### LAND VALUED AT OVER \$50,000,000 AFFECTED

Court However Grants Injunction Against Future Violations of The Grant.

(By United Press Association)

Washington, June 21.—The supreme court reversed the Oregon district courts forfeiture to the government of 2,300,000 acres of land in western Oregon valued at between \$50,000,000 and \$70,000,000, granted the Oregon and California railroad 50 years ago. This railroad and its successor, the Southern Pacific, failed, it is alleged, to dispose of lands to settlers as provided in the grants. The court, however, granted an injunction against future violations of the land grant by disposal through contracts and enjoined the railroad from the sale of timber on unsold lands until congress can conserve the federal interests.

### FEET TOO LARGE FOR SHOES.

County Court Escapes Buying Shoes Because New Zealander's Feet are Too Large.

A husky New Zealander limped into Judge McKnight's office Saturday and displayed one shoeless foot wrapped up in rags. The other foot was incased in a badly worn shoe. The court was appealed to to furnish a new pair of shoes, the derelict saying that he could not be fitted in Eugene, and that he had walked all the way to and was in a very bad condition. After sizing the man up the judge's heart got the better of him and the man was escorted to Stenberg's, McDowell's and other places where shoes were kept, but each passed up the job when it was learned that he wore number 12's. Unable to do anything for the man he was sent on his way and the judge is now chuckling over the fact that the county was saved the price of a pair of shoes because the man had too large feet.

### ALBANY WINS EASILY FROM S. P. & S. CLUB

Rexford Pitches Great Ball and Plays All Around Game For Athletics Sunday.

Albany Athletics came back strong yesterday, and by the aid of Darrall Rexford, walloped the S. P. & S. club of Portland, by the score of 9 to 2. The whole game was Rexford. He allowed but three hits and one base on balls, struck out 15 men, got one hit, made two runs, put out one and made four assists. Quite a day's work for one man on the diamond. He had excellent support, let it be known, however, and one tiny bobbie by Ryals was the only error by the locals all through the game. Every man played the game and the Portland visitors did not have a look-in once. The visitors' scores were made in the first and third innings. Albany made three in the fourth, two in the fifth and four in the sixth.

The S. P. & S. club used three pitchers in the game, and while Albany only got seven hits, the errors by the infield helped pile up the locals scores, assisted by five bases on balls. This makes six games out of ten won for the locals and they are looking forward to trimming the Junction City team when they come to this city next Saturday.

The Summary of the score follows:  
R H E  
Albany 9 7 1  
S. P. & S. 2 3 6

### ATTEMPT TO WRECK ARMORY

At Windsor, Canada, Dynamite Found in Armory, With Two Hundred Soldiers.

### HAD BEEN STARTED, BUT FUSE FAILED TO WORK

Laid to German Spies From Detroit, Crossing Bay Into Canada.

(By United Press Association)

Detroit, June 21.—An attempt to blow up the armory at Windsor, Canada, where the troops are quartered was made today simultaneously with the Peabody overall plant. Two hundred soldiers were asleep in the building at the time. A man on guard at 5 a. m. stumbled on twenty sticks of dynamite to which was attached a fuse partly burned. The authorities at Windsor believe German spies are responsible for the attempt and that they smuggled explosives across the border from Detroit during the night.

Windsor, Ontario, June 21.—One woman and two men are believed to be responsible for the explosion of dynamite which wrecked the plan of the Peabody overall company in Walkerville, and to have placed a heavy charge of the same explosive in an attempt to destroy the armory here, in which troops were quartered. Only the fact that a cap on the fuse failed to work properly prevented the explosion at the armory and the annihilation of 200 soldiers.

German agents are suspected. A suitcase containing 26 sticks of dynamite and bearing a clock work attachment was found in the armory early this morning. The cap exploded by the mechanism was faulty and the dynamite failed to go off.

We are furnishing a change of musical program every day and none of the talent will remain over one day. This is a decided advantage as it makes it possible for us to crowd a bigger program than ever into our week."

Professor Lee is about right, for never before in the history of Albany Chautauqua has such an alignment of talent been procured. From the opening day on July 6 to the closing engagement on July 13, there will not be a dull moment.

### POLICY HOLDERS WILL SUE FOR PAYMENT OF LOSSES

Suit to compel all the 7000 policy holders of the defunct Horticultural Fire Relief and the Oregon Merchants Mutual to indemnify them for their losses will be started in a few weeks by policy holders in the two companies who have not been paid the amounts for which they were insured. There is approximately \$33,000 in unpaid losses in the Horticultural Fire Relief and \$10,000 in the Oregon Merchants Mutual. The losses are divided among about forty policy holders.

Seven policy holders suffering losses by fire who have been paid their insurance are backing the move to force the other policy holders to indemnify them for their losses, as they are impatient at the slowness with which the assessments are being paid. They are from Medford, Lents, Estacada, McMinnville, Willbur, Albany and Gold Hill. The suit will probably be filed the middle of July.—Salem Statesman.

### A REMINISCENT ARTICLE OF MUCH LOCAL INTEREST

Fred Lockley in the Journal gives a very interesting account of the life of Mrs. Lewis F. Wilson, of Corvallis. She was the daughter of Mary K. Thornton, a niece of J. Quinn Thornton, after whom Thornton Lake, across the river from Albany, was named. Her father started in Oregon by working in the Richard Finley mill at Crawfordsville. On moving to Corvallis she went to the M. E. South college, now the O. A. C. Her chum was Frances Avery, who married Geo. R. Helm, a prominent Albany lawyer, known as the Lion of Linn. She was married when eighteen, which was rather old those days. She saw one b-side who was not yet twelve. In those days a woman of forty was "junty" and at fifty "granny." Now at 70 they are wearing lavender and white.
