GREECE GOES TO SERBIA'S DEFENSE

WMI Help Prevent Bulgaria Dominating the Balkan Country.

ENTIRE GREEK CABINET RESIGNS, CAUSING CHAOS

Roumanian Troops Also Going to the Front Ready For the Coming Slaughter.

(By United Press)
London, Oct. 6.—The entire Greek cabinet has resigned, according to an Athens dispatch. The resignations came following the resignation of Premier Venizelos.

Paris, Oct. 6.—In spite of the resignation of Premier Venizelos, Greece will not stop landing troops for Serbia's defense. It was officially announced after the French cabinet held a session with President Poincaré. There has been some doubt whether King Constantine's failure to uphold the premier's course was a result of a change in the Allies' plan. Greece protested against the landing, though Venizelos favored it personally. The protest was understood to have been a formality, inasmuch as Greek laws required legislative sanction before foreign troops could take such action. Simultaneously, more troops were reported landing at Salonika. It is officially intimated that the allies count up the Greek people's support to prevent Bulgaria from dominating the Balkans.

Paris, Oct. 6.—Turkish troops are marching to Bulgaria to join the Bulgarian forces, dispatches reported.

Athens, Oct. 6.—Roumanian troops have been dispatched to the Bulgarian frontier, according to a Bucharest dispatch. Roumanians are concentrating near Gurgevo. It is reported that the young reserves have been called to the colors.

London, Oct. 6.—Bulgaria has finally decided to cast its lot with the Austro-Germans. The ultimatum which she today delivered to Serbia demanded immediate restoration of Serbian Macedonia.

Bulgaria gave Serbia 24 hours in which to reply definitely. Moreover, Bulgaria rejected the demands of the Russian ultimatum, which ordered a severance of the relations with the Central Empires, according to Petrograd dispatches. The relations between Bulgaria and the Allies may possibly be severed before the week end.

E. L. THOMPSON BOOSTING FOR BETTER DAIRY STOCK

One of the best movements in the Northwest is that of the improvement of live stock, putting it in a high-grade basis. E. L. Thompson, a former Albany man, now a leading Portland business man, is said to have one of the finest dairies on the coast, composed of Jerseys, which is kept in a model arranged dairy equipment. In a letter recently written Mr. Thompson had this to say of the Pacific International Live stock exposition to be held at the stock yards at Portland in December:

"The work you have in hand for the Fall Livestock Exposition should have the most sincere and cordial support of every citizen throughout the Northwest.

"The progress already made in this territory in the way of improving the blood of dairy cows and fat stock has accomplished wonders. The annual dairy products of the Northwest have increased from a few thousand dollars to many millions of dollars, certainly one of the Northwest's greatest assets as it stands in the front rank with fat stock, wool and sheep, while hogs especially have shown a remarkable increase in numbers, and as prof-

PRESIDENT WILSON WILL VOTE FOR WOMAN SUFFRAGE

Formal Announcement That He Will Take Position Simply As Private Citizen.

(By United Press)
Washington, Oct. 6.—President Wilson announced today that he would vote for the Woman's Suffrage amendment in the New Jersey special election October 19. The president authorized the following announcement: "I intend to vote for Woman Suffrage in New Jersey because I believe the has come to extend that privilege and responsibility to the women of the state, but shall vote not as a leader of my party in the nation, but only upon private conviction as a citizen of New Jersey, called upon by the legislature of the state to express convictions at the polls. I think New Jersey will be much benefited by the change. My position with regard to the way this great question should be handled is well known. It should be settled by the states, not by the national government, and in no circumstances should it be made a party question. My view has grown stronger at every turn of the agitation."

ALBANY COLLEGE AND W. U. TO PLAY SATURDAY

Albany People Also Interested in Whitman-O. A. C. Game at Corvallis.

Football will begin in earnest Saturday. The games that have gone before can be counted but preliminary skirmishes. Albany will play their first game of the season with Willamette University at Salem and Coach Bailey is expecting a hard rub to hold down a big score against his lignum men. Last night the strengthened high school team played the college for half an hour with a 6 to 6 score in the end. Last night the college was outweighed by the high school, whose line and backfield has been strengthened by some good men of weight and speed.

At Corvallis Saturday the Aggies will meet Whitman College in their first conference game of the year. This should prove an interesting match and will be attended by a large delegation of local fans. Whitman held the heavy Multnomah club to a 6 to 0 score last Saturday at Walla Walla after the clubmen had trounced the University of Oregon 16 to 6 the week before. Last week O. A. C. beat Willamette University 69 to 0 while Oregon was trouncing the Pacific University team 47 to 0 at Eugene. The dope favors the Aggies, but a good game is assured in any event.

