TURKEY'S DAYS ARE NUMBERED

Said Evangelist at the Cotton Tabernacle: Only Matter of Few Years.

WILL BE SWEEPED OUT OF EUROPE INTO PALESTINE

Second Coming of Christ to Be Preceded By Armageddon, 30 Miles North of Jerusalem.

"Turkey is an intruder in Europe. In his religion, his politics, his race, he is oriental. But his days are numbered and his death will usher in Armageddon which is followed by the second coming of Christ," said Evangelist Meltejohn last night at the Cotton Tabernacle, corner Seventh and Ferry streets, in his lecture on "What Happens When Turkey Falls."

The speaker introduced his subject by a study from the eleventh chapter of Daniel. Reading the first three verses the speaker said in part: "This prophecy was given in the first year of Cyrus as well as Darius for they ruled together. And there three kings were Cambyses, Smerdis, and Darius. Following them came the fourth king which 'stirred all against the realm of Grecia' Xerxes. The mighty king that ruled was Alexander the Great. Upon his death his kingdom was divided to his four generals after some fighting. And later it was ruled by only two, Ptolemy had Africa and Seleucus had Palestine and the northern part of the dominion. Whoever rules in that territory is the king of the north—Turkey, now rules there, hence he is the king of the north.

Attention was then called to the last part of the chapter beginning with the 36th verse and on to the 39th. It was clearly pointed out that the power spoken of in these verses is France. Verses 40-50 were then read, after which the speaker said, "The period known as the 'time of the end' began in 1798. And at that time Napoleon went down into Egypt and Egypt—the king of the south—merely pushed at him. But Turkey—the king of the north, went against Napoleon with such fury and support that the great conqueror had to beat a retreat. The Turk held the 'glorious land'—Palestine, and Egypt did not escape. And troubles 'out of the east'—Persia—and 'out of the north'—Russia, did trouble the Turk about 1853 and brought on the terrible Crimean war. But Turkey will eventually place his policy between the seas in the glorious Holy mountain—Jerusalem, 'yet he shall come to his end and none shall help him.' Other prophecies were then read showing the same thought. Joe 13:9-13 says that the nations will gather in the valley of Jehoshaphat, near Jerusalem where God judges them. Ezek. 38:14-23 shows that in the latter days the nations shall go against the land of Israel or Palestine. Following this comes Armageddon. Rev. 16:12-16 shows that the river Euphrates is dried up to make away for the kings of the east. Thus Turkey ceases to exist in Europe and Asia, and the nations go up to Palestine and fight the battle of Armageddon. Then Dan. 11:45 says that he is to come to his end, and Dan. 12:1 says that at that time Michael—Christ—shall stand up and take the kingdom, which is the coming of Christ.

Special music was given and greatly enjoyed. The subject announced for tonight is "30 Other Reasons Why We Must Believe Christ is Soon to Come." These reasons will be given from the Bible.

Notice to Automobile Drivers. Notice is again and for the last time given to those who are disposed to ignore the traffic ordinance relative to the proper lights on automobiles, that said law will in future be enforced.

It has come to my knowledge that the percent of drivers who disregard this law is rapidly growing and a vigorous campaign will be inaugurated against them hereafter.

GRIFF KING, Chief of Police.
