MISFITS

If five million men have already been murdered in the European war how long will it take to end the slaughter?

If the murderers were to be electrocuted how much juice would it take?

This controversy between the U. S. and Germany is the old one of "It does and it doesn't."

Arguments as a rule are self-centered affairs.

Wonder when England will get in to the war.

Some of the professional movie actresses must get tired of the storm of osculation.

Not much in kissing if it is an iceberg affair.

What counts is how a person uses ones money as one goes along, not how it is used after one is dead.

Sending two painters from Philadelphia to do an Albany job with many first class painters in the city wanting work is one on the Hub.

For red tape our Uncle is truly an odd genius.

Like a good many other things of modern invention the submarine is here to stay, the trickiest little under-water cuss that ever flopped a fin.

And why doesn't England do the sub. act more promiscuously and bust up some of those Heilogoland combinations?
