BUICK WINS PRIZED NELSON TROPHY CUP

Most Prized Cup of Coast Won in Ride Between Los Angeles and San Francisco.

Driving the same Buick D-6-45 which broke the record via the Valley Route on April 25 last, Joe Nikrent started from Los Angeles May 14, and after crossing the three mountain ranges reached San Francisco two hours and one minute ahead of the best previous record. The 464 miles were traveled in 12 hours and 47 minutes and 50 second, thus winning the Fernando Nelson Trophy.

This trophy, which has been contested for since 1904, has long been considered the most prized cup on the Pacific Coast. It was offered by Mr. Fernando Nelson of San Francisco, as a perpetual trophy for the fastest time by automobile via the Coast Route between Los Angeles and San Francisco.

Prior to May 14, the Buick car had never contested for this trophy over the coast route. While holding the record between San Francisco and Los Angeles via the Valley Route, they were not satisfied, and determined to try for the trophy over the Coast Route, although this represented a much harder trip.

No trouble was experienced, but half of the distance was run through a heavy fog, making the mountain driving unusually dangerous. In spite of this the average time was better than 36 1-3 miles per hour. The trip was made with a regular stock Buick light "Six," known as the Model D16-45, and it has undoubtedly established a record which will stand for sometime to come.

FINE ACTRESS COMING.

May Robson in Comedy of Love and True Sentimental Romance.

That distinguished comedienne, May Robson, said to be jolly as ever and full of humor and humanity, will present her great success at the Albany Opera House Monday next for the first time in this city, and give to us her new offering "The Making Over of Mrs. Matt," which has taken rank among the stage classics.

The story of Mrs. Matt, revolves around the doings of a kind young mother from the middle west, whose husband, having suddenly become very wealthy, desires her to enter the field of "the 400," but who, thinking the good old-fashioned ways, and the happy mater-of-fact doings of the real people, superior to that of frivolities of society, cannot see her way clear to grant her husband's desire. Incidentally, the father has selected a rather smart young lady as a wife for their son, while the mother has notions of a little sweet home girl, and there the "clash" commences, and one can well imagine how Miss Robson with her knowledge of human nature, with her conception of comedy ideals, and her grip upon the heartstrings can bring both tears and laughter from her auditors. A superb production and a cast of exceptional worth.

THE GREATER WILL.

Cyril Maude and Lois Meredith Featured at Globe Today.

"The Greater Will" is the title of the five part Pathe feature picture at the Globe theatre today. This play is full of thrills and interesting situations and is up to the usual high standard of Pathe productions. Cyril Maude, who plays the leading role, is a new actor to the Albany public, but he has long since won his laurels on the speaking stage in musical comedy and other dramatic productions. He is assisted by pretty Lois Meredith, who was seen here last week in "The Precious Packet." The play will run today and Saturday, and two other reels accompany the bill.

G. G. Brown, the loganberry juice man, returned to Portland this morning after a conference with associates in this city interested in the establishing of a loganberry juice plant. The proposition is sure fire.

John Neely went to Salem this morning.

Gale S. Hill was a business visitor to Salem this morning.

John F. Steiner, a pioneer resident of Marion county, returned to his farm near Jefferson this morning after a business visit in Albany.

C. E. Brandebury went to Salem this morning on business.

Miss Nellie Snuffer, of Toledo, arrived in the city last evening.

Old Gentleman Comes From Portland to Have Cancer Removed

Mr. W. D. Illingsworth, an old gentleman of 80 years of age, who usually lives with his daughter in Portland, came to Dallas last week to have Dr. Toel remove a cancer from his cheek. He had always had a mole on his cheek, but about twelve years ago he put some acid on it, which started it to grow larger.

Twice he allowed his barber to put some caustic on it, but it always returned. Then he had it eaten out with plasters, but again it returned and grew larger until now it was the size of a plum.

Having heard of Dr. Toel's bloodless, electrical operations for cancer he decided to have it removed thoroughly by this process.

He came in with his son who lives five miles from Dallas and went to the office of Dr. Toel this morning to have the operation performed. As soon as the operation was over

there was no pain at all, which is one of the great advantages of electrical operations over the use of eating plasters, which often cause extreme pain for hours and days. Mr. Illingsworth will stay with his son until the wound is healed. (adv.)
