Better Than Pills

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had almost decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of this Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

The readers of this paper will be pleased to learn that there is at least one divided stage that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood, and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the exhausted and enervated system, and thus curing the disease. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TRIBUTE

While it is over thirty years ago since Alcock's Porous Plasters were first introduced to the medical profession and public, the marked success and unprecedented popularity which they met with not only continues, but steadily increases. No other plasters have been produced which gain so many testimonials of high value as those continuously accorded to Alcock's Porous Plasters, and the only motive for their being a medicinal and pharmaceutical preparation of superior value. Additional proof of the true value of Alcock's Porous Plasters lies in the fact that they are being largely imitated by unscrupulous persons, who seek to deceive the public by offering plasters which they claim to be the same, "equal," "as good," "better," "best porous plaster," etc., while it is in general appearance only that they resemble Alcock's. Every one of the so-called porous plasters are imitations of Alcock's Porous Plasters.

Ed Veaney, Brockville, Ontario, Canada says:

"I have used Brandreth's Pills for the past fifteen years, and think them the best cathartic and antibilious remedy known. For some five years I suffered from a eruption of the skin, that gave me great pain and annoyance. I tried different blood remedies, but, although gaining strength the itching was unrelieved. I finally concluded to take a thorough course of Brandreth's Pills. I took six each night for nights, then five, four, three, two, and one each time by one, and then for one month took one every night, with the happy result that now my skin is perfectly clear and has been so ever since."

Teacher's Examination:

Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of county, the county superintendent of education will hold a public examination at Albany, beginning at 1 o'clock p. m. Wednesday, Feb. 14, 1894, and continue two days. A fee of \$1 will be charged for examination. Applicants for test papers should file their applications with the county superintendent at that time. Dated this 23rd day of January, 1894.

Expensive Economy.

Some people begrudge the little money that an Alcock's Porous Plaster costs, and then when they are racked with pain from the soreness arising from a cold, they will spend any amount of money to relieve the pain. If they only had one of these world renowned plasters on hand they would be saved a vast amount of suffering and be considerably richer. At the first sign of stiffness of the joints apply one of these plasters without any delay. The soreness will be greatly relieved at once and soon disappear entirely. It will be money saved to have them on hand, to say nothing of the comfort they bring.

VOCAL AND INSTRUMENTAL MUSIC.

Miss Warner has had a thorough education and is an experienced teacher. Her references are: Prof. H. A. Storey, William A. Frow and Mrs. Jennie Lee.

Self Praise. Self praise is no recommendation, but there are not times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Alcock's Porous Plasters are the only genuine and reliable porous plasters made is not self-praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them. Beware of imitations, and do not be deceived by misrepresentation. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.

The Best of Reasons.

The reason why Alcock's Porous Plasters are so popular is that they may be relied on to cure:

1. Lame back, sciatica, stiffness or twitching of the muscles.
2. Chest troubles, such as pleurisy, pneumonia, consumption.
3. Indigestion, dyspepsia, biliousness, kidney complaint.

The success, however, will depend upon the genuineness of the plaster used. The popularity of Alcock's Porous Plaster has been so great that multitudes of imitations have sprung up on every hand. The only sure cure is to get the genuine Alcock's Porous Plaster.
