Our old friend, Col. Hofer, must want a Democratic governor to succeed Withycombe. If not, why should he wish for the Republican nomination?—Independence Monitor.

DE-HYPHENATING FIGHT BEGUN BY THE GOVERNMENT

Residents of the United States Must Be For or Against the Government.

 * Wilson's Warning to the Hyphenated.
 * "There are those among us who have not thought first of America, who have thought to use the might of America in some matter not of America's origination."
 * "I am in a hurry to have a lineup and let the men who are thinking first of other countries stand on one side—biblically, it should be the left—and all those that are for America first, last and all the time, on the other side."

Washington, D. C., Oct. 21.—Augmenting President Wilson's declaration that America's foreign-born residents be de-hyphenated, the U. S. bureau of education today announced the beginning of a vigorous country-wide de-hyphenating campaign.

A three-part constructive program is being developed by the Bureau, with the following features:

The insuring that newly-arrived immigrant children are immediately placed in the public schools and not sent into factories and mills.

The promotion of the naturalization of alien residents of the United States.

The teaching of English to all foreign born residents of this country who cannot read and speak that language.

The first step, that of seeing that newly-arrived immigrant children are placed in schools, is now being carried out through cooperation between the various school officials of the country and the immigration officials at the ports of entry.

When a group of immigrants arrive, the inspectors at the port learn to what localities the individual families with children are going. They then send to the proper school authorities the names of the children they can expect. The officials then make strenuous efforts to prevent any evasion of the compulsory education laws by getting the children into schools as soon as they arrive.

In addition, the school authorities are also actively engaged in "recruiting" work among the fathers of these same children to induce them to take out naturalization papers.

A first edition of 50,000 bright-colored, attractively printed posters, setting forth in English and the six principal immigrant languages the advantages of becoming a citizen, have been published. The bureau is sending these posters to 25,000 postmasters and 8,000 school officials throughout the country, by whom they will be posted conspicuously to catch the eye of the unassimilated immigrant.

Educational authorities are also following up this printed appeal with personal talks to immigrants. A series of receptions is being planned at which both government officials and naturalized immigrants will talk to these men.

Hills to Be Removed.

Panama, Oct. 21.—These hills and valleys and various other "pieces of Panama" geography that have been lumbering around and falling into the canal so carelessly and getting it all stuffed up, have peeved Gov. Goethals. So today he pointed out a couple of mountains that he said were causing all the trouble and instructed his men to "take 'em away."

"What, the mountains?"
 "Yes, the mountains."
 "You mean you would like these mountains removed?"

"Precisely. Move 'em—at once."
 The mountains, he it added, began moving today.

HOW IT PAYS TO ADVERTISE IF DONE RIGHT

(From the Hoopville Echo.)
 Does it pay to advertise? Well, we should say it does pay to advertise. Last week a Hoopville merchant advertised fresh dairy butter for sale. The compositor on this great moral organ carelessly substituted an "h" for a "d" and the ad, read, "Fresh Hairy Butter for Sale." A smart barber called up the grocer and offered to shave the butter at reduced rates, as he said business was dull. The grocer got mad and licked the stuffing out of the barber, breaking his nose and otherwise maiming him so he was obliged to call the doctor, who charged him ten bucks for his services. The next day the barber met the editor, which was us, on the street and heaved a brick at us giving us a close shave. In our efforts to get away we fell down, tearing our breeches on the southern side so badly that we had to buy a new pair. The editorial shears, which were found in our hip pocket, penetrated our anatomy, so we had to call a surgeon. And all the result of one little ad. It pays to advertise!

ACCUSED OF VIOLATING NEUTRALITY OF UNITED STATES

San Francisco, Oct. 21.—Arguments were heard in Judge Dooling's federal court today which will result in the holding for trial of five men accused of violating the neutrality of the United States by recruiting men in San Francisco for service in the British army, or their release.

When the case came up last Monday the defense asked that the jury be directed to bring in a verdict of not guilty, but Judge Dooling took the application under advisement until today.

The accused men are: Ralph K. Blair, partner in the firm of Murdoch and Blair; Dr. Thomas Addis, who gave recruits the needed physical examination; H. G. Lane, chief "field agent"; Kenneth Croft, a reserve lieutenant in the British army, and Clive D. Lawrence, another "field agent."

CITY NEWS.

Corvallis Fire—

Corvallis last night came near having a bad fire. At 8 o'clock the boiler of the McCready saw mill was the cause of the mill getting on fire, but by hard work the fire was extinguished, after a loss of about \$1000.

Wants a Building—

Corvallis wants a p. o. building. The Gazette-Times says it is seventh in the state in postal receipts, those ahead of it being Portland, Salem, Eugene, Astoria, Baker and Medford, while Pendleton, The Dalles, La Grande and Albany, with less receipts already have buildings. Our people hustled for it. O. A. C. students don't hustle for a town.

Too High Priced—

A Pair of Sixes was recently presented to a very small crowd at Corvallis, at a very high price. It was said a big showing in the crowd were Albany people. The day of high priced shows has evidently gone. The show that can draw over 50 cents has got to be a crackerjack. The G-T. says: "The rule is that a town gets shows that are every bit as good as the town and no better."

Bought Corvallis Business—

J. Carns, of the Corvallis Cleaners & Dyers, has sold out his business to A. N. Jones of Albany. Mr. and Mrs. Carns will remain in Corvallis until spring when they will prepare to leave for the east to reside. Mr. Jones is a well-known resident of Albany, having been in the grocery business in partnership with Mr. Stearns—Courier.
