold.

The only safe way for purchasers is to always insist upon having Allcock's Porous Plasters. They are the only perfect plasters ever produced.