Oregon has her first conference game with Washington State College at Pullman Saturday. The Pullman team has strengthened up considerably this year and should give Oregon the game of their lives. Oregon, on the other hand, is not as strong this year as she was doped to be. At the beginning of the season Bezdek figured on practically every member of his last year's team back in school. The break came with Bryant, the big fullback, being lured to Pennsylvania state. Parsons, the fleet half back was the last to break and join Multnomah. His scholastic standing is said to have been his chief difficulty. Two or three other huskies have left the line and the Oregon coach is heartily discouraged over his 1915 prospects for championship honors.

The annual game between Oregon and O. A. C. is attracting considerable attention here, although the date is over a month away, November 26. Dr. Stewart has had to build a team around a few veterans and his struggle will attract visitors from all over the valley.

F. H. Westbrook went to Stayton on business this morning.

It makes they are accomplishing much for their owners.

A wider distribution of blooded stock and of standard breeds is the northwest's most urgent need at present, and I congratulate you in being in position to be of such great benefit to the entire Pacific Northwest."

NATIVE OF ALBANY COMMITS SUICIDE

Louis R. Stinson, Grand Keeper Records and Seal K. of P., at Salem.

MIND UNBALANCED BY OVERWORK THE CAUSE

Was One of the Best Liked Men in the State, Always Genial.

Albany people this morning learned with extreme regret of the suicide of Louis R. Stinson, grand keeper of records and seals of the Knights of Pythias of Oregon, at his farm home, across the river from Salem. He was born in this city at the present site of the home of D. E. Nebergall, at Third and Calapooia street, spending his boyhood here, and had a host of friends here.

By trade he was a printer, giving up the business eighteen years ago to become keeper of records and seals of the Knights of Pythias of Oregon. Everybody liked him. The deed was caused by nervous prostration, brought on by overwork. He used a shot gun. His son Logan and mother heard the shot and rushed into his room to find him dead. Coming a week before the session of the grand lodge it has cast a gloom over affairs that will be felt during the entire session.

The writer has known Louis Stinson for over thirty years, one of the most likeable men he ever met, always genial, full of good nature, efficient in his work and with others all over the state feels deeply the death of one who played his part well in the great drama of life.

It is thoroughly appreciated here by his friends that the act was done only when the mind of the man was off balance, whether from poor health or overwork.

GERMANY REPORTS SEVERAL ADVANTAGES GAINED

Declares That French Were Repulsed at Several Strong Points.

(By United Press)
Berlin, Oct. 5.—All the Allies' attacks along the western front during the past 24 hours have been repulsed, an official statement announced. "Northeast of Neuville we repulsed French attacks by hand grenades," said the statement. "In the Champagne region the French attempted to renew the offensive after heavy artillery preparation but were repulsed."

CORONOR'S JURY SAID SAM CASE JUSTIFIED

That He Acted in Self Defense; Grand Jury Will Also Investigate Case.

Oregon City, Oct. 5.—That death was caused by gunshot wounds inflicted by Sam Case, and in the mind of the coroner's jury, it was a case of self-defense and a justifiable homicide. This was today the verdict of the coroner's jury at the inquest held over the body of Ernest Case, killed Sunday night near his home in Park Place.

Sam Case appeared with his counsel, George B. Cromwell, before Justice of the Peace Sievers for the preliminary examination and was bound over to the grand jury on the charge of second degree murder. He waived examination. The grand jury will meet next Monday.

William H. Holschu, a Clackamas Heights grocer, was the principal witness at the inquest. He was on his way to the Park Place church Sunday night and saw a man rush from a barn and attack another, a. e. said. Both of the men were strangers to him. The man on the road shook off his assailant, pulled a gun, shot twice and the one who had run from the barn fell back dead, he said.

Those who were with the two brothers differed in their testimony. J. P. Murphy said he did not see Ernest Case assault his brother. Herman Dillman, a relative of Mrs. Ernest and Mrs. Sam Case, who was with Sam Case at the time, said that Ernest made an assault on Sam, and T. P. Johnson, who was with Sam, made practically the same statement. Tom Rawlins appeared as a witness, but he did not see the assault, as he was in the barn at the time.

SPANISH WAR VETERANS HOLD RALLY LAST NIGHT

Out of Town Members Attend and Help Initiate Two Candidates.

