GOOD EVENING

The Bill Passed.—The Statesman gets the following grain of comfort out of the Albany & Astoria Raifroad: On Tuesday last Senator Dolph had passed through the upper branch of congress a bill granting a right-of-way to the Albany & Astoria & R. Co. through the Grand Rends Indian reservation. We should not be surprised if this had some connection with a recent statement of President CP Huntington that the Southern Pacific would not soon build any more main lines, but that they would put out some feeders—among them a railroad from Sheridan to Astoria. With the building of this line Salem will have a railroad to the sea by building a motor line to Independence, twelve miles, or to Derry, nine miles. THE BILL PASSED.—The Statesman gets

CURIOUS DISCOVERY.—A B Owen, of Roseburg, made a curious discovery the other day in an oak tree which proved to be a small leather pouch which had evidently been placed there a long time ago and was almost concealed by a new growth about it. Within this pouch were several stock certificates in the "Thirty-one-Union Gold, Silver and Gold Mining Co.," an incorporation owning property in the Garden Bardistrict in Placer county, California. This stock aggregated 146 shares of \$100 cach, the capital stock of the company being \$120,000 and were issued to J A Manter on the date of Nov. 5, 1861—over thirty years ago. Each certificate has attached to it a 25 cent revenue stand. The question is who placed the papers in the tree, and when, and for what purpose? CURIGUS DISCOVERY .- A B Owen, of

The operation has proven to be entirely successful as Mr Harsman is taking nourishment and feeling quite well on this the minth day after the operation. So much for the success of modern surgery. Mr H J Peterson and son Henry, arrived in Albany this morning from Los Angeles, Calif., where they have been for a couple years. The fornier is seriously ill. A POUND PARTY.

The Albany Social club gave a pound party last evening that proved conclusively their ability to entertain their friends. The G A R hall was well filled with the members and invited guests of the club, about one-hundred seventy-five being present. The club appreciates the taste for good things by giving something for not only the social nature, and the inner man; but as well for the eyes and ears and brain. A pleasing program was presented. The opening wedge was driven by the orchesur. Mrs Frank Craw recited "The Vagabond" with elocationary effect. Georgia and Lottic Custer were neard in a duet, "Watching the Children Play, "responding to an encore with a comic song. They are becoming quite popular in their songs. The Merry Four, Will Hawkins, E Pentz, Lee Powers and Fred Bruckman, were heard in several selections, receiving the applause their skill on musical instruments entitled them to. Lillic Crawford recited "Lochnivar" with excellent effect, displaying a promising talent. Mike Gill sang a comic song, that received a live encore. Hose Mespelt recited "Kate Skelly" in a pleasing manner. A duet by Maggie and Mollie Hunter, "Why Did I Doubt It." was good. Martha Risley recited "The Rumsellers Sign Board" in an impressive manner. The program closed with a comic Irish dialect reading by Allen Chamberlin. Games followed fer an hour, when a palatable repair was served. Partners were selected by the drawing of the ladies' names from a hat, and the supper paid for at the rate of one-fitth of a cent for every pound of weight of ones partner. As 40 cents was the highest it cost any one this was not a calamity. Much sport was occasioned by this mode of paying for ones supper, More games followed and it was a litte hour when the happy company dispersod. A POUND PARTY.

MISETTE

A man in a neighboring town says that when he meets a hog now in the road he feels like taking off his hat to it. Because, he says, the American hog is the salvation of this country. When everything else fails, when wheat is low, and horses won't sell, when the farmer is at his wit's end to know where to get the money to pay his taxes and interest, the hog comes to his rescue and helps him out. Long live the American hog.—The Palles Times Mountaineer.

A practice common at county postofflees, is for persous who have locked boxes to try their keys in other person's boxes to see if it will fit or if the box is locked, very few know that they lay themselves liable to prosecution and fine. This act is a violation of "Uncle Sam's" postal law, and is punishable as such. A case occurred recently where valuable mail was taken from a box in a postoffice by parties unknown centry where variance mant was taken from a box in a postoffice by parties unknown. A young man was arrested for the theft, and although the crime could not be proven, it was shown that he was in the habit of opening boxes without permission, and he was fined \$300 and given one year in the positionities.

Mr. W. H. Toles

"One of the greatest mistakes people make is to lock the door after the horse is stolen, or in other words, to wait until they are sick in bed before they do anything for the poor body.
