The Era, a Y M C A paper published east has the following to say about a young man of Salem who trained the gymasium class in the Albany Y M C A last year for several weeks: "Mr Will Babcock is a living witness of what the physical department is doing for thousands of young men all over the country. Two years before the Salem association was organized, this young man was nothing but a bundle of skin and bones, and now he leads the young men of Salem in clean, manly athletic sport, and has by systematic exercise in the gymasium, built up a body that any young man might envy. He began to exercise to regain his health. He was so successful that he continued his work in the gymasium until he fully recovered. He is now a magnificent specimen of manly vigor, being six feet tall, and weighing 200 pounds. He is but 18 years of ago. His measurements are as follows: Neck, 14½ inches; chest, contracted 34; chest extended, 40; waist, 32; right forearm, 12; right uparm down, 14; left orearm, 12; right uparm down, 14; left orearm, 12; right uparm down, 14; left orearm, 12; right uparm down,

Mr. W. H. Toles San Francisco, Cal.

"One of the greatest mistakes people make is to lock the door after the horse is stolen, or in other words, to wait until they are site in bed before they do anything for the poor body. Neither my wife nor myself were real sick; I attended to my business, and my wife to her household duties daily. But we had dull, heavy headaches, and a little over-exertion would the street, and my another was very poor. So
