EDITOR PIPER SPOKE WELL.

The most forcible utterance before the International Press Congress, says a correspondent, was that of Mr. Edgar B. Piper, of the Oregonian, who protested vigorously against the state and government laws that go far to restrict the real usefulness and service of the newspapers of the land.

Superlatives have to be handled with minute care, using the very latest scales. Not much rest for the president. Wherever he is it is work. The hardest work in the world is the use of the brain.

A correspondent asks the Oregonian to name the two leading lawyers of Portland. Of course it doesn't dare to do it, and we wouldn't dare do it in Albany. This warm weather is dollars to the crops.

It pays to be careful when driving an auto. Just a little, and it's goodbye Reckless Jimmy.

CLAIRVOYANT AND PALMIST. Madame LaMar, the gifted clairvoyant, who has been in Albany for the past three months, is located at 106 4th street, corner of Lyons, where she can be consulted daily, from 10 a. m. until 9 p. m.

MISFITS

The man who says "Is it hot enough for you" should be a good dodger.

The big concerns of the world that are successful are so because of the modern methods which enable them to save every particle. It is said that even the squeal of the pig is used for something.

There are different ways of becoming famous. Charley Chaplin's is one.

T. R. doesn't seem to be disturbed very much over the flight of Moose.

Americans may have a right to go wherever they please; but good judgment suggests that powder barrels and Europe are good places to keep away from.

Goodyear Fortified Tires Cost Users \$5,000,000 Less

Our last price reduction—made February 1st—will save Goodyear users about five million dollars this year. And that was our third reduction in two years, totaling 45 per cent.

Yet Note This Yet Goodyear Fortified Tires embody many extras. Five are costly features found in no other tire. The rest are found in few. If we omitted those extras, we could save on this year's probable output \$1,635,000. We could add that to our profits, yet Goodyear tires would look as good as now.

This year's improvements alone will cost us \$500,000 this year. All to give you extra wear. And we shall spend \$100,000 on research this year to find more improvements still.

They Are Yours These extras belong to you. They mean less rim-cuts, less blowouts, less loose treads. They mean more rubber, more fabric, more mileage, less trouble. Most tire users know that, so Goodyear tires far outsell any other. Prove it yourself this summer. It will bring you tire contentment.

Any dealer, if you ask him, will supply you Goodyear tires. Men are now adopting Goodyear tires faster than we can supply them. We have never seen anything like it.
