FEEDING BIRDS.

During the season of snow here a great deal of interest has been taken in the feeding of birds.

The few handfuls of grain thrown out for the birds during the recent snow storm will bring the best returns of the year.

An examination of the stomach contents of birds during an open winter shows them to be at such a time beneficial.

While Jan. was the worst in the history of Or. it was less worse than the weather in any other sec. of the

what they had seen. It was the real thing and showed what men are willing to do for money and reputation for daring.

There are youngsters living now who will tell about Jan. '16 to their grandchildren.

MISFITS

Feb. 3 is to be thirt day all over the U. S. It is also the birthday of Horace Greeley, a thrifty editor of few years ago, and likewise of a thrifty sister of Misfits, now 57 years young.

A speaker getting enthusiastic declared that 90 per cent of the woe of the world is caused by cigarettes, a sample of the manner in which some people flash in the pan.

In one's enthusiasm it is easy to wiggle the truth out of shape.

Team work in a community counts as much as it does in b. b.

Once in ten years is often enough for snow in Or.

Numerous birthdays this month: George W. Mr. Valentine and several Albany people.
