In ordering changes of address, subscribers should always give old as well as new address.

Established in 1855.

MONDAY, NOVEMBER 29, 1915.

JUST MAKE IT.

Opportunity is now rapping at Albany's door as never before. It has the chance of its life time to get on the map. Hustle will do it, one continual push for a big payroll. We can have it. We must have it. We will have it. The proposed paper mill will mean the making of this city. It is worth the effort of our lives. We must make it.

FOUR KILLED.

Portland Journal: On a stretch of track running parallel to a Southern Pacific main line just east of the city limits of Albany, an Oregon Electric train claimed Tuesday its fourth victim in three years.

The third victim was killed near the same spot three weeks ago. A passing Southern Pacific train in each instance seems to have bewildered the victims as the Oregon Electric train which was to be their doom came speeding on. It would seem that a man could be devised by which to minimize the peril of this fatal spot, and a decent regard for the value of human life would suggest that a plan of the kind be applied.

INDIANS AS COACHERS.

The Carlisle Indians are getting their bumps, but Carlisle football still lives.

Lonestar, old Carlisle tackle, is coaching Washington State University under the name of Dietz. His team beat the Oregon Aggies, who beat the Michigan Aggies, who beat Michigan.

Exendine, old Carlisle backfield star, has turned out a good team at Georgetown. Jim Thorpe is coaching at Indiana University. Just after he took a hand the team braced and held Washington and Lee to a tie.

ELECTRICITY WEEK.

Many people are asking "What is Electrical Prosperity Week—what will be done during that week?"

Louis D. Gibbs, a man prominent in electrical industry, has probably given the best answer. His definition is as follows:

"Electrical Prosperity Week is a nation-wide opportunity for everyone to get acquainted with the new and up-to-date uses of electricity in home, store or factory. Every possible form of advertising is being used to attract the attention of the people to this week, and to prompt them to ask questions about electricity and about electrical appliances. The field is one of remarkable opportunities, and the inquirer is bound to be made enthusiastic by what he learns.

"Everyone connected with the business in any branch is ready to answer questions, and people need not be afraid that they are going to be pressed to purchase something simply because they ask a question and show an interest in electrical appliances.

"The wonderful developments in the uses of electricity have come along so rapidly that it has been absolutely impossible to keep the people informed. National advertisers, electrical appliance dealers and central station companies have not been able to keep pace with the growing interest.

"The Society for Electrical Development has undertaken to get all the people in the electrical field telling what they know about its many things of interest to the public and talking all at the same time.

"It will also mean a 'Shop Early' opportunity. Electrical opportunity. Electrical Prosperity Week will be observed from November 29 to December 4, inclusive.

MISFITS

If a man tries to do anything big everybody around immediately yells: "It can't be done," which of course is full of encouragement. This is being Ford's experience.

Ford may be more than a jitney when it comes to peace biz.

The man who sticks to a thing gets there, even if it is a heavy weight to be lifted.

Just look at George Sutton, the billiardist, one of the eight best in the U. S. He has no hands at all, works with stumps, and wins by a great will power. He even shaves himself, and when he gets home late can get in the house himself with his latch key.

A great many men with two hands have hard work making it in this world.

A place down near Hubbard is called Whiskey Hill. It is liable to be put down if the name is not changed before the first of January.

The world moves. A vacuum cleaner has been invented for cleaning teeth, and it takes everything but the tooth and tartar.

O. A. C. boys are warned to look out for salt in the Syracuse game.

Great News: Emperor Yoshihito has just communed with the spirits of his ancestors at Imuganumura.

If the navy was beaten by the army in a sea of mud what would happen if they played on solid ground.

WANTED A FAIR TRIAL.—We will show our skill on all repair work, chairs, coaches, woven wire bed springs made as new, stoves, mattresses. All work guaranteed. Call Bell 72-S and save money. 317 E. 2nd.
