CITY NEWS

Forestry Students—

A group of 12 students from the Forestry Department of O. A. C. passed through the city this morning from Corvallis on their way to Oregon City where they will inspect the paper making process in the mills. From there they will go to Portland to go through some of the larger saw mills, and then to Linnton to visit the preservatory plant.

To Inspect Watches—

John M. French went to Detroit this morning to finish up some watch inspecting work for the S. P. Co.

Modern Travellers—

Will meet with Mrs. H. F. Merrill Saturday afternoon at 2:30 o'clock.

Wheeler Oakman Fine—

Wheeler Oakman, who takes the title role in "The Ne'er Do Well," playing at the Hub last night and tonight, certainly fits the part to perfection. Kathlyn Williams, who plays the part of Mrs. Cortlandt, is also great. "The Ne'er Do Well" one of Rex Beach's most famous novels, makes one of the best photoplays ever seen here, and the audience who saw it last night was

held spellbound through the entire nine reels. There are two fights in the play that do justice to any ever done by the famous Wm. Farnum.

Caught "Some" Fish—

Rocky Willis and a companion went fishing in the Santiam River Wednesday evening and made a catch of Dolly Varden trout that was worth while. Twenty-one of the fine fish were landed in a short time, the largest of which measured 21 1-2 inches in length. The majority were about 16 or 18 inches. A fine platter of some of the catch is displayed in the window of the Albany Gun Store.

County Court in Portland—

County Commissioners J. D. Irvine and T. J. Butler left this morning for Portland where they expect to be joined by Judge McKnight this afternoon. They will attend to business matters for the county while there and attend to business matters for the county while there and attend a tax payers' meeting and drainage meeting while there also.

Freshmen Teams to Play—

Merle Briggs and Earl Duncan, members of the O. A. C. freshmen baseball team, spent a few hours in the city today with their parents. They left on the 11:05 electric for Eugene where this afternoon the O. A. C. and

U. of O. freshmen teams do combat on the diamond.

Will Give Daughter Jairos—

At the Baptist church Sunday night the Daughter of Jairos is to be presented by the singers of the church, assisted by Miss Mary Williamson and others of Corvallis. It is a fine thing, which the choir has been spending several weeks on, and will be worth hearing.

More Maxwells Sold—

Three more Maxwells have been sold by Waldo Anderson & Son, as follows: W. J. Reed, Albany; Mrs. M. G. Stetter, Albany; Elmer Goff, North Albany.

Answer to Amended Complaint—

Recovered \$250—

In the circuit court at Salem yesterday afternoon the jury in the case of Jessie Mosier, guardian for Guy L. Hill, of this city, against Al G. Barnes, in favor of the plaintiff for \$250. Weather Report—

Yesterday's temperature ranged between 40 and 63 degrees. The rainfall was .65 inches and the river rose to 5.4 feet.

The Easter Revival—

The Easter revival meeting now in progress at the Christian church will close on Sunday night. Announcement of the special services for Sunday appears in another part of this paper. There have been fourteen added to the membership of the church so far this week. The sermon tonight will be "The Living Christ." The special music will be a solo by Miss Floy Filer.

Newspaper Men Here—

E. E. Brodie, president of the state press association, and Phil Bates, secretary, are in the city, meeting with newspaper men in the interest of a bill providing for uniform rate for legal advertising. They intend to cover

The Spot Light

What can we do when the world is at war?
What can we do but wait?
We have welcomed Teuton and Slav and Celt
In at our friendly gate.

Donebrou, tricolor, union jack,
Eagle and crescent unfurled
Rightly their kin to the top of the drum—
But we are the kin of the world.

What can we do when the world is at war?
Refrain from love or hate.
Stay our hand or give tongue to our grief—
There is nothing to do but wait.

Peace is our portion, bitter with herbs;
Little our talk is worth
When we have no power to be heard by
our kin—
And we are kin to the earth.

650,000 ACRES FOR CAMPERS AVAILABLE IN NEW ENGLAND

Government Will Lease Five Acre Tracts at \$5 Per Year.

There has been widespread interest in New England states in the decision of the United States forestry bureau to open to summer campers and vacationists 650,000 acres of public lands in the White mountains of New Hampshire, and many have taken it for granted that the terms offered by the government, \$5 per annum for tracts of five acres for each person, the leases to run for thirty years, will be taken advantage of by thousands of persons next summer.

But there are some aspects of the offer that are likely to make it less attractive on closer investigation. The rate specified is less nominal than would appear at first sight, for whereas \$5 a year for five acres is cheap enough and a thirty year lease would cost only \$150, it must be considered that there are in New Hampshire, Maine, Vermont and Massachusetts thousands of acres of land suitable for camping sites that may be purchased outright for \$5 per acre, so that for a total outlay of \$150 one may obtain not five, but thirty acres of very desirable land.

The waste lands in Massachusetts that may be obtained for next to nothing run into the thousands of acres, and inquiry at the state forestry commission shows that any quantity of such land can be purchased on lakes where the fishing and boating are excellent and in beautiful scenic surroundings. The state is buying up

the whole state. Just Eastern Mail— There is some misunderstanding regarding the time for mail. It was announced yesterday that Eastern mail would be placed in lock boxes in time for people to get it before going to dinner. This does not include Portland or any other mail. There is no change on the other main line mail. The Mill City, Lyons and Shelburn mail will be put up earlier than usual with the new motor service. By 9:30 people having lock boxes can get mail from the frontier.
