

Who said bad weather? Oh you meant the kind we had last week—well that is alright. The person not pleased with this warm sunshine stands little chance of ever being pleased. We appreciate the return of real Oregon weather, after the borrowed eastern weather of the past month.

You want to get out. The first spring weather is surely tempting. Here is a good excuse. Come to this store as the

MOVIE NEWS

FAMOUS ARTISTS MODEL POSES FOR MOVIES

The rise to fame and fortune of Audrey Munson, famous artist's model and the inspiration for many works of art throughout this country and abroad, has been woven into a Mutual Masterpicture in five acts entitled "Inspiration." Miss Munson, widely known as the "Panama-Pacific girl,"

AUDREY MUNSON IN "INSPIRATION" FIVE ACT MUTUAL MASTERPICTURE MADE BY THAMHOUSER

because she posed for many of the pieces of statuary at the Panama-Pacific Exposition, notable among them "The Fountain of Eldorado," by Mrs. Harry Payne Whitney, wife of the new York multi-millionaire, as well as for the statue called "Evangeline," by Daniel Chester French, which has been placed before the home of the immortal Longfellow, at Cambridge, Mass.

Miss Munson was also the inspiration for the figure of liberty adorning the Maine monument, at the entrance to Central Park, in New York City, and numerous other statues and paintings in various museums and public places in many of the large cities.

"Inspiration" will be shown at the Rolfe Theatre on Friday of this week.

GOOD BILL OF COMEDY AND DRAMA AT GLOBE

The offering at the Globe tonight is a five reel bill with a good mixture of the dramatic and comedy. "The Golden Spurs," a two act Biograph feature with Bessie Eyton and Wheeler Oakman, is a drama of society life and army men. There is enough mystery about it to make it furnish plenty of suspense and it is interesting throughout.

"The Little Puritan," is a delightful comedy featuring Constant Talmadge and Bill Parsons, and another rip roaring farce adds to the merriment of the bill. This one is "Almost a King," with Bud Duncan and Ethel Teare, two comedy artists of the first rank. The Selig Tribune, the new weekly, gives current events in pictures. Two Oregon scenes are shown, one at Portland and one at Salem.

MOVIE FLICKERS.

High school students and other lovers of George Elliott's novels will have an opportunity to see "The Mill on the Floss" at one of the local theatres next Wednesday.

The Globe opened with a good house Saturday.

It was the same old Charlie Chaplin, always a laugh maker. He has outlasted most other comedians.

"Fatty" Arbuckle and Mable Normand are still "some pumpkins" and are making a great hit in Mack Sennett's Triangle Keystone comedies.

The Globe will continue the General film service, a good standard line of plays.

"A Soul Enslaved," a Universal feature with Cleo Madison, is one of the features for this week.

Audrey Munson, a famous artist's model will be seen in "Inspiration," a film version of her struggle for fame, a week-end attraction.

Mary Pickford has signed new contracts with the Paramount company, putting to rest talks of her going to a new firm. Besides a royalty on all her pictures of a good percentage she will receive a salary of over \$100,000 a year.

That will make Caruso's meagre \$3000 a concert look pale.

Mary Pickford is the highest salaried artist in the world.

Speaking of salaries of picture artists, it might be interesting to note that Charles Chaplin cleared close to \$175,000 the past year. He receives \$1500 a week and when each picture is finished he receives a bonus of \$10,000. It is estimated that the Essanay company made over \$2,000,000 on Chaplin's picture last year.

Geraldine Farrar received \$5000 a week for eight weeks for her services in making "Carmen" for the Paramount people. She also was furnished a private car to Hollywood, Cal., and automobile for her use and all expenses while on the coast.

But we cannot all be movie actors. Some who try are lucky to get a place as an extra once in awhile at \$3 a day.

FORMER ALBANY MAN WAS LECTURER AT KEOKUK, IOWA

Daily Gate City, Keokuk, Iowa: C. A. Sears, general superintendent Mississippi River Power Co., will speak tonight at Des Moines before the Highland Park college branch of the American Institute of Electrical Engineers. Here is the announcement of the meeting sent out from the headquarters of the society.

