Have You Planted Those Seedlings?
You cannot build a wall without single bricks. You cannot put up a barn without single boards. You cannot raise wheat without single grains. You cannot build up a bank account without single dollars. If you despise the little things, you can never attain to the big things. Bear that in mind for your self. Bear that in mind for your children. Teach them—learn yourself—by beginning a small account for your children and yourself at this bank.

It has been well said that the little things make up the sum total of life—and little habits that of character. They are the seedlings of character—Mosaics.

WOMEN'S GLEE CLUB U. O.

Gives a Program Full of Snap that Takes With the Crowd, It Is the Best Yet.

Under the headline, "Girl's Glee Club Best Ever," the Morning Register, a Eugene daily newspaper, had this to say of the Women's Glee Club of the University of Oregon which will appear in the Globe Theatre tomorrow night, in a benefit concert for the Women's Building of the university.

The University Girls' glee club concert last night at the Eugene theatre was a decided hit all the way through. It can be said to have been the best concert ever given in Eugene by the University women.

Every member was entertaining and with a mixture of skits, stunts and features the program was exceptionally well received by the audience. Miss Margaret Spangler, of Eugene, won the rag-time playing contest.

The "Dusk Witch" and "Will-o'-the-Wisp" scenes at the beginning of the concert were a departure from the usual concert program and were immensely popular with the audience. Fireflies were cleverly imitated by the use of electric flash lights.

The playlet, "10-20-30" was received with great favor. It represented a number of stranded actresses from New York at "Sharpe's Crossing" and their experience with the natives. The audience was kept in a state of laughter through the entire act.

Great Career is Predicted for Pretty Hellen Rosson.

Pretty Helen Rosson, co-star with E. Forest Taylor in the Mutual Masterpicture De Luxe Edition "True Nobility," a five act modern drama of the West which will appear at the Ralfe Theatre tonight and Tuesday, is one of the youngest of the screen stars whose acting is attracting favorable comment wherever she is seen. Miss Rosson is still in her teens and is noted for her sweet manner and remarkable beauty.

Critics of motion pictures are unanimous in asserting that Miss Ros-

son is one of the most natural of the leading women now appearing in film production. She is considered a find by directors and already is being heralded as one of the great emotional artists in the silent drama. She possesses great powers of expression and a remarkable insight into any character she is called upon to interpret.
