

Well, the Weather Is Certainly Fine Now. Just Cool Enough to Be Pleasant in the House. It Is a Fine Time to Make Girls' School Dresses

September twentieth will soon be here and the school clothes should be ready at that time. You will not find more pleasant weather for making school clothes than now. You will not get a better selection of materials here as our fall patterns are now on display.

Devonshire, romper cloth and galatea make splendid school dresses. The materials wear well, and are neat. We have romper cloth, in light and dark shades, plain and stripes, fast colors, sun and water proof, 32 inches wide, and only costs per yard

15c

Ottoman cloth is a very satisfactory material for school dresses, also poplins. We have both fabrics, 28 inches wide, price per yard

25c

Wool challies, in pretty new designs, neat, comfortable, warm, a cloth well adapted to school dresses. Price per yard

50c

Wool plaids, all wool, 40 inches wide, fast colors, washable, light and dark shades, an exceptionally good material at a very reasonable price, yard

65c

Corduroy, in all colors, if you want heavy serviceable suits and dresses, here is a splendid material. Price per yard

RIVERSIDE ITEMS AND PERSONALS OF INTEREST

Mrs. C. Anthony, mother of Mrs. Caldwell and Mrs. Atkeson, was buried Tuesday afternoon from the M. V. E. church at Albany. A large crowd of neighbors and friends attended the funeral. The bereaved family have the sympathy of the entire community.

H. F. Lee was in Corvallis on business.

The E. T. C. club was entertained by Mrs. Jas. Caldwell at the home of her mother, Mrs. Gourley-Wills. A very pleasant afternoon was passed in fancy work, conversation and visiting, the new house being built across the road for Mr. and Mrs. Caldwell. Refreshments were served. The following members were present: Meadames Leslie Stelmacher, Dent

Stewart and Misses Margaret and Dora Stewart, Florence and Olivene Eastman, Beatie and Sadie Bell, Bertha Beck, Emma Laubner, and Golden Miller.

Rev. Radebaugh preached at the school house Sunday afternoon. He will preach again next Sunday afternoon at three o'clock. All are invited to hear him.

Body Found in Submarine F-4.

(By United Press)
Honolulu, Aug. 31.—One body was found in the middle of a compartment of submarine F-4. The work of digging in the sand, mud and debris which fills the diver was resumed this morning after it was placed on the drydock. Now it is believed the bodies of all trapped in the vessel will be recovered. With the discovery of the first body, Naval Constructor Fayer said he believed others will be found and could be taken out.

GREAT UNCLE OF GROOM WITNESSES MARRIAGE LICENSE

Edwin F. Fortmiller and Miss Julia Crowell were today granted their marriage license. The wedding will take place in the First Presbyterian church this evening at 8 o'clock before a large gathering of friends and relatives of the popular young couple.

The witness to the affidavit for license was Mr. John Althouse, aged 85, great uncle of Mr. Fortmiller.

Wade H. Spurlin, 26, of Harrisburg, and Eva May Garrett, of Halsey, were also granted a license today.

SALEM USES 2,673,325 GALLONS OF WATER DAILY

Residents of the city of Salem used up 975,763,900 gallons of water during the year ending June 30, 1915, and the pumping plant pumped a daily average of 2,673,325 gallons of water into the mains, according to the annual report of the Salem Water Co., filed yesterday afternoon at the office of the public utilities commission. The report also contains the chemical analysis of the water which is being used by the residents of this city, and Dr. P. W. Byrd says the water is 98 per cent pure. It contains but two colonies of bacilli to the cubic centimeter, and no gas. Two colonies of microbes to the cubic centimeter is a small average and the absence of typhoid epidemics in this city is evident testimony that the water is above the average for the city of the valley.

The total amount taken in by the company in the past year was \$72,834.22 and \$40,950.48 was paid out for operating expenses, \$8,777.90 went for taxes, and interest and other miscellaneous purposes required \$14,150, leaving a net income of \$8,964.84 to be divided among the stockholders. There is \$800 worth of common stock of which \$416,300 is outstanding.

For labor about the plant and power and fuel the sum of \$12,000 was paid out, and the federal income tax was \$194.68. The report states that the reservoir contains 2,171,812 gallons and that the intake is 2646 feet from the pumping plant. The intake is 16 feet below the low water mark of the river.—Statesman.

TWO MORE SUITS FOR DIVORCE ARE FILED

Woman Asks For One Divorce and Man Is Plaintiff in Other.

A complaint for divorce was filed yesterday by Sadie E. Crabtree vs. Thomas J. Crabtree. The complaint sets forth that plaintiff and defendant were married June 3, 1903, and one child, a boy aged 10, is the only issue of the marriage, whose custody the mother asks.

