The Gullota Trio Always Makes Good

IN professional circles the Gullota Trio stand high as individual artists and as a perfectly balanced organization. They will come here under the auspices of the seven day gathering known as a Chautauqua. An attraction expected at a large Chautauqua at Sycamore, Ill., canceled its engagement unexpectedly. At the last moment Gullota and his trio were sent to entertain them in place of the splendid company they expected to get. Going before a tired, waiting audience at 3 o'clock in the afternoon on a hot summer day, Gullota, with his charming group, began a program which simply overwhelmed those people with its beauty and richness.

Unlimited Conveniences Come With Electric Service

This is the time when house owners are making improvements—brightening and bettering their property—making it more desirable to live in—easier to rent or sell.

Electric service means cool comfort in summer—safety, convenience, charm and good lighting the year around. No greater aid to hot weather comfort can be found than that offered by electricity—for lighting, ironing, washing, cleaning, cooking and operating fans.

Have your house wired before the hot weather arrives. No other investment in or a round a residence renders so much in proportion to its cost as electrical equipment.

See your electrical dealer.
