GOOD EVENING

THE O. P.—The Salem Journal attacks "the rotten reiverships" of the Oregon Pacific and Judge Fullerton in a very savage manner. This includes the present receiver. As the article is a long one the Democrat will simply give the substance. Enormous bills allowed attorneys, superintendent, etc., while the laborers live on empty stomachs. \$1000 a month for clerks who \$300 would do the work. Court run by corporation. The court issued blank orders allowing receiver, superintendent and attorneys to pay themselves. W. S. McFadden, Hadley's attorney, is also Clark. The man who elected Fullerton, even writing the newspaper articles. Payment of a political debt. The matter has gone too far to expect any real relief or honest management at the hands of Judge Fullerton. He should be removed. An honest judge, one who would give the interested parties and the people an impartial disinterested administration of the Oregon Pacific property, should be appointed. An honest judge should appoint an honest receiver, not one to represent the interests of any faction of eastern bondholders, but a receiver of the property who would represent the defrauded laborers, the defrauded communities, the defrauded material men, and the interests of the state of Oregon. Judge Fullerton should remove Lawyer McFadden, who holds a political club over Fullerton. The governor must be forced to act. Until there can be secured an honest court and an honest receiver and an honest legal adviser, the people need hope for no relief.

Notwithstanding the above from the Journal, Mr Clark was the choice of the laborers for receiver, and it is the general opinion is doing all he possibly can in the matter. Mr McFadden stands well as a lawyer. It was Fay and Gest who did the work for Hadley. The removal of Judge Fullerton would undoubtedly be generally appreciated and employees particularly would like to see it done.

A LAND CONTROVERSY.—Several days ago the DEMOCRAT mentioned the filing by the Tucker Bros on some land at Leacock it had been learned had a defective title. It was also stated that 30 acres of the property of George Clark adjoining was likewise without sufficient title on account of its being government land, the O & C, the grantor not having a good title to it. We remarked that Mr Clark would have to do some rustling towards Oregon City. It seems that Mr George Sylvester learned of the condition of affairs before Mr Clark, and going to Oregon City filed on the property. Mr Clark came to Albany, and this noon accompanied by Attorney G. W. Wright went to Oregon City to begin a contest for the possession of the property. Mr Wright is confident he can secure a title for his client, and as Mr Clark secured the property in good faith he certainly ought to succeed.

The street car motor began running again to-day. Two horses were ahead of it, and it was taken to the shop of Oscar Danahall, where he has the contract for replacing it. It is thought it can be placed in nearly as good condition as a new one.

TANGENT.

TANGENT, Or, Jan 22, 1894.

Owing to the inclemency of the weather on last Saturday, there was not a goodly number of grangers in attendance at their installation. Hon H. E. Hayes, lecturer of the state grange was here and installed the new officers for the ensuing year. A fine repast was furnished by the sisters of the grange and after dinner a choice lot of music was furnished by the Tangent band. In the afternoon Mr Hayes delivered an open address.

Our literary society elected the following new officers for the next term: President, L. F. Smith; vice-president, Alfred Hiatt; secretary, Lelia Scott; treasurer, Mrs Allie Andrews; editor, Cora Hudson; marshal, Wm Smith.

We are informed the band boys intend to have a valentine party on the evening of Feb 14. An oyster supper will be served and valentines will be distributed and a social party will be given. A fee of 25 cts will be charged adults, the proceeds to go to the band boys.

The Callapooia has been so high that Prof A. W. Moses has been unable to teach his school at Oakville this week.

The young folks gathered at the residence of Mr L. F. Smith's on Friday evening and had a grand time at their party. There were about fourteen couples in attendance.

We notice Miss Bessie Settlemeir of Albany visiting old friends and relatives in Tangent.

Miss Frankie Settlemeir one of woodburn's most estimable young ladies, is visiting relatives here.

Rev P. A. Moses of Corvallis was seen on our streets last week.

A SUGGESTION

The following is an important notice to tax payers; I have seen the report in the last Sunday Herald by the committee on ways and means, in which they stated that with all their reduction they will make they are still short in means to pay the floating debt of the city. I believe it would be a good policy for our honorable mayor and city council to donate their salaries to help to pay the indebtedness.

GATES.

Gates and the surrounding country has just been visited by the worst rain storm for years. It has rained or snowed without intermission for a month.

Mrs Alice Hayes and Mr Harley Foster were united in wedlock about two weeks ago.

Our legislators had better do something that will help the country if they wish to retain their jobs.

There is much suffering in these woods for the necessities of life at present. Some families have not enough to eat to stay the pangs of hunger, while others have about enough to last them a month or two.

From the reports your correspondent hears, Niagara has a candidate for mob violence. A Norwegian has a family of two girls and a boy besides his wife. He is trying to force his oldest girl, who is about fourteen, to marry an old man, who has a small sum of money which he wants to get drunk on, at last accounts the girl had refused to marry and was in hiding somewhere in hiding near Niagara.

Rev Hershner of Albany delivered two addresses before the people of Gates on Sunday. As the rain was rather wet he did not have many hearers.

The literary society is still in the ring, and keeps getting more aggressive. At the last meeting the paper was conducted by four editors with F. I. Bevis as editor-in-chief. It was well received and the way the members laughed one would suppose it had something funny in its sheets.

The populists are still pushing their organization. They have about 50 names on the roll and some more to follow. This precinct will go for the populists in June.

If Charles Clark does not quit showing partiality to the laborers of the O. P. and does not realize the present financial stringency among the material men, it is doubtful if he will have much track to run on. The men here are very bitter against the management, and they have a right to be, and if something does not happen pretty quick your correspondent is very much mistaken.

The Nurse's Delight

Every experienced nurse knows the value of a remedy which, without being an anodyne, will relieve soreness of the limbs or stiffness of the joints, and enable the patient to sleep quietly and naturally.

Just such a remedy are Aleoeks Porous Plasters. Placed on the chest or on the back, if necessary cut into strips and placed over the muscles of the limbs, they work marvels in the way of soothing and quieting restlessness. Being perfectly simple and harmless in their composition, they can be used freely, and many a sufferer has thanked them for a night of quiet rest, grateful both to him and those who care for him.

MISFITS

The sad news is told that Mrs Leasa will locate on the Pacific, somewhere in California.

W. E. Holmes writing to the Salem Journal in reference to destination up the Santiam says: I know that quite a large number of the boys are hard run, and that it would be all that they could do to get through, till spring work opened up but for want of the necessities of life I do not think it is a fact, in a single case, as yet.

The swine and the flower. I thank to meet a mud-enrusted swine, And then he seemed to grant, in accents rude, "Huh! Be not proud, for in this fat of mine, Behold the source of richness for your food!"

I fled and saw a field that seemed, at first, One giant mass of roses pure and white, With dewy buds 'mid dark green foliage nursed.

And as I lingered o'er this lovely sight, The summer breeze that cooled that southern scene Whispered, "Behold the source of Cot-tone're!" M. E. WILMER.