C. A. Sears, general superintendent of the Mississippi River Power company, Keokuk, in charge of the world's greatest hydroelectric plant, will deliver an illustrated lecture in the chapel of Highland Park college, Wednesday evening. Mr. Sears has been connected with some of the most important hydroelectric construction and operation on the Pacific coast, the mountain region and New England as well as Keokuk. His lecture will be based upon a large number of pho-

DOROTHY GISH HEADS GOOD BILL AT ROLFE

Dorothy Gish is the particularly bright start at the Rolfe tonight in a three reel Mutual Masterpicture, "Her Mother's Daughter." In this inspiring drama of renunciation Miss Gish rises to her emotional abilities and gives a remarkable demonstration of her powers in this line. She is assisted by two co-stars, pretty May Alden and W. E. Lawrence, and the rest of the cast is backed up by ability of the same standard.

A two-reel Keystone comedy will be included on the bill, the first appearance of a Keystone here for several months. A strong comedy cast presents "A Rascal's Wolfish Ways."

Completing the six reel bill is a comedy drama, "Spider Barlow Cuts In," cleverly played by Winnifred Green and Ed Coxen. The drill is well balanced and is up to the Mutual standard.

CHAS. K. SPAULDING CO. SE- CURES LARGE BODY OF TIMBER

A big timber deal is reported in Benton county, under the terms of which the Charles K. Spaulding company become the owners of 55,000,000 feet of standing timber and a logging railroad running to the edge of the property.

The logging railroad was formerly owned by the Mary's River Timber company, and much of the timber was the property of the Alsea Logging Company. The new owners will be known under the name of Mary's River Logging Company.

The timber purchased by the Spaulding people lies about 15 miles west by south of Corvallis, in the vicinity of Mary's Mountain.

CITY NEWS

Monday Night Bible Class—

The lesson tonight will be the 3rd, 4th, 5th and 6th chapters of Exodus. As announced Saturday in the Democrat, Joseph Cohn will lecture under the auspices of the Monday night Bi-

ble class on the 14th and 21st of this month. His lecture next Monday night will be: "Palestine, The Jew, and The War."

Married—

On Sunday at noon at the home of Mr. and Mrs. Daniel Brenneman, occurred the marriage of their daughter Emma R., to Chris. M. Widmer. A large crowd of relatives and friends of the bride and groom were present. The happy couple left this morning for Portland and other points on a short wedding trip.

Arrived from Nebraska—

Ephram Martin and family arrived Saturday from Seward, Nebraska. They expect to make this their future home. Mr. Martin is a farmer and expects to follow that occupation here. He reports deep snow all the way from Seward at places several feet deep.

House Burglarized—

Saturday night several burglars broke into a residence on Washington street and stole forty or fifty sandwiches, about a dollar's worth of candy, a bottle of pickles, a bottle of cream and some paper napkins and made their escape. They were perhaps too ignorant to know that they were committing a penitentiary offense. The matter is being investigated and the names of three or four of the burglars have been secured. The high school evidently needs a department on criminology.

Returned from Washington—

Rev. Edgar has returned from Bickleton, Wash., where he conducted evangelistic meetings for two or three weeks. The meetings were successful, though greatly retarded by the severe weather, which included blizzards and deep snow.

Willingness to Oblige

THE public has a right to some thing more than perfunctory service from those who supply telephone needs.

There is something more to a telephone service than merely placing at the disposal of the public adequate telephone equipment.

Courtesy, willingness to oblige and patience, under trying conditions on the part of telephone employes, promote friendly feeling and are essential to the best kind of telephone service.

Every Bell Telephone is a Long Distance Station

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

"Palestine, the War and the Jews"

This will be the subject of Joseph Cohn, the Jew from New York, on Monday evening, February 14th.

"Hath God Cast Away His Ancient People?"

Will be his subject on Monday evening, February 21st. These lectures are free, and are under the auspices of the Monday Night Bible class. Remember the dates: February 14th and 23rd.
