A Prominent Seattle Physician's Endorsement

"Having been a specialist on such disorders for 20 years, and having had under my care for Cook County, Chicago, Ill., thousands of cases, besides establishing a hospital where such cases could be treated, I believe my opinion as a teacher and an authority should be recognized. I want to express my deep appreciation to you for what you are doing for the public. You are doing more for people this week than I have been able to do in 20 years."
