WOODBURN GETS FACTORY.

Retail Merchants Subscribe to Stock and the Lord is Thanked By Everybody.

Independent: The Retail Merchants' Association had a banquet and business meeting at Bomhoff's Tuesday evening and all who were there felt that it was good to be there. President F. X. Beck occupied the chair. There was such an air of optimism that all left feeling much cheered. All the old efficient officers were reelected by acclamation. It was reported that the loganberry juice factory was held up on account of the necessary cash subscription.

to stock being short. Members present immediately subscribed for the required amount of stock and in a short space of time made a juice factory for Woodburn a surety, clearing away all obstacles. It was only another indication of how the association does things. The glorious news soon got over town and every one hearing it rejoiced at the good fortune of Woodburn and thanked the Lord that Woodburn had a Retail Merchants' association in full working order.

Have You Planted Those Seedlings?

You cannot build a wall without single bricks. You cannot put up a barn without single boards. You cannot raise wheat without single grains. You cannot build up a bank account without single dollars. If you despise the little things, you can never attain to the big things. Bear that in mind for your self. Bear that in mind for your children. Teach them—learn yourself—by beginning a small account for your children and yourself at this bank.

It has been well said that the little things make up the sum total of life—and little habits that of character. They are the seedlings of character—Mosaics.