About 40 members of the Spanish War veterans joined in a rally at the veteran's meeting place and enjoyed an interesting evening last night. State Commander Roy Kest and Adjutant George Walker, of Portland, Dr. J. C. Booth and Rev. Willard Elkins, chaplain of the veterans, were present from out of town. Two candidates, J. R. Jenkins and Rev. Elkins were initiated, after which a big feed was enjoyed and the rest of the evening spent in speeches and business session.

Commander Kest presided and gave an interesting address. Speeches were also made by Rev. Elkins and other members of the camp.

A committee of three was appointed to interview the school board and ascertain the condition of the flags of the public schools, and examine the flags of the public buildings, etc. It is the opinion of the veterans that the flags of the public buildings should be kept in the best of condition, that it

PREPAREDNESS SAYS PRESIDENT

In Address Before Naval Board Today President Spoke For Defense.

PREPARATION FOR DEFENSE NOT WAR HE SAID

America's Spirit Is One of Peace, But Also of Independence.

(By United Press)

Washington, Oct. 6.—The president strongly advocated a greater preparedness in an address of welcome to the new naval advisory board at the White House, when called upon by them to unite with the government in establishing a national defense that will "command the respect of the world."

"I think the whole nation is convinced we ought to be prepared, not for war, but for defense; and very adequately prepared," said the president. "I want you to feel that we have a very serious purpose and we have not asked you to associate yourselves with us except for a most definite, practical purpose and to get you to give your best independent thought on how to make ready for any duty that may fall upon the nation. America's spirit is one of peace, but also of independence."

Infantry Stopped Firing.

(By United Press)
Paris, Oct. 6.—An entire cessation of infantry battle in the Franco-Flanders line last night and early today is officially reported.

Mrs. Hutton Dead.

(By United Press)
Spokane, Oct. 6.—Mrs. May Arkwright Hutton, aged 54, a prominent suffragist of the Northwest, died today. She had been ill a year.

MERCHANTS HAD A GOOD FEED AT THE CARLTON

Endorsed the Stevens Bill in Congress and Saw Memory Demonstration.

The monthly session of the Albany Merchants' Association at the Carlton last night was a good one. A fine dinner was served and appreciated. Following with the President, G. A. Flood in the chair, a small amount of business was attended to.

Fred Dawson, chairman of the committee on the Stevens bill before congress, reported a resolution in favor of the bill and it was passed, after remarks by Mr. Dawson, F. M. French, D. P. Mason and G. T. Hockensmith. While favoring the bill most of the speakers realized that it puts an enormous power in the hands of the manufacturer. While it would be the means of stopping cutting of prices it would also operate to make retailers do business on a profit that would be crippling.

The committee on the rating book reported little done, and they were given another month.

At the close of the meeting G. C. Blower, of the Cromwell school of memory gave a demonstration, presenting some interesting tests, with his two assistants, Messrs. Adams and Murphy. He expects to organize a class here, after finishing up his work at Eugene.

Mr. and Mrs. S. C. Ayres went to Salem this morning. They will go to Portland from the Capital City.

W. P. Bailey was a passenger to Mill City this morning.

is a patriotic duty of the community to see that the national emblem is kept in good condition. The members of the camp are active in promoting the patriotism of the country and are making special efforts to bring about the proper spirit in every community.

HARRISBURG'S POTATO FAIR FRIDAY AND SATURDAY

Finest Display of Spuds in the State and Other Things to Go With Them.

Harrisburg's annual potato carnival will take place on Friday and Saturday of this week, and it is to be hoped a large number of Albany people attend. This is always an event worth while, one of the best managed fairs of the valley. It is run entirely by women. Mrs. W. H. Dale is president and Mrs. C. E. Maxson secretary of the Ladies' Civic Improvement club, having it in charge.

One not only sees a great display of spuds, but also many other things of a very interesting character. It is also a social affair of much enjoyment, and visitors are always treated royally.

Mr. and Mrs. Geo. V. Taylor and son returned to Lyons this morning. E. P. DeVaney went to Thomas to visit his son for a few days.

Mr. and Mrs. G. E. Cotter and baby returned to Mill City after a visit with friends in this city.

DALLAS TO HAVE SALESDAY NOW LIKE ALBANY'S

Mr. Fisher Has Been Asked to Help Promote It and Will Confer With Committee.

