MOTOR CAR

Comfort and Economy Contribute Largely to the Pleasure of Week-end Trips

The sensitive springs, together with the wide seats and deeply tufted cushions, insure comfort to the passengers on any road. The gasoline and oil consumption is unusually low and the tire expense is trifling.

The motor is 30-35 horsepower. The price of the car, complete is \$880 Albany, Oregon.

J. J. Collins was in Salem yesterday afternoon.

A. D. Beckley, of Portland, has been in the city, while on a trip up the valley selling furniture.

PORTLAND MEN GO TO MARION LAKE RESORT

A party of prominent Portland business men arrived here last evening, spent the night at the Hotel Albany, and left on the morning train for Detroit, from where they will pack into Marion Lake and spend two weeks hunting, fishing and having a rest from business cares and city life. In the party were Dr. Wm. M. Campbell, Louis G. Clark, of Woodard, Clark Drug Co., H. C. Wortman, of Olds, Wortman & King; Rosco Overbeck, of the Overbeck, Cook Co. equipment merchants, and Ray Wynter, of the Wynter Photo Supply Co. A Japanese servant accompanied the party as cook.

All expressed themselves in a hopeful way regarding business conditions and expect to see things back on a normal basis before very long. They were agreeably pleased with Albany and commented favorably on the splendid appearance of things.

Elks to Attend Jinks—

A crowd of about 50 Elks will leave Albany at 6 o'clock tomorrow morning over the Oregon Electric for Eugene, where they will join a special train of Elks leaving for Cottage Grove where there will be held a High Jinks. About 700 of the catered herd are expected to participate in the festivities.

K. of P's to Attend Funeral—

A large number of Knights of Pythias will drive to Jefferson tomorrow to meet the body of the late Charles Warner and attend the funeral at Selo.

DR. JONES HAS MOVED FROM SODAVILLE TO ALBANY

One of Four Albany Physicians Who Have Been Practicing Fifty or More Years.

Dr. D. M. Jones, and daughter, Miss Rosella, this week moved from Sodaville, which has been their home for a good many years, and are now residing in their fine new bungalow at Fifth and Railroad streets, where the Dr. will have his office, with all the latest electrical appliances. The Dr. was a pioneer physician of Albany, practicing here for a good many years before going to Sodaville to reside. This city has now four physicians who have practiced fifty or more years, the others being Dr. J. L. Hill, Dr. L. E. Tracy, and Dr. Myers.

Dr. Hill and Dr. Jones have practiced continuously in this county since beginning their professional work, and both continue to be vigorous in health and active in practice.

Went to Lyons—

County Fruit Inspector D. W. Rumbaugh left on the morning train for Lyons where he will inspect orchards in that vicinity.

Back on Job—

Tom Riley is back on the job as conductor of the Corvallis-Hoover train after a ten days outing with his family in the mountains near Detroit.

DR. D. N. ROBERG

(Continued from Page 1)

kept a thing that has not been done in the past. The purpose is to keep the record to use in courts, to establish rights to property, to comply with labor laws, in fact it is a uniform and thorough system to get all birth certificates from the counties. Unless an exact record of births is kept it is impossible to comply with labor laws in all cases, or where definite data is desired. In cases involving the collection of life insurance money public records of both birth and death will make the settlements easier.

With deaths the system insures the prompt return of death certificates which will prevent the spread of many diseases. In many cases deaths are preventable if the facts are known by the authorities in time. Where the disease is contagious if the death is reported within the required 72 hours, its spread can be stopped by the officials taking immediate preventive measures.

In speaking of the new law, Dr. Roberg said: "Farmers emphasize the importance of stock registration and pedigrees. A good farmer will not buy a cow, bull, sheep or swine that is not registered and has no certificate to show that it is of good strain and a desirable animal. Children have been neglected. We will now have the same system for children as we have for animals. The system is new in the United States, but it has been used in Europe for over a century. The benefit

of it can readily be seen." The new law goes into effect as fast as the counties are districted, and will be in operation in Linn county Monday. Dr. Davis will no longer be county health officer, but will be the register for the district noted above.

Dr. Roberg has but recently returned from the Orient, having been sent by the federal government to make a special study of tropical diseases in China, Japan and the Philippines. In Manila the University of Philippines conferred the degree of Doctor of Tropical Medicine upon Dr. Roberg, a degree that but few men have received.

Waldo Anderson & Son

When thousands of motor car buyers all over the United States patiently wait for the delivery of their orders, there's a reason for the popularity of

Pioneer Builders of

Valve-in-head Motor Cars

Pioneer Builders of

Valve-in-head Motor Cars

The 1916 Buick "Six" found the popular chord of the wants of the American people. No car has ever had such an immediate response from a critical public. The Buick factory is swamped, and the original estimate of 60,000 cars this season will be entirely inadequate to supply the demand.

Many local orders are now waiting delivery. Another carload will arrive in a few days. Get your order in now for early delivery.
