City News

Deah of Mrs. Mary Ohrt—
Mrs. Mary Ohrt died yesterday at the home of her daughter, Mrs. Minnie Mathews, at the age of 65 years. She had been an invalid for many years. She leaves two sons, Geo. Moss, of this county, and Ed. Moss, of Spokane, and two daughters, Mrs. Minnie Mathews, of near Junction, and Mrs. Della Kutsch, of Oakland. The funeral will be held tomorrow at 11 o'clock, at the home of Geo. Moss five miles southeast of Tangent.

Have Typhoid Fever—
Beatrice and Dorothy Holbrook, of near Brownsville, formerly of this city, are reported ill with typhoid fever.

Hornibrook in San Francisco—
Hon. W. H. Hornibrook and family were due to arrive in San Francisco today on their way to Bangkok, Siam, to make their home for a few years. They will sail on the Korea Saturday noon.

Never Too Old to Learn—
E. C. Roberts returned this noon from Corvallis, where he said he had been learning something. His son Ray, who has now been in the Wisconsin college over a month, is well pleased with his work, and likes the field.

Fletcher in Town—
F. J. Fletcher is down from his Foster farm, coming horse back, on a short business trip. He will return tomorrow.

The Christian—
In the photo play of Hall Caine's "The Christian," by the Vitagraph-Liebler Co., which will be seen one night, April 13 at the Opera House, presented by the All Star Feature Distributors Inc., the character of Father Lamphig is a note of unusual interest and spiritual courage. The character is played by Charles Kent, and has been one of the most appealing features of this wonderfully acted film. Mr. Charles Kent has been an actor of celebrity for many years and his performances in this character is regarded as one of the finest performances he has ever given.

Gone to Michigan—
Harry and Rose Meinert left yesterday for Sidney, Michigan.

Another Gone East—
Alvin Labner, of Lebanon, left yesterday on a trip to St. Paul, Minn. He will be gone some time visiting in Middle Western States.

Salem Women Here—
Mrs. C. A. Park and Mrs. H. J. Clements, of Salem, are in the city attending the series of lectures by Dr. Gaehelein this week.

Funeral at Stayton—
Hub Bryant went to Stayton this morning to attend the funeral of his sister, Mrs. S. M. Murphy, who died in a Portland hospital Sunday morning from the effects of an operation, at the age of 63 years. P. W. Goodwin, of Medford, a son also went to Stayton this morning. Deceased leaves seven children and her husband to mourn her death. Her first husband died about 18 years ago.

Pool Tournament Tonight—
Rexford and Case and Jenkins and Weider are matched tonight in the pocket billiard tournament at Robbins' billiard parlors.

Buick Man Here—
Mr. Aubrey, the service man of the Buick Motor Car Co., with headquarters in Portland, is in the city today inspecting the Buicks of this neighborhood. Mr. Aubrey continually travels over the state of Oregon, and wherever he finds trouble with the cars of his company he gives his services free to correcting the difficulties. This is the second year that the Buick people have maintained this department, and find it of great value to the owners of cars.

Bought a New Buick—
D. B. Hill, of Mill City, has just purchased a new two ton Buick auto truck and is having a body built in Portland to be used for both passenger and freight business. The stage will operate between Salem and Mill

Will Inspect Watches—
F. M. French left on the Oak Ridge train this noon on an inspection trip of the S. P. company employee's watches. Mr. French is the official time inspector for the company in this division. He will return this evening.

Linn County Gets Medal—
The county court is in receipt of a medal from the management of the Manufacturers and Land Products show, which was held in Portland last fall. Linn county was represented in the exhibit of the Willamette Valley Exposition Association, and this beautiful medal was for her part of the display. It is beautifully molded and engraved with the name of "Linn County" on the reverse side.

"The Idlers" a Good Show—
One of the best things ever seen here on the moving picture screen was presented at the Rolfe Theatre last night in "The Idlers," a society drama of English life and life in the American frontier. A large crowd turned out to witness the performance of such sterling actors as Catherine Countiss, Charles Richmond, Stuart Holmes and Claire Whitney. Every member of the cast is a star and combine to make a very notable production. The Rolfe management is to be complimented on securing the Charles Frohman Box Office Attractions for Albany, which show on the screen some of America's leading actors of the every day stage. The Charles Chaplin reel, "Gentlemen of Nerve," was the usual Chaplin scream. Both will be repeated tonight.

Will Present Amateur Play—
Harlan Talbert, of this city, who for several years has been doing professional dramatic work, is making arrangements for the presentation of a drama with local talent. He has secured his entire cast with one exception, and is now looking for another lady member of the cast.

Brownsville Barber Here—
Minor Jackson, of Brownsville, has been in the city today for the first time in several years. While here he was around seeing some of his old-time friends, of the days when he ran a barber shop in Albany thirty years ago. There has been so many changes about the city that it keeps him busy noting the improvements. Mr. Jackson is now 70 years of age; but declares his muscles are as steady as when a young man, and that he can strop a razor just as well.

Rhododendrons Now—
Passengers coming from the Bay today brought some fine bouquets of rhododendrons, a very popular flower that has an ocean ozone look to it that is always refreshing. It is worth a trip to the Bay to associate with a field of rhododendrons for a few days.

More Frost Predicted—
Heavy frost in exposed places is predicted tonight by the weather forecaster. The temperature for the past 24 hours preceding 8 o'clock was 66 to 41 degrees. The rainfall yesterday was .10 feet. The river remains at 35 feet above low water.

MAKES AUTO SPRINGS
IN ALBANY SHOP

An industry that has been growing up here under the very eyes of the people of Albany is an automobile spring factory. Few people realize that nearly every auto spring that has been replaced here for the past two or three years was made here at home. Frank C. Snyder has been turning out his products at his blacksmith shop on East Second street and saying very little about it. While his business has not reached any great proportions yet he makes a great many springs in the course of a year, and ships many to out of town points. Mr. Snyder has made all of the machinery that he uses in his process, including a large automatic sledge hammer. In fact, he has made nearly every tool in his shop. Besides auto

HOW TO GET FREE TICKET TO EXPOSITION

The rules of the "Free Ticket to San Francisco Exposition Contest" at the Rexall Store will be as follows:

This is not a contest for the most popular man or woman. It is the person who works the best and secures the most votes, no matter whether married or single, old or young.

How the votes are secured:

For every five cents spent at our store a vote is given with which you may vote for anyone you please. If you need a ten cent tablet it entitles you to two votes or you may need some soap, tooth brush, candy, paint, wall paper, or toilet articles. Anything you buy means votes. One vote for every five cents paid in our store.

Votes will be counted twice a week and the results published in the newspapers as well as shown in our window.

On June 30, at 8 p. m. the final count will take place and the person having the most votes will be declared winner and will be given a round trip ticket to San Francisco and return, absolutely free.

The Golden Rule

Are You Going to Move This Spring?

Be sure that the building to which you will move is equipped for Electric Light.

Electrically-lighted flats or residences are more desirable in every way. Landlords, appreciating its advantages from a dollars and cents standpoint, are installing Electric Light even in old buildings every day; the cost is very little.

You will enjoy your new home if it is electrically lighted. Electric light is more than brilliant, healthful and convenient; it is the most economical illuminant. The rates have been constantly reduced until today they are the lowest that they have ever been—easily within the reach of the humblest income.
