The readers of this paper will be pleased to learn that there is at hand one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address, F. J. AN OPEN LETTER TO GOVERNOR PENNOYER.

Lebanon, Ore Jan 1, 1894.

Dear Governor. I have read your Christmas letter to President Cleveland and can say that it is a remarkable one. Not on account of the truthfulness of its statements nor any candor shown in your manner of expression, for it is sadly deficient in both. But remarkable for its weakness. Now Governor, all of us Oregonians know the motive you had in view in writing that letter. It's weakness consists in the fact that you thought you had kept your motives hidden from the public when that motive stands out in bold relief in every line. More than two-thirds of the people of Oregon at first sight of your letter said it was not written for the President but for the people of Oregon to read. It is the general impression here, that had you really believed that the President would follow your advice and recommend free silver to congress, and that body should pass a free coinage law, resulting in immediate prosperity to the people, you would never have written such a letter for then you would have no calamity befall upon which to make a light for the United States senate next June.

What induced you, governor, to say that "two-thirds of the people of Oregon were out of employment and more than one third are without sufficient means of support?" Did you not know that your statement was false? The people know that it is your best friends do not know what to make of it. The people see very clearly that you aimed this letter as another step in the direction of placing yourself at the head of the people's party as their candidate for senator. You say that "debtors are powerless to avoid the seizure of their property and their home to satisfy, at a small percentage of their value, the claims of creditors." Now, governor, it is a fact, borne out by the court records in the last six months there have been less seizure of property under execution than in a similar period for many years. These statements of yours that are so untrue cause people every where to begin to denounce you as a political demagogue. You, governor, are a man of large wealth. Under the constitution of this state you have a salary of \$1500 per year. You draw more than twice that sum. People are asking why you do not use this additional sum unlawfully drawn from the hard earnings of the people to alleviate some of this distress so pathetically described in your letter. They say practical and not theoretical help is what staving people need. It is common talk, now, however, that you are scheming and wire pulling now and not helping the poor—except upon paper. The people understand you governor.

The Forum

"The Greatest of all our Periodicals."

The foremost men of the world write the literature of contemporaneous activity for THE FORUM.

Every great subject is taken up by the Forum when it naturally comes into public attention and is treated by the best authorities, without regard to parties or creeds. It will keep any thoughtful reader informed on the tasks and problems of the time, as no other periodical does.

To many thoughtful people, the price of the Forum has hitherto been prohibitory; indeed all the great Reviews have been too high in price for the masses of intelligent readers. But now the number of readers of thoughtful literature—men and women who wish really to know what is going on in the world outside the narrow limits of particular sects and parties—is great enough in the United States to warrant an revolutionary reduction in price. The Forum discusses important subjects, but it is not dull. The literature of contemporaneous activity is, in fact, the most interesting of all literature. American citizenship implies that a man shall know the opinions of the foremost men and the latest great achievements in every direction of activity.

SIZE AND QUALITY UNCHANGED.

The Forum is now as cheap as the magazines of mere entertainment. THE CHEAPEST, THE LARGEST, THE BEST, OF THE GREAT REVIEWS.
