Established in 1865.

FRIDAY, JULY 9, 1915.

THE HOLT CASE.

Another man with wheels in his head has gone wrong, one Frank Holt, or whatever his name may prove to have been. A former college professor seems to have gotten some wheels in his head, causing the gray matter to revolve too fast for the size of the cranium, and the result was an attempted tragedy and oblivion.

There may be side lessons in the incident. Morgan is probably interested in making money out of the war in the matter of furnishing supplies.

Another thing. Many things are being done in the world that are very distasteful to individuals, causing personal offense. It is, though, not the province of the man offended, to settle the matter personally.

In a way the death of Holt is a fortunate one. Had he lived he would, though as sane as most people, undoubtedly have been found to be incompetent and sent to some asylum and, on account of the prominence of the case, the country would have been given another Harry Thaw fiasco.

WAR TALK.

Dr. Lewtas, who was in Europe, and came in touch with men, says there was displayed everywhere a bitter determination to fight to the bitter end, and to either win or die. He thought it might mean a long contest, to end only when someone is conquered.

MISFITS

Women like to see independence in other women.

The woman who improves her cooking knowledge is adding materially to the family asset.

We give up all these questions about why Albany people are not going to be allowed a five minute look at the liberty bell on the 15th.

If Constantinople is the cause of the war the whole thing is a colossal mistake.

There is an impression that England has not yet gotten into the war seriously. It is said that there are hundreds of thousands of men getting ready, with a big equipment, to make a stroke of an effective character at a near day. Rumors, though, grow on any old bush.

A man wanted to sell a poem. What do you know about that.

That's some fierceness when war gets so awful nurses have to talk about frivolous affairs in order to retain sane.

Just after one has gotten an exalted opinion of the hero in the movie, he takes out a cigarette, strikes a match on the bottom of his shoe, and lights it.

Dr. Hillis should have been given an evening date when everybody could get out to hear him, perhaps the best feature of Chautauqua.

The Republican papers are all blessing the dear sheep, with their coats of 80 cent wool. A couple of years ago it was 40c.

People who waste in little things, so so in the big things of life, often keep their noses down at the grind stone.

Hustle the most when things are quiet. Never be a clam.

Twin Tires?—No

One's a Goodyear as It Might Be The Other Costs Us \$1,635,000 More

This is to prove that you can't judge tires by looks.

Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values. And those unseen extras, on this year's output, will cost us \$1,635,000.

No Price Excuse

This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete

with the Goodyear, because of our matchless output. None does. Goodyear excels all other tires in at least five important ways.

You Deserve It

You deserve the Goodyear quality when you buy a tire. You deserve Fortified Tires, with the No-Rim-Cut feature, the "On-Air" cure, our extra-strong fabric, our number of plies. You deserve in anti-skids our All-Weather tread, tough, double-thick and resistless.

These things have brought Goodyear the largest sale in the world. They are saving our users millions of dollars yearly.

They are at your command. Any dealer, if you ask him, will supply you Goodyear tires. (261)
