Public Stenographer
If you want a public stenographer, bookkeeper, or a handy man for any clerical work, on short notice, call for "Public Stenographer." Bell 527, Home 75. Celebrate July 5 at Jefferson.

To the Business Men of Albany

Business fights shy of dead towns. A sure sign of a dead one is the lack of local pride. People who live in a live, prosperous town show it. Their stores are attractive, their streets clean, their homes are well painted. Nothing shows a lack of pride, a lack of prosperity, like paint-hungry buildings. Let's paint up. As the most durable and economical paint, we recommend

Dutch Boy Colter White Lead

and pure linseed oil, mixed right on the job, to suit the job. Have your painter tint it any color you wish. We carry all other paint necessities also. Consult us on that job of painting you have in mind. Today's the day.

HOLLY SCHOOL DISCUSSED.
Editor Democrat---Mr. Geo. Finley has a communication in your paper and capped by the "Lines" relative to the Holly union high school, and the writer thinks the friends of the school should have equal chance to present their views on the subject before the court of public opinion. In the first place, I would like to discuss this question open and above board as we do in the grange and as a brother granger, he at least will understand. In first place the contention at Holly is, it is more centrally located than any other district and as to the proposed consolidation, it is certainly more so than Crawfordville. And as to the other districts below there, they are as near to Brownsville where there is already high schools. Six of the schools mentioned are nearly all in township 14 south R. 1 W. One, I believe is in 13 south. So much for that. Holly is near the east side of that township. While the proposed high school district comprises part of 14 south R. 1 and 2 east, and most of 15 south, 1 and 2 east, besides a large tract acquired in the new Linn and Lane county line correction. The Maloon district is mostly east of the meridian line and there is talk of forming a new district from the east end of district 104 and 106 farther up the Calapooia, all farther away from Crawfordville, while the last named place is at the extreme west end of the district, as it should be. As there is nothing to be gained by the districts below that to come, this was as they can be served as well at Brownsville. Now, as Mr. Finley says, one school is enough and we think it should be centrally located. Crawfordville is four miles from Holly north of west. Brush creek is about four miles over the road over the hill and between 6 and 7 around by Crawfordville. The first district is about 3 and one-half or four northwest. Sheridan Ridge 104 about 3 miles south west, 106 about 3 miles southeast, and the proposed new district farther up the Calapooia in the same district. If there was to be no more of a settlement up this way, there would be no use to make any calculations in that direction, but this country cannot be always hermetically sealed up from development, and as there is no better body of agricultural land in the state than there is on these foothills and villages, the world will find it out sooner or later and every available acre will be occupied. Of course there is lots of timber on some of it, but when cleared is very productive. So our contention is when you

build a school house, put it where it will be nearest the greatest number of pupils. Holly has now 17 high school pupils that can attend school. Five others of the eighth grade pupils have been going to Albany. Two have graduated. If there was to be no more, it would be useless to talk high school, but every examination adds to the number. It is a physical impossibility for some of the patrons of these districts to send their children away to school and if the school cannot be brought near, the poor will go without the chance that the more fortunate have. The union high school law appears to be framed for the purpose of supplying that need and that those remotely situated from congested centers should have an equal chance. We in our attempt to organize a union high school at Holly, do not wish to work a hardship on any one but of service to all. But if we would consent to move the school away from us, the controversy would cease. J. R. SPRINGER. July 28, 1915.

WILL FIGHT FIRE BLIGHT IN THE VALLEY

Linn County Somewhat Infected But Effort Will Be Made to Stop It.

Fruit Inspector D. W. Rumbaugh has found quite a little fire blight in different parts of the county, some of it pretty close to Albany. A special effort is being made to blot it out, in which the O. A. C. specialists are rendering valuable assistance. Professors Lewis and Bailey have made an investigation and find it exists in Benton, Lane and Linn county, in this county along the western part south of Albany. Commissioner Parks, who is over this district has proposed to Governor Withycombe that fifteen or twenty convicts be utilized for the work, keeping the disease in the present limits. Insects are said to be the principal source of carrying the infection, especially during the pollination season.

City News

Stood High---Dr. M. B. Marcellus, who is a major of the medical corps of the Oregon National Guard, received information yesterday that he had passed with an average grade of about 90 per cent the basic course in a correspondence school conducted by the government for medical officials in the organized militia.---Oregonian. Dr. Marcellus is an Albany College graduate, hence the high standing.

Left for Berkeley---Miss Bessie Merrill and brother John left last night for Berkeley, Calif., where they expect to remain two years. John, who recently graduated from the high school, will enter the University of California, and his sister will keep house for him.

Corvallis Man in War---Elisha T. Berger, a son of R. E. Berger, of Corvallis, was recently wounded in the European war, while fighting with the Canadian forces. Berger is a civil engineer, and, while working up in Alberta, enlisted with a company from there. He began the French campaign the last of April.

A Trip to Corvallis---A pleasant evening ride, is up the west side to Corvallis. The oiled road is good all the way to Corvallis, making the trip a treat to autoists. If a contrast is desired a return trip on the Linn county side will show it, particularly for two or three miles out of Corvallis. After that the Linn county roads offer good travelling. No matter how warm an evening is an auto ride is cooling and refreshing. If not sufficiently refreshing there is a place in Corvallis where large crowds may always be found doing the ice cream act.

Very Slow---It took the judges and clerks in the third ward at Corvallis 36 hours of continuous work to count the ballots in the recent election. About five hundred votes were cast in that ward. The total vote in the city was about 550. The women voted heavily.

Former H. S. Student---Howard Tregilgas, U. O. student, formerly of the Albany high school, was in the city last evening on his way to Roseburg. He has been at Hood River recently, but may spend the summer at Roseburg.

A Great Moose---John J. Davis, who is to speak tomorrow afternoon at the Moose hall, is the man who took the order with a membership of 250 and pushed it up to 750,000. He is the greatest of Moose. He will speak at 2 p. m. Friday.

Mrs. C. W. Sears went to Portland on an early train this morning. Mrs. Roy Towers and Mrs. H. P. White went to Portland this morning. Mr. and Mrs. C. E. Tomlinson went to Mill City on the morning train.

ALBANY, OREGON

LEFT ON A TRIP TO PARMELIA LAKE

Ralph Knotts and Nine Boys Start Out for Parmelia Lake for Vacation Trip.

Starting this morning, Ralph Knotts of the First National Bank, and nine of his S. S. class, in the Grace Presbyterian church, had their camping outfit checked for Detroit, up in the hills on the C. & E. The arrangement was to go from there on a hike over the trail to Parmelia Lake, and fish and camp and take in mountain scenery for a couple of weeks, altogether, from the time of leaving Albany. They had a good supply of eatables, well equipped for the trip. The boys were: A. Talbert, Joe Kitchen, Gordon Little, Wilber Brookman, Jesse Ellis, Elden Hackleman, Kenneth Goins, Albert Sandstrom and Jay Willard.
