TAX AGENT HERE FOR WEYERHAUSER

G. W. Marshall Files Papers For 8,000 Acres More of Newly Patented Timber Lands.

GIGANTIC CO. PAYS OVER \$1,000,000 TAXES ON COAST

Mr. Marshall Thinks Joke Is on Assessor Who Thought New Law Hurts Interests.

George W. Marshall, tax expert and agent for the Weyerhaeuser Land Co., with offices at Tacoma, arrived in the city yesterday morning to look after tax matters of his company.

Speaking of lieu lands, it may be of interest to many to know how this large company came into possession of such vast tracts of timber lands in the northwest.

However, some of it lay in what is now Forest Reserves or national forests, and when these were created many thousands of acres had to be duplicated elsewhere.

The Weyerhaeuser Land Co., with headquarters in Minneapolis, the home of the late Frederick Weyerhaeuser, is the largest individual owner of timber lands in the United States.

Mr. Marshall has been with the Weyerhaeuser company for many years and has a large acquaintance all over Western Oregon.

"The assessor of Coos county was responsible for the act. He told me later that he saw that the only people who were taking advantage of the 3 per cent rebate were the ones who had ready money.

After attending to a few business matters and visiting with friends for a short time, Mr. Marshall left on the 3:00 o'clock train for Portland.

F. H. BRUNDAGE TRANSFERRED TO OFFICE IN PORTLAND

Prominent Forest Supervisor to Be Succeeded By C. B. Hall of Roosevelt, Ariz.

F. H. Brundage, who has been located in Albany in the capacity of Supervisor of the Santiam National Forest, left today with his family for Portland where they will make their home.

In recognition of his strong qualities and abilities Mr. Brundage has been promoted to a higher office. He serves in the same capacity as his position here, but his new post is considered a more important one.

The new man to take charge of this office will be C. C. Hall, who comes from Roosevelt, Arizona.

INSISTS ON ADHERENCE TO NAVAL BOARD SUGGESTIONS

Senator Poindexter Seeks to Dictate Policy of Preparedness Congress.

Spokane, March 28.—The chairman of the Northwest Preparedness Congress read a paper from Senator Poindexter urging adherence to the recommendations of the naval board.

Washington, March 28.—The house judiciary committee linked the suffrage prohibition amendments together today and indefinitely postponed action on each.

A SUGGESTION.

The suggestion was well made to the Democrat today that there are a large number of vacant lots in the city covered with weeds, that might well be used for gardening, and that the owners could well afford to give their lots free.

Whereas, the British government has recently placed an embargo against the importation of dried and canned fruits, and has during the present European war, seized shipments of dried fruits enroute from the United States to Foreign ports, thereby injuring the export trade on such commodities; and

Whereas, the prime crop of Oregon, Washington and California for the year 1913 amounted to about 150,000,000 pounds, and of which about two thirds was shipped to foreign countries; and

EMBARGO HURTS OREGON GROWERS

Commercial Club Passes Resolution Asking Congressmen to Oppose Britian.

EMBARGO ON FRUITS CUTS EXPORTS TWO-THIRDS

Matter of Taking Over and Improving G. A. R. W. C. T. U. Property Unsettled.

Declaring that Albany should do its part towards influencing the Oregon members of congress to do all in their power towards getting Great Britain to remove the embargo on dried and canned fruit, the Commercial club last night drew up resolutions which have been approved by the legislative committee and forwarded to the senators and representatives from this state.

California growers and packers are already greatly alarmed over the prospects for the coming fruit season. Whether to buy heavily or not and prepare for the unusual demand is the question.

Communication was read from John M. Scott, referring to Gardiner and Fisher of Albany, N. Y., as National Home Finders or information bureau.

The report of the committee on publicity and conventions advised that the club invite the Federal market experts to address the people of this community, and suggesting that an endeavor be made to have them here at the next monthly get-together meeting on April 10th.

The committee appointed on March 20, composed of Messrs. Litter, French and Wieder, to investigate the cost of repairing the G. A. R. building, could not make a complete report as the bids for the improvement of the building were not all in, and on motion was carried over for another week.

The committee appointed to consider as to the disposal of the building or keeping it for club purposes presented their report, and on motion it was laid over until next meeting.

A CIRCUS IS TO BE HERE SOMETIME IN THE FUTURE

Under Auspices of Y. M. C. A. With Jim Van Winkle As Ringmaster.

Last evening the embryo Barnums met at the Y. M. C. A. building and launched the preliminary plans for what is to be the biggest, brightest, the best, the surpassing, the surprising, the superb—language fails us, anyhow the Y. M. C. A. is to produce a circus in the near future.

The report of the committee on publicity and conventions advised that the club invite the Federal market experts to address the people of this community, and suggesting that an endeavor be made to have them here at the next monthly get-together meeting on April 10th.

The committee appointed on March 20, composed of Messrs. Litter, French and Wieder, to investigate the cost of repairing the G. A. R. building, could not make a complete report as the bids for the improvement of the building were not all in, and on motion was carried over for another week.

Another Steamer Sunk.

London, March 28.—The British steel steamer Empress Midland was sunk and presumably submerged, all hands being saved, it is announced.

Whereas, the value of the prime crop in Oregon is from \$1,000,000 to \$1,500,000, and from present indications the 1916 crop will be greater and, whereas, the prime crop is increasing yearly and becoming an important industry in the development of the state;

GERMANY TO BE ASKED TO EXPLAIN

Matter of Sussex Will Be Pushed With View of Getting Facts.

WHETHER SUBMARINED OR NOT QUERY

Diplomatic Relations Will Probably Be Severed Only By Yellow Journals.

(By United Press) Washington, March 28.—The state department will ask German if a Teuton submarine torpedoed the Sussex, was announced following a cabinet meeting.

This afternoon Secretary Lansing cabled Berlin asking whether a German submarine torpedoed the Sussex and Englishman. The cablegram said he evidence now in possession of America indicated submarines responsible.

London, March 28.—Fragments of bronze which the British officers found aboard the Sussex are pieces of a torpedo, it is authoritatively stated.