Dallas is working for a market day. The success of Albany's has made a big reputation for the city, suggesting that it should be kept up, even though some months are not the success of others. A. L. Fisher, chairman of the committee, recently answered a letter from Dallas, and the answer is published in the Observer, in which he tells of the manner in which Albany salesdays have been conducted. The Observer says:

In a letter to Mr. Davis the Albany promotor says:

"It occurs to me that you are on the right track and with the hearty co-operation of your merchants and farmers will be able to make a success of your market days. We started our sale days the last Saturday of last February and have held them every last Saturday in the month since. Our merchants furnish the free hitching racks, stalls, etc., as well as the auctioneer. We make no charges for the services except in cases where farmers wish to dispose of their entire holdings, and in that case we charge two per cent. Our merchants usually advertise special bargains on sale day, all of which is greatly appreciated by the farmers. Our actual sales run from \$800 to \$2300 and usually there is considerable property that changes hands that is not sold from the block. You will find after it is once understood that you have set a date for your public sales that farmers will arrange ahead and bring in their stuff."

The committee that has charge of the plans for the first public market day will meet tomorrow evening and prepare a report on its plans and ambitions to be read at the Commercial club meeting later the same evening. F. E. Davis, chairman of the committee has had correspondence with A. L. Fisher, of Albany, who is the prime mover of the market day enterprise in that city, and has received word that Mr. Fisher will be glad to render any possible assistance to the local committee. Later on the members will meet with Mr. Fisher to discuss ways and means.

Play Chicago City Championship.

Chicago, Oct. 6.—Cubs and Sox faced each other at Comiskey Park this afternoon in the opening game of the city championship series.

The fans, who along about last June had hoped to see a more prominent battle staged at the Southside grounds, started early today and by the time play was called there was close to a capacity crowd in the seats.

Betting today favored the White Sox, not only because the majority of those present were woolly, wild-eyed Sox fans—it being their home—but because a lot of experts believe the Sox have the better aggregation all around.

GAIN IS SHOWN IN 1915 TAX ROLL

County Assessor Fisher's Summary Shows \$164,745 Increase.

ASSESSMENTS ALL IN AND SEGREGATION IN PROGRESS

Taxes For Coming Year Will Be About Same As This Year in Linn Co.

The assessments for the 1915 tax roll are all in the hands of County Assessor Earl Fisher and work is now going forward in making up the rolls. A force of assistants is busy segregating the various items among the various school districts and towns and when this work is finished the valuations will be turned over to the school clerks and city officers to be used in levying the assessments for the coming year. This done, the assessor's office will figure out the exact amounts in the various departments and the rolls completed and ready to be turned over to the sheriff in February.

The total taxable property, exclusive of public service corporations, as finally equalized by the county board is \$26,971,660, as compared with \$26,806,815 in 1914, an increase of about \$164,745. There is very little change in any of the items. A few new patented homesteads brings the amount in the non-tilable land column up a little. The new automobiles sold during the year brings the motor vehicle list about \$20,000 higher, and a small gain all along the line is noticed.

The following list furnished by Assessor Fisher is interesting in many items. Few people have any idea of the number of head of live stock in the county. It is noted that there are 1,164 goats assessed at \$7,000. Sheep and dogs are assessed at an average of less than \$3 a head. Swine goes better at about \$5 per head. Horses and mules average something less than \$60 per head and cattle are assessed at an average of a little over 25 per head. The list follows:

26,971,660 Acres non-tilable land	11,267,745
Improvements on decided or patented lands	1,892,365
Town and city lots	1,685,460
Improvements on town and city lots	2,057,440
Improvements on lands not decided or patented	33,025
Logging roads and rolling stock	48,000
Boats, engines, machinery and motor vehicles	373,100
Merchandise and stock in trade	609,745
Farming implements, wagons, carriages, etc.	220,445
Money	76,433
Notes and accounts	550,665
Shares of stock	282,875
Hotel and office furniture, etc.	31,800
10,209 Horses and mules	604,235
23,656 Cattle	587,015
31,353 Sheep and goats	86,800
11,621 Swine	57,470
1,164 Dogs	7,000
Water Ditches	7,200

Total taxable property, exclusive of public service corporations, as finally equalized by the county board \$26,971,660

ASHLAND THE CARLSBAD OF THE UNITED STATES

The Democrat has received from Morris J. Duryea, director of publicity of the Ashland Commercial club a little pamphlet in the shape of a drinking cup, which he calls a glass of Ashland mineral water. Ashland is also called the Carlsbad of America. A big campaign is on to make the city a great resort. Well situated, in a high climate, with the water actually there, bubbling up from the internals there is no reason why Ashland should not attract wide attention.

LILLIAN GISH AND JACK CONWAY IN "CAPTAIN MACKLIN"
FOUR-PART MUTUAL MASTERPICTURE PRODUCED BY MAJESTIC
AT THE ROLFE TODAY
