While at Riddles Mr. Vandran met an old lady who knew Otto Hooker in Kansas. She declared that instead of being only 20 years of age he was 28, and had a career of crime. In Kansas she said he killed a man and was tried, but was acquitted.

Unique Labor War in Full Swing.
Chicago, Oct. 6.—The American Federation of Labor will make a last ditch fight in behalf of the Chicago union of school teachers. Those influences which oppose the Chicago Teachers' Federation are today preparing their appeal from the temporary injunction restraining the Board of Education from carrying out the now famous Loeb rule expelling teachers who decline to leave the federation, and compelling all applicants for positions to sign a pledge that they will not become members of any similar organization.

Of course, if the higher court upholds the injunction, making it permanent, the matter will drop there, with a glowing victory for organized labor. If, however, the higher court decides in favor of the Loeb rule, the entire matter will ultimately be decided at the polls.

LACKAYE IS GREAT MOVING PICTURE ARTIST

One of the greatest of moving picture artists is William Lackaye, with the Universal Co., who will appear at the Hub tonight in the Man of Shame. This is a wonderful play, full of life. Some of the scenes were taken in Quebec, and for several weeks the streets of that old French city were enlivened by the presence of peasants in gay garb, gendarmes and fine ladies riding in old fashioned vehicles. Lackaye has had a remarkable professional career. He was born in Virginia in 1862, studied law, was interested in amateur dramatics, acted with Lawrence Barrett. Performed in the Merchant of Venice and other big plays, later being with a good many of the best actors of the day, and acted Trilby, The Pit, Fine Feathers, etc.

Weather Report—
Yesterday's temperature ranged between 38 and 75 degrees. The river stands at 67 feet.
