MONDAY, APRIL 26, 1915.

OREGON AND ALASKA.

Senator Lane recently advised young men to go to Alaska, declaring that is the nearest thing to the garden of Eden that has been discovered.

MISFITS

A deep dyed villain, or something else, slandered Yaquina Bay halibut and Editor Matthews gives him a piece of his mind.

A Eugene man started in business with \$1436, began advertising like a fiend, and now he has just sold out for \$35,000.

We all get into ruts, and how hard it is to get out.

The finest instrument in the world is the piano, and yet, dozens of men have told Misfits that it is a bore to them to hear even the very best player give more than two or three selections at a time.

Ice cream is a very fine thing, but one dish satisfies the average person.

A great many think it is a bore to have so much war news, but some things have to be told just the same.

One thing that can be borne and become monotonous with pleasure will be peace, and, to this end all should work.

Begin with peace in your own lives and talk it.

Talking a thing doesn't make it, but it helps.

The person will be better who talks health instead of disease. Suggestion is a fine thing, but it is not the whole thing.

Much of the evil of the world starts from constant wrong thinking.

WHEN answering classified ads, please mention the Democrat.

Gentle for lady or boy to handle. Also farm wagon, 3 in. tire, almost new, \$75. Six set double harness. Can be seen at the Palace stables. a5 m5

FORMER HARRISBURG MAN HERE FOR A DAY

Sam May, Portland, after a visit here at the homes of M. Senders, Al Senders and Adolph Senders, returned to Portland. Mr. May is a former Harrisburg man, a member for many years of the firm of May & Senders, which on account of the popularity of the name, continues to do business there, though both Mr. May and Mr. Senders have moved away from the city.

New Political Era in Chicago.

Chicago, April 26.—Elected mayor of Chicago by the greatest plurality ever given a major candidate in the city, William Hale Thompson tonight will be formally inaugurated head of America's second largest city.

Thompson enters into his duties with several radical and unique policies in regard to alleviation of the unemployed problem, conduct of the city's affairs, and police welfare on crime and criminals.

Perhaps the most unique policy the new mayor has declared for is his planned fight against unemployment. It is his expressed plan to have the council vote a sum sufficient to give every patrolman on the street a dollar bill. This dollar bill is to be given, at the policeman's discretion, to men or women out of work, whom the policeman knows to be deserving.

As to the business side of conducting the affairs of the fourth city in the world, Thompson has declared he will endeavor, whenever possible, to surround himself with successful business men, large or small, who will be willing to emulate his example and give up four years of their lives to the work of the city.

Mayor Thompson has strong opinions regarding Chicago's crime situation. He has not yet gone into detail as to what his remedies for the wholesale robberies, street hold-ups, etc., will be, but he said that crime and immorality can and must be checked by an honest and efficient police force.

Ticket Man in Portland—

W. D. Powell, the genial ticket man at the Oregon Electric, went to Portland Saturday evening for a couple of days' trip, and is again on duty.

Daily Democrat by Carrier, \$4 Year.

ALSEA RIVER ROAD, SIUSLAW NATIONAL FOREST

Forest service officials at Portland, announce that the Alsea River road, between Waldport and Tidewater, Oregon, will be completed in time to insure its use by July 1.

This road, which is two miles in length, is inside the Siuslaw National Forest, and will complete the highway between Waldport and the Willamette valley. Heretofore it has been necessary for all traffic to go by boat from Tidewater to Waldport. There was a road, but it was little more than a trail in places, and not at all suitable for heavy loads.

Trust on Trial.

Chicago, April 26.—The government and the alleged bill posting "trust" grappled today. Before Judge Kenesaw Mountain Landis, who plastered the \$29,000,000 fine on the Standard Oil, trial was scheduled today of the government's anti-trust dissolution suit against the bill posting combination, known as the "association of Bill Posters and Distributors in the United States and Canada."

Control of practically all the outdoor display and billboard advertising in the two countries by the "trust" is charged by the government, which has secured dozens of depositions from big advertisers said to have been victimized and "held up."

United States District Attorney Clyne, in charge of the prosecution, says it will be proven that seven advertising concerns collect one sixth in all advertising contracts of the combination and cover 3,500 towns, and no outsider can get one foot of space without dealing with them.

The concerns name as the controlling factors of the Association are the Associated Bill Posters and Protective Co., of New York; A. M. Briggs & Co., of Chicago; Nordem & Co., of Pittsburgh; Foster Selling Co., of St. Louis; Enos Troop, Inc., of Chicago; A. de Montzulin & Co., of Cincinnati; and C. E. Atchison & Co., of Atlanta.

The government alleges that 32 former concerns interested in the business have been "gobbled up" and put out of business by the trust.

Probe Penn. Labor Field.

Pittsburg, April 26.—Hearings on labor conditions in Pittsburgh and a wide territory surrounding it were opened here today by the Federal Industrial Relations commission. Sitings will continue in the Federal building throughout the week and will be public.

Big employers and labor leaders have been slated to testify. A number of lay workers will also be present and speak.

The Iron City Trades Council has arranged a program of entertainment for the commission. A banquet will be tendered it tonight.

Job Hunting in Alaska.

Washington, April 26.—Secretary Lane is still receiving applications for jobs on the Alaska railroad, despite elaborate explanations for many weeks that there are no jobs to be had—that the only government employees are a comparative few experienced engineers.
