PHILOMATH PLEASES

(Continued from Page 1.)

"Broncho" Bob Hall, whose drunken ride put a thrill in the audience. Standing on the saddle of a swiftly running horse he swayed drunkenly in the air, waving a bottle as he rode the unbridled steed. He also startled the crowd when he made a spectacular leap from the running board of a high-powered auto, swung onto the

horns of a badly frightened steer and bull-dogged it in less time than it takes to tell the story. In the bucking contest Hall refused to leave the saddle, and proved himself an all-around performer.

Among the trained cowhorses that caused comment was the gray mount of R. P. McClelland, a beautiful, intelligent animal that was a great help to its rider in roping and tying a steer in 40 3-4 seconds. McClelland is among the best ropers at the Round-Up and won second place yesterday.

DIVORCES ARE GRANTED TO THREE COUPLES

Judge Kelly last night rendered a decree of divorce in favor of plaintiff in the case of Maud Drinkard vs. Clyde C. Drinkard, granted her custody of their three children and \$15 per month alimony.

A divorce was granted to Nora Steel from Ernest T. Steel.

This morning Nina Hower was granted a separation from B. R. Hower. Plaintiff granted custody of children.

Scooped a Salmon—
A salmon three feet long was caught this morning by the gravel bucket at the county gravel plant on Water street at the foot of Jefferson. When the bucket was emptied a large salmon began to flounder around in the bunker. How the large fish ever got caught in this manner is a mystery, but it is supposed to have been lying on the bottom of the river and tangled in the scoop.

"Buffalo" Vernon's well-trained horse also caused considerable comment. It is a strong little bay that knows exactly what is expected of it and materially assists its master in making the wonderful performances he does.

In the bucking contest Everett Wilson stayed on Shannon, Joe Ride-nour on Alsea, a wild lunging animal; Bob Hall stuck to his mount; "Buck" Foster managed to stay with Silver Jim and Fred Sport had no trouble with his horse. But not so with Ed. Bush on Teddy Roosevelt. Teddy is a wild, outlaw horse with a reputation, and only needed about three good bucks to send his able rider to the ground. Bush had hard luck yesterday, missing his steer in the roping event, his minute and a-half elapsing before he caught his animal. In the bull-dogging contest he drew the hardest steer and took 1 minute and 50 seconds to throw him, and he drew the worst horse in the valley to buck.

The most amusement and the most excitement occurred in the last event, the wild horse race. In this race the wild horses are brought onto the track by a lariat and turned over to the rider, who is allowed one helper. They are given time to put a halter on their mount, and at the signal they are to saddle and ride once around the track. About twelve mustangs were brought onto the track at once and all sorts of fun followed the efforts of the riders and helpers to get bridles and saddles on. Several broke loose, and the lunging, frightened outlaws made it merry. The event was finally won by A. R. Kyle.

The cow-girls' race was won by Edith Ray on Somolet. Miss Ray is an easy graceful rider, and also did several fancy tricks at the opening performance. Loin Oniel won second and Lola O'Neil third, the latter's horse running into the grand stand. The time was 30 seconds.

The first day of the pony express race was won by "Shorty" Hall in two minutes and 25 seconds. Childs was second with 2:29 and Teetzie third with 2:58.

Shorty Hall also won the first day of the relay race in three minutes, Childs was second with 4:05 and Teetzie third with 4:05. Both the latter had trouble and fell. Frank McDaniels won the free-for-all quarter mile dash. In the Roman race E. A. Corty put up a good exhibition, but had no opposition. The maverick race and wild steer riding furnished considerable excitement.

A score or more of Siletz Indians gave native dances in costume and presented the wild, weird dance of the olden days, which was greatly enjoyed. Among the special dances which were good were the bear dance, the sun dance, the death dance, the betrothal, and the fight.

Albany people were greatly in evidence on their day, over 500 going over. Today Corvallis closed tight for the event and the whole of O. A. C. town is at the Round-Up in force. Tomorrow will be Salem and Eugene day and the biggest crowds of the week are expected to see the finals in the big events. It is a show worth seeing.

HIGH SCHOOL CONFERENCE Being Held at Eugene this Week Albany's Six and Six System Is Favored.

Register: The "six and six" plan of education—six years of elementary work and a six year high school course—in the introduction of the junior high school in the public school system of the state, was generally favored at the second session of the high school problems conference at the University yesterday. Today's session closes the first half of the conference, next week being taken up with a conference on school administration.

The consensus of opinion of the principals and superintendents who took part in the discussion was that the "six and six" plan is a great improvement over the present system of eight years in the grades and four years in the high school.

The program yesterday afternoon was: Recent Progress in the Six Year High School Course, Superintendent George W. Hug, McMinnville.
