WHAT WE THINK.

An Albany woman thinks the following deserves a place in the columns of the Democrat:

Learn what to think and think it. As St. Paul put it, "Whatsoever things are true, honest, just, of good report, think on these things." Hold them in the mind until they permeate life and become a permanent habit. As you think, so you are.

A man who thinks and talks war, who wants all the paraphernalia to make war, is the man who leads the way to conflict.

The folks who are peacemakers, who year after year are actively at work laying the foundations for peace in justice, in truth, in universal brotherhood with all that that involves, they make peace. Thoughts are seeds which develop in your life and produce things like themselves.

Hate seed in the heart cannot produce a love flower in the life. The sooner everybody at war changes their minds from hate to love, the sooner war will end.

The Lord is good to all, and his tender mercies are over all his works. "God hath made of one blood all the nations of men that dwell upon the earth. Bear ye one another's burdens and so fulfill the law of Christ. If one member suffer, all the members suffer with him. If one member honored, all the members rejoice with him. We are members of one another."

Sometimes people say, "It doesn't make much difference what you believe, or think so long as you do right." But it does make all the difference in the world what you think, what you believe. If you harbor low, mean thoughts, if you are selfish, if you plan shacks, you will build hovels. If you think and plan noble structures, you will build more stately mansions."

BIG DECREASE IN ASSESSMENTS.

The total assessment of Oregon, just reported, shows a decrease of over \$10,000,000 from the assessment of the previous year. In Linn county there was an increase of over \$150,000, which means that the state tax of this county is greatly increased. An examination of the list shows that it is Portland that is playing the hog; the decrease there being more than the decrease of the entire state. Jackson county decreased over \$4,000,000. Most of the counties increased some.

a series of troubles too much, he declared beforehand. He knew he was going to die, and had a black suit ready. A special request was that he be not cremated. The record of his family has been a striking one. Oct. 13, 1907 his son killed himself after a dance and quarrel. Feb. 11, 1915 Mrs. Sutton was granted a divorce from him. Aug. 12, 1915 his son, Lieut. R. B. Sutton was injured in a fall from an aeroplane at Fort Sill, Oklahoma.

The old saying that it never rains but it pours is sometimes verified in a striking manner. Generally though, there is a good cause for it.

MISFITS

The supreme court of Minn. has decided that pouring alcohol on a man's foot and setting fire to it, is not a joke.

Owen W. Owen is the name of a Racine, Wis., bankrupt.

An Idaho Falls merchant has made a hit with his lady clerks by taking them home at the close of business in his auto.

Too high taxes, you bet and Friday of next week we'll let the world know what we think about it, and then wait till the next election and put peanut politicians into office.

A real estate man this week received a letter from another real estate man named Short. "Good name for a real estate man these days," he remarked. "We're all short."

Never Rust Moore is writing some mighty good letters for his former Corvallis paper, the G. T.

Having seen the real Tom Thumb it will be a pleasure to see one of his little imitators.

Nothing is more humorous than for a woman to tell what she would do if a man.

A poet at Ashland says the land down that way is so productive that after a warm winter rain the fence posts take to sprouting. If true it would be a mighty poor place to live for there wouldn't be anything but accounts there.

We got tired of sprouts when a boy.
