J. O. Wilson, Contractor and ailder, Salphur Springs, Texas, mapeaks of Ayer's Pitts:

"Ayer's Pills are the best medicine I er tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been

Permanencly Cured

the use of Ayer's Pills alone: Third y chills, domb ague, bilions fever sick headache, rheumatism, flux, dys-pepsia, constipation, and hard colds. I ow that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, rould be found an absolute cure for the sorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spottsylvania C. H., Va.

In every election for the last quarter of a century the two old parties have elected part republicans and part democrats, as each elector endeavors to choose the best man, hence even the old hardshells of each party have concluded that they will not commit any great crime by agreeing upon certain candidates.

TRIBETE.

While it is over thirty years ago slace Alleock's Porous Plasters were first introduced to the medical profession and public, the marked success and unprecedented popularity which they met with not only continues, but steadily increases. No other plasters have been produced which gain so many testimonials of high value as those continuously accorded to Alcock's Porous Plasters, and the only motive for these exceptional tributes lies in fact of their being a medicinal and pharmaceutical preparation of superior value. Additional proof of the true value of Alcock's Porous Plasters lies in the fact that they are being largely initiated by urscumpilous persons, who seek to deceive the public by offering plasters which they claim to see the same, 'equal,' 'as good, 'better,' best porous plaster,' etc, while it is in general appearance only that they resemble Alleock's. Every one of the so-called porous plasters are initiations of Alrock,'s Porous Plasters.

Avoid dealers who attempt to prim off inferior and worthless plasters that are purpose of subritiution.
