TOO MUCH FORMALITY.

A letter has been shown the Democrat by a Y. M. C. A. man from a prominent business man in a city elsewhere, in which the statement is made that there is too much formality in the churches, and not enough practical Christianity. This certainly is the truth. What is needed in the church is more everyday Christianity, more of the living of the life professed, more good deeds out in the world, less quibbling over things of no intrinsic concern, about which men differ. What the church needs is to get down to business and do more for the fellow men of the church members in the things that count for righteousness. Whatever lightens the burdens of others, whatever makes it easier for those around to do right and harder to do wrong, are the things that are full of cream in the life of the church.

HELPING BUSINESS.

Recognizing the fact that the advent of state prohibition has been a great thing for Portland, the Oregonian takes a position that will have a good influence in the enforcement of the law in the future. Figures speak very plainly for the manner in which the elimination of the saloon from affairs in Oregon has helped conditions. It is stated plainly by a paper that has always been supposed to be a proponent of prohibition that the law is affecting to better conditions, which is affecting at all the business conditions of the city. The money that formerly went into liquor now goes for groceries, shoes, etc. Wherever it has been tried and the facts have been truthfully told this has been the result.

OMRE MEN THAN WOMEN
HAVE APPENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. Albany people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, easy action of Adler-i-ka is surprising. MISFITS

Silver thaws produce golden damages.

Albany people appreciate being missed by that clinging freeze at Portland.

"I am not arguing with you, I am telling you," said Mr. Wilson. A suggestion for married men.

The fellow who makes a practice of running little debts around town lays the foundation for future unpleasantness.

Some one accuses Hughes, presidential possibility, of consisting of nothing but whiskers, which by the way he has curtailed. As a matter of fact Hughes is a man of ability, but not presidential timber.

The G. T. says a man in Corvallis believes in the almanac forecasts. Albany can beat that. Several here bank on Hicks' predictions, and, for a fact he hits the weather about as much as the forecasters paid by Uncle Sam.

Thanks, Mr. G. H., for not showing your shadow.

52 inches of snow in Wash. in 24 hrs. This is to create a feeling of contentment at home.

It would take Prof. Torbet to solve some of the problems that are being presented back on the coast. This Appam problem, for instance.

By the way, Appam is an odd word, full of pa's and ma's, forwards and backwards.

A man in Klamath Falls wants to trade a sewing machine or typewriter for some odd thing. We have several in Albany.

Speaking of names Ona Nona Spangone is a school teacher at Doris, California.

Misfits recently asked what had become of bear's grease for the hair. The Medford Mail says that Archibald Hicks uses goose grease on his hair, and that's nearly equal to the bear article.
