OUT OF THE FRYING PAN Has come not a little knowledge as to cookery—what to do, as well as what not to do. Thus we have learned to use COTTOLENE, the most pure and perfect and popular cooking material for all frying and shortening purposes.

PROGRESSIVE COOKING is the natural outcome of the age, and it teaches us not to use lard, but rather the new shortening, COTTOLENE, which is far cleaner, and more digestible than any lard can be.

The success of Cottolene has called out worthless imitations under similar names. Look out for these! Ask your Grocer for COTTOLENE, and be sure that you get it.
