

Contractor Recovers More Goods From Hamilton's Great Fire!

In clearing away the debris of the great fire which destroyed Hamilton's stocks a few weeks ago, the contractor uncovered about six great dray loads of merchandise. This consisted chiefly of Sweaters, Knit Underwear, Hosiery, Silks, etc. It was practically undamaged—water-soaked only! Everything has been perfectly dried in the dry kiln and will now give you just as good service as ever! Everything goes on sale at tremendous savings!
