O. A. C.-Idaho Game  
3rd Quarter—O. A. C. 27, Idaho 0.

Aside from the game at East Lansing, Michigan last Saturday when O. A. C. defeated the strong Michigan Agricultural College team by the score of 20 to 0, more interest is evident in the games this week than at any time during the season. The equality of western football with the Universities of Oregon and Washington are trying to demonstrate the superiority of the Northwest over the southwest. There is hardly a ghost of a show for the University of California to win from Washington, and Dobie's men should roll up a score between 30 and 50 to 0 against the Bear stagers. Oregon should win handily from the University of Southern California by about 30 to 0.

At Corvallis O. A. C. is battling with the University of Idaho in another inter-state contest, and there is little doubt about the outcome. According to the dope O. A. C. should win about 23 to 0.

At Pullman another inter-sectional game is in progress between the strong University of Montana and Dietz' now famous W. S. C. team. Montana is due to a drubbing of about 30 points. Whitman is resting this week.

Albany college has no game on the cards and is recovering from the hard game with Pacific University last week. Bob Stewart is nursing his broken collar bone and Captain Virgil Parker is still on the sick list. Coach Edward Bailey has had a hard proposition to buck this year. With but a handful of men students from which to pick a team he whipped a bunch together that gave promise of doing great things, but just when the time arrived to make the best showing accidents and sickness reduced his ranks to the second stringers and he has had to make the best of things as they exist. He has done wonders with the material available and moulded a compact fighting team that has been a credit to the college. Next year a winning non-conference team should be produced. The next college game is with Mt. Angel college.

This afternoon on Athletic field Albany high school is trying to win from Corvallis high school by a larger score than the 38 to 3 made by Salem high last Saturday at the Capital City. Salem is at Eugene and is doing its best to defeat E. H. S. by a worse score than the 41 to 0 drubbing administered by Albany high last Saturday. The big clash will come next Saturday when Albany goes to Salem for the annual struggle and a real battle can be predicted. A special train of from 200 to 300 rooters and the high school band will go down from here.

### THE PRESIDENT AND MR. BRYAN

Politicians Seeking to Make Capital Out of Their Preparedness Differences.

(By United Press)  
Washington, Nov. 6.—What promises to develop into one of the greatest political battles of modern history in the United States is fairly launched. With Bryan's open declaration of war on the president's preparedness program, the issues between the Wilson & Bryan factions are now before the country. In less than a month congress will convene. Then the struggle will be precipitated in earnest. The contest will be between the principles, and not personalities. Both the president and Bryan are determined to avoid even the appearance of a personal breach. It is preely predicted each leader will carry the campaign "to the country."

### SYMPHONY ORCHESTRA FORMED BY 20 MUSICIANS

Public Will Benefit By Some Excellent Concerts This Winter.

Albany is to have a symphony orchestra. Under the leadership of Prof. E. L. Wilson an organization is being gathered that will do justice to any town in the state. There are many excellent musicians in the city who will enlist in this enterprise to form an addition to the art endeavors here. In Portland large sums of money are subscribed annually by the people of that city to maintain a symphony orchestra and that organization is looked on there as one of the principal assets to the promotion of the art of music. With the wealth of material available here a splendid orchestra can be anticipated this Winter.

One of the principal things bothering Prof. Wilson at present is the lack of suitable quarters in which to practice. The new junior high school building would be ideal, but the absence of heat Sunday afternoons, the only time all of the members can get together, makes that building impossible. As a public affair where no profit is derived by any member, a suitable hall should be furnished.

The first practice will be held Sunday afternoon at the home of Fred Dawson, Eighth and Broadbain streets. About twenty members compose the orchestra. The personnel of the Albany Symphony orchestra follows:

- Edwin Ludwig Wilson, conductor.
- Mrs. Frances M. Wilson, piano.
- Violins—The Messrs. Jaett Dawson and Livingood, Messrs. Boettcher, Clifford, W. Davis, H. Dowd, Heister, Lau and Masek.
- Cello—Dr. Collins.
- Claironet—Kenton and Wieder.
- Cornet—Nash.
- Double Bass—F. N. Wood; Harp, D. Leininger; flute, J. C. Irvine; trombone, E. F. Fortmiller and R. Dowd; drums, B. Davis.

### FAIR ASSN. MAKES REPORT ON FINANCES

Meeting at St. Francis Hotel Shows Expenses Just About Covered.

At a luncheon at the St. Francis Hotel today the board of directors of the Willamette valley exposition association listened to the report of the secretary and treasurer. Considering the short time at the disposal of the officers of the fair in which to get finances and exhibits together, the showing more than does justice.

According to the report the fair cost \$800—\$799.66 to be exact. The receipts will just about cover the expenditures. This morning the treasurer was about \$7 short, but enough was subscribed later to more than offset the deficiency. Of the receipts, the county gave \$250, the city council appropriated \$100, concessions brought \$100, and the business men of the city subscribed the remaining \$350 out of their own pockets. Had admission to the fair been charged there would have been a surplus, but the board set out to make the attraction free to the people of Albany and Linn county and they were furnished a good show. A detailed report will be published in a short time.

The officers of the fair have bigger and more ambitious plans in view for next year. With a whole year in which to work it up, a great exposition of the resources, products and manufactures of the Central Willamette Valley will be desired of the people. But the board is desirous of having the fair under control of a larger number of people. This year the affair was jumped up in a hurry, was backed by a small number of men, and was pushed through to a success by a few enthusiastic faithful workers. It is the desire of those who were back of it this year to have officers elected from a larger body of people, and this will be brought up in due time.

