

All men are interested in shirts. They are an absolute necessity, and one article of dress, about which most men are particular. Read the following about

# An Every Day Shirt Special

In order that you may appreciate these splendid values, we will give a short history of the shirts. S. E. Young & Son had shirts made to order by a reliable manufacturer, and sold them as the "Young Special" for \$1.25. Many people purchased them, and as they gave splendid service and looked good they bought repeatedly. When the Hamilton store purchased the Young stock, the cash price reduced them from \$1.25 to \$1.19.

We are now purchasing the same shirts from the same manufacturers, but are going to make permanent, every day specials and reduce the price to one dollar each.

## COLORS GUARANTEED

Yet, we absolutely guarantee the colors. If they do not hold, fade or run, just bring the shirt back and we will give you another one in exchange

Free of Charge

The designs are neat and attractive, as pretty as factories can make them.

## Read This MEN!

If you are a regular user of these shirts you will appreciate the values. If you have never worn "The Hamilton Special," take a shot at one. It will be the biggest shirt value for ONE DOLLAR that you have ever bought.

### OAKVILLE NOTES AND PERSONAL OF INTEREST

Oakville, Dec. 14.—After bidding farewell to Mrs. Maseley at East 30th street, Portland, we were piloted over 18 inches of snow for about a half mile to the Broadway street car line and was soon at the North Bank depot, where we were soon on the way to the terminal point on our ticket. After leaving Portland we soon saw bare ground which looked good after three weeks of deep snow and almost zero weather. We felt glad to see highwater again for it will do more good than harm.

Some of our people with boats and clubs rowed over their farms and killed many hundred gophers on the bottom lands and we may be able to raise root crops again. Two feet more of water would have covered all of the low lands.

Mrs. F. G. Smith and sister of Halsey visited with the Smiths here last Saturday.

Rev. Reed preached at 10 o'clock Sabbath.

Our telephone line between here and Corvallis is out of "commish" on account of high water. Se we are marooned, and can't get there by wire or wagon. However, the mail comes and goes between here and the Hub.

During the storm we saw in many places the China pheasants feeding with cattle, also large coveys of bob white.
