WAR PROBLEMS.

These war problems are exercising interesting interest. For instance, it is said that the war is costing England \$2,000,000,000 plus a five dollars daily in a year that would be over \$7,500,000,000. Are you not interested in any more years just do a little simple multiplying. A greater problem is how long can a nation stand that kind of a drainage. Recently it was thought some American financiers were doing quite a stunt when they loaned half a billion dollars to the Allies; but that sum would last England only about twenty-five days, less time than it took to raise the money. It looks like a mad rush into bankruptcy and ruin if the Allies win, the recompense will be a mere pittance compared with the damage done. The same will be true if the German-Austro-Bulgarian countries win. Have the European rulers gone stark mad?

BENTON'S REPRESENTATIVES

Benton county has surely come to the front in the matter of being represented at the big fair at San Francisco, perhaps more so than any county in the state. Last week at one time there were at the Oregon building J. R. N. Bell, with his wonderful personality that made even the sphynx take notice; A. J. Johnson, formerly of Forks; J. Frederick Yates, born in Linn, and Lawyer E. E. Wilson, besides numerous others, all yelling until hoarse for the whole Willamette valley. That is said to have been the program faithfully observed. Oregonians at the fair have been first of all Oregonians regardless of their home county, and the result is apparent all over the state in the interest that is being taken in the state.

SUBMARINES AGAIN RAMPANT

While the return of the submarine into the activities of the war are to be regretted from an American standpoint, the fact is plain the submarine is bound to play a big part in the great struggle, and this country should realize that it must keep cool and not get nervous over every submarine catastrophe. There are bound to be complications that will have to be disposed of. Great confidence is expressed that the president and his cabinet will be able to handle all the cases that come up with judgment.