The board passed resolutions reciting the organization and its success and resolving in favor of action looking to a permanent organization, to represent all sections of the valley, with all its industries, calling upon the people to use their best efforts to develop into a great exposition, and in favor of the present board naming a time for reorganization, to wit, December 4 at 2 p. m. in the Commercial club rooms.

Following is a statement of the receipts and disbursements, as shown by the report of the treasurer, A. C. Schmitt:

### JITNEY CAUGHT FIRE FROM LIGHTED CIGARETTE

An Overflow of the Gasoline Didn't Mix Very Well With Gasoline.

The jitney of Kenneth Bloom, this morning caught fire in a peculiar way. He was at the Rennell's garage on First street, getting some gasoline when the accident happened. The tank was overflowed a little, the gasoline covering the pavement underneath. A cigarette was thrown down into the gasoline, and immediately there was something doing. The fire flashed up enveloping the rear part of the automobile. The fire engine was called out, and a squirt from the chemical engine stopped the conflagration. The damage was not very serious, the machine itself not being damaged much.

### KING IS RISKING A REVOLUTION

Will Dissolve Parliament Rather Than Let Venizelos Control Government.

PREMIER ZAIMAS WILL REMAIN AT THE HEAD

It Will Take Two Months For Election to Settle the Matter.

(By United Press)  
London, Nov. 6.—The king of Greece has risked precipitating a revolution in Athens and dispatches state he is determined to dissolve parliament rather than turn the governmental power back to Venizelos, and that he will ask Premier Zaimis to retain control pending the general election. It will require at least two months to prepare for the election, it is believed. Zaimis will attempt to reconstruct the cabinet with the same ministers who resigned with the probable addition of two of Venizelos' supporters in an effort to unite both factions. It is probable that Venizelos himself will be asked to accept a post.

### NEXT CONGRESS PROMISES TO BE AN AGGRESSIVE ONE

Ship Subsidy, Woman Suffrage Tariff on Sugar Will Be Big Subjects.

(By U. P. Staff Correspondent)  
Washington, Nov. 5.—The vanguard of political armies of the Sixty-fourth congress was assembling here today. Congress will reconvene December 6.

Within a fortnight, advance meetings of "steering" committees are scheduled. Party caucuses are arranged. President Wilson is completing data for his opening "address" which it is understood, he will again deliver in person.

The legislative program, already largely framed promises unusual factional strife, the fate of two or three political parties being at stake and presidential prospects, with many booms due for puncturing, involved.

Shortly after congress meets annual conferences of Republican and Democratic committees are scheduled to begin firing heavy artillery of the next presidential campaign.

Legislation provoked by war conditions promises to monopolize attention. The administration plans to expedite passage of a resolution on extending the war tax to least another year. It expires Dec. 31. Another resolution for prompt action will be that continuing the tariff on sugar, now scheduled to go on the free list in May.

Woman suffrage hosts are planning a monster demonstration at the opening of congress. Increased appropriations for the army and navy are regarded as certain. The administration's Mexican policy is due for analysis. The discussion will determine how important an issue it will be in the presidential campaign.

Another big battle over the government ship purchase bill is believed inevitable because of division among Democratic House leaders. Among the political developments impending will be the extent of Republican and Bull Moose amalgamation and the degree of unity in the Democratic party.

The house is expected to be the arena of the sharpest controversies, the overwhelming Democratic majority there of the last congress being out to a scant 25. The appearance of new Democratic leaders there and the return of Republican veterans like "Uncle Joe" Cannon, William McKinley and "Nick" Longworth, lend interest. Speaker Champ Clark, Republican Leader Mann, and Representative Kitchin, Democratic leader, are expected to be reelected.

### BOTH MEN FINED FOR BEING DRUNK ON TRAIN

One Given \$100 Fine For Robbing Partner of His Watch.

H. L. Henderson and J. B. Kilkenny, who were taken from the S. P. train No. 13 at 11:37 here Thursday evening, were taken before Justice of the Peace I. L. Swan yesterday afternoon on a complaint sworn to by the S. P. detective charging them with being drunk and drinking liquor on a train. Henderson was fined \$100 and costs and Kilkenny was let off with a fine of \$25 and costs.

According to the testimony of the head brakeman and other witnesses on the train, by affidavit, Henderson was seen to take Kilkenny's watch from his pocket while the latter slept under the influence of dope. Another passenger saw the act and notified the conductor. The watch was found between the seats by the conductor who turned it over to Constable Catlin at the Albany depot and the two men placed under arrest. Yesterday Kilkenny said he thought he had been doped before he left Portland.

The officials felt sure that Henderson had further intentions and recommended the sentence accordingly.

Kenneth Stevens came down from Eugene this morning to spend Sunday with his parents.

### BULGARS CAPTURE SERBIA CAPITAL

Central Allies Weeping Triumphantly Towards Constantinople Their Goal.

THIRTY-FIVE MILES COMPLETES R. R. CONNECTION

Serbians Making Desperate Effort to Escape the German-Bulgar Jaw.

(By United Press)  
Berlin, Nov. 6.—Nish, Serbia's war time capital, has fallen before three days' pounding of the Bulgars. The official announcement of the important victory caused jubilation, and has led to the belief that before long the Germans and the Bulgars will sweep triumphantly to Constantinople to aid the Turk allies. At the same time it is announced the Germans captured Varavrin. This leaves only thirty-five miles to complete rail connection across Serbia, since the Bulgarians hold the line from Nish southward to the frontier, though possibly the Serbs are between Varavrin and Nish, they are probably trying valiantly to escape the closing jaws of the German-Bulgar trap. Rail communication direct from Germany to Constantinople is deemed only a matter of hours. With this established Germany will be in a position to tie the Turks and get the raw materials she desires. The German left wing is in touch with the Bulgars near Krivivir. The Germans captured Kraljevo, southeast of Cacak.