Plaintiff states that during the 12 years of their marriage, she has been forced to live in hop yards, logging camps, etc., never having a permanent home of her own. She has often been subjected to insults and vile proposals from men in logging camps and her appeal to her husband to protect her and defend her from such attentions have been without avail. The defendant is described as a large, strong man, of abnormal desires, and plaintiff finds it impossible to live with him longer.

Another suit for divorce was filed by Mart A. Bruer vs. Carrie E. Bruer. The couple was married Aug. 27, 1902. August first, 1914, defendant left the plaintiff and has since remained away. Three children, aged 12, 10 and 8 years, now reside with plaintiff at Lebanon.

Bids Wanted.

The board of directors of school district No. 5, Linn county, Oregon, invite sealed bids for grading and leveling the school and play grounds at the new Central School building. Profile and engineer's estimate of the work to be done may be seen at the office of the clerk.

Bids will be opened Tuesday, Sept. 7, 1915, at 4 p. m. The board reserves the right to reject any or all bids.

ALFRED C. SCHMITT,
Chairman of the board.
J. L. TOMLINSON,
Clerk.

OREGON BUILDING CONTINUES CENTER OF ATTRACTIONS

More Eastern Oregon Popcorn, Tillamook Cheese, Apples, Loganberries and Prunes.

Eastern Oregon's popcorn recently proved such a hit at the Oregon building that "Popcorn Day" is to be repeated by J. A. Lackey, director of the Eastern Oregon exhibit. A large quantity of what is said to be as fine popcorn as experts here ever saw has just arrived from the empire east of the Cascades on some day early in September 25,000 sacks will be ready for the crowd. Eastern Oregon is trying to establish markets for its superior popcorn and is likely to accomplish it by this method.

Tillamook cheese is also to be given away, but this is to be a continuous performance. Each day henceforth samples of this superb product will be given all comers by a demonstrator representing Parrott & Company, the San Francisco concern handling the Tillamook cheese.

Roseburg and Douglas county are figuring on an apple day at some early date. It is the plan to send a levy of girls and several tons of apples and cut a wide swath. Douglas is one of the big counties that has no exhibit here, but it proposes to get into the game some way. It is a fact commented on here occasionally that there is considerable inquiry about Douglas county, and that a number have signified their determination to go there, some of them having investigated before.

The Willamette valley loganberry and prune are being demonstrated semi-occasionally and that both are in great favor is evidenced by the number of grocers now coming to book orders or to get information. In a two hour demonstration one day last week no less than thirty-three orders were taken for loganberry juice. This juice is being demonstrated at the Emporium, the largest department store in San Francisco, and there is no question in the minds of any but that this product, with proper exploitation, will develop plants in Oregon that will require all the loganberries possible to raise even in this prolific region.

F. M. Sherman has come from Lebanon to replace his exhibit in the palace of Agriculture. He has an extensive exhibit designed to show what can be raised on a ten acre farm in the Willamette valley. This has attracted great attention, and with a complete new dress of the superb specimens from this year's crop, the exhibit will be a winner for Oregon.

If George M. Hyland can accomplish it, the Oregon building will be preserved along with the Fine Arts Palace, and the dome of the Horticultural Palace. The matter has been broached to Exposition officials and it is said that President Moore and Commissioner R. B. Hale have given the idea their hearty endorsement.

Oregonians will be glad to know that school methods now in vogue in both city and rural school throughout the state are counted in the forefront by educators throughout the country. During the time the National Education Association was in session here, hundreds of the leading educators spent much time at the Oregon school exhibits in the Oregon building and Palace of Education, were enthusiastic in praise of the work so effectively attempted.

The mining exhibit has been granted six more silver medals, these on marble, granite, coal, carving and a mining map by Director Fred R. Mellis. C. N. Ravlin, director of horticulture is making a terrific row over failure to recognize Hood River vinegar.

FOR SALE OR TRADE—Good horse, weighing about 1100 Brooks to ride, and drive single or double, gentle and trusty. Will trade for a good cow. Call Fortmiller Furn. Co. a30-s1*

That Six Cylinder Alarm Clock is the finest clock ever put on the market. See them at F. M. French & Son's, Jewelers.

Notice to Contractors.
Mr. W. H. Tooley, R. F. D. No. 2, Albany Oregon, clerk of school district No. 32 Linn County, Oregon, will receive bids till 2:30 o'clock September 4, 1915, for the erection and completion of a new school building to be built at Millersburg, Oregon.

All bids shall be accompanied by a certified check for the sum of one hundred dollars, made payable to L. R. Reynolds, Chairman, as a forfeit to reimburse said district should the bidder fail to contract and give a sufficient bond for the erection and completion of the said school building. The school board reserves the right to reject any and all bids. Plans may be had by applying to A. C. Jenkins, architect, Albany, Oregon.

L. R. REYNOLDS,
Chairman.
