A GOOD INDUSTRY.—Mr J H Brown, representing the Lined Oil Works, was in town this week. He is engaged in making contracts for the raising of flax for oil purposes and furnishing seed to the farmers. A coop covered with pretty moss is in the rear for the proud mother.

A FINE THING.—Mr C L Beck, of this city, has been manufacturing vitrified brick this side of Portland. A sample inspected by the Democrat man shows the product to be a very superior one. Miss Hettie Drais, of Albany, is visiting friends and relatives at Gates and surrounding country.

C D Bevier made a trip to Albany on Saturday returning Tuesday with a team of horses.

We are having exceptionally good weather for March. The farmers have started their plows and harrows and everybody is confident of good farming weather for a week anyway.

The republicans of Marion county held their primaries last Tuesday. Delegates to the county convention: Charles Thompson, W T Foster, J L Read, John Hentim and John Shaw. The republicans will cast about 40 votes in Horeb precinct, democrats 16 and populists 55.

At last the republicans have scraped sand enough together to furnish a speaker for a joint discussion with the populists, but even now they will talk with only a backwoods school teacher. The republicans on 7 p m Friday, March 30th at Mill City, will be represented by T T Geer, the republican who wants to be governor, the populist by T J McClary, the crankiest crank of the Upper Santiam.

The question for discussion at the Gates Literary society at their last meeting was, Resolved that the democratic victory in 1892 is the cause of the present hard times. The affirmative was led by Ed Davis, the negative by F I Bevier. After a thorough discussion lasting some two hours in which it was plainly shown that Cleveland nor the democrats have nothing to do with the hard times, the judges declared in favor of the negative.

There is some talk of pleasures for the near future. The Ladies Christian Endeavor society is talking of giving a picnic on May day. The boys and young men are talking of pulling off the Fourth of July celebration at this place. Success to both.

One of the most foolish things in the U S is Coxey's army that is to march to Washington. It should disband. In the mean time congress should liquidate in the interest of the masses.

MISFITS

D P Thompson, Judge Denny, Ex-Gov Mooly, D W Fulton and T H Ford are in the middle of the candidates stream on the republican ticket, with about even chances at the present writing. General Compton and Judge McArthur, are the leading candidates on the democratic ticket.

A man and his wife, mining on Yreka Flats, found \$200 in gold under some boulders last week, a rich spot not disturbed during flush times of the '50 period, when the flats yielded rich returns without much labor or cost, as the diggings were shallow.

A conversation between two well posted politicians on the silver question was heard on our streets the other day. "I'm in for 16 to 1," said one. "Well, I am too, but say, what does that mean?" "Why, it means that we will have \$16 to every one we have now."—Ex.

The Oregon Populists in convention recently denounced the National Guard and yet Populist Gov Waite, of Colorado, hastened to summon the Guard of the state to enforce his defiance of the courts, and Gov Lovell called on the National Guard to enforce his defiance of the courts.—Journal.

Many persons who have studied closely the political situation here in Douglas county are of the opinion that populists will not poll nearly so large a vote as they did two years ago. Several reasons are given, the principal one of which is the lack of an able leader.—Blaindealer. In Linn county also their strength has been exaggerated. It would not be just to judge their strength by the amount of noise they make.

"Can I get this in?" said a man with a roll of paper in his hand, to an editor. "What is it about?" "It is a reply to Prof Huxley." "Not much you can't," said the editor and the man went away. Pretty soon another man came in with a roll of paper. "Can I get this in?" he enquired. "What is it?" "It's an item about a preacher and a deacon's wife." "You just bet your life you can get it in," said the editor. And so it is, some men succeed while others fail.

An Indian from the reservation dropped into a certain Klamath county town last week and proceeded to an undertaking establishment and ordered a coffin for a relative. The Indian handed the dealer a string to indicate the length of the desired coffin, and the latter not having one long enough, slyly cut the string to fit the short box. The Indian paid his money and taking string and coffin, hastened back to the reservation. A large crowd of sympathizing and wailing natives were on hand when the corpse was put in the coffin, but what was the consternation of the Indians when they discovered that the dead "Injun" had increased in size nearly a foot since his demise. The Indians were overcome with superstition and wondered greatly, but finally knocked out one end of the coffin and proceeded with the burial. We are not informed whether the Indian's head or feet are sticking out in the cold, cold ground.—Klamath Falls Express.
