Everything Always for Less **The Golden Rule** Everything Always for Less

NEARLY 2,000 SEE "BIRTH OF A NATION"

Great Griffith Spectacle Will Return and Others Coming in Future.

Over 1,900 people of Albany and vicinity witnessed "The Birth of a Nation." D. W. Griffith's great production, the first three days of this week, and paid over \$2,000 for the privilege. But so far as known not a person was not satisfied. Everyone seemed to be glad of spending the dollar or dollar and a half for a seat. It was indeed a historical treat for school children and was worth a whole year of history in school with regard to events leading up to and through and following the Civil War. The music with the film was alone worth the money.

Over half of the members of the orchestra are members of the Minneapolis Symphony Orchestra and are all high-priced musicians. The music is one of the big features of the play, and the orchestra is playing practically the entire time the film is being shown.

Conrad Myers, manager of the Globe Theatre, stated this morning that "The Birth of a Nation" will be back here in October when those who did not get a chance to see it will be given another opportunity.

In this great picture the power of advertising is aptly illustrated. The company spent over \$500 in and around Albany, mostly in newspapers, in getting the picture before the public. The fact that the play is now so well known in this locality will make the second advertising campaign expense lighter, and the public will be given the benefit of the difference. Top prices on the next performance will be one dollar.

Pictures made under the direction or supervision of Griffith are shown every week at the Globe Theatre on the Triangle program; but while they are fine examples of the producer's art, they are necessarily not in a class with this big play just past. However, even in the pictures that show for 15 cents Griffith's genius is often seen in battle scenes and other views of a big scope of action.

In the near future another big play made by Griffith will be released. It is "Ramona" a Spanish romance. It is also about 12 reels in length, and will carry a string orchestra of 50 pieces. The music is now being rehearsed. The harpist, recently with the company just here returned to Minneapolis a short time ago to join in the rehearsals with the string orchestra. And later will come another great Griffith picture, now being made. It is known at present as "Woman and the Law," but the name will be changed before presentation. It has been over a year in the making and will require two years to complete. Double the money spent on "The Birth of a Nation" is being spent on this play—over a million dollars. Recently the "supers," the people taking part in army, mob and other scenes, were served a noon lunch. The number engaged in the play can be estimated by the fact that several wagon loads of sandwiches were served, soup brought in huge urns, also the coffee. This one lunch cost over \$1,700 and was only a lunch, soup, sandwiches, coffee being about all that was served. The motion picture business is truly a great enterprise.

Another great picture to be seen here in the future is the Annette Kellerman \$1,000,000 picture, "A Daughter of the Gods," made by Herbert Brenon for Wm. Fox on the island of Iannica. It is a wonder for scenic beauty, gorgeous scenes, pretty girls, nymphs, etc.

CITY NEWS

Returned from Kansas— Mrs. F. G. Franklin has returned from Kansas, where she spent six or seven weeks with her folks, her father dying while she was there.

Dodge Sold— The Ralston Motor Co. reports the sale of a Dodge to Dr. Chas. Cleek, the dentist.

Home Again—Gone Again— Henry Vollstedt and Duncan Monteth returned yesterday from a trip to Southern Oregon. Crater Lake, over the mountains and home through Eastern Oregon, and down the Columbia Highway to Portland. They had a splendid time, making the trip in Vollstedt's Ford with no trouble. This morning they left for Newport where they will take in a few breaths of ocean air before returning to their positions for the rest of the year.

Went to Tacoma— A. M. Fair, who has been working at Gates the past few months, left yesterday for Tacoma.

Returned to Portland— Art Bryan returned to Portland this morning after visiting in this city.

Attended Big Movie— Albert Epperly, of Lebanon, was among those attending "The Birth of a Nation" last night.

Weather Report— Yesterday's temperature ranged between 72 and 55 degrees. The river stands at 2 feet.

Council Meets Tonight— Tonight is the regular meeting of the city council, in the council chambers, Second and Broadalbin streets, 7:30 p. m.

Car Turned Over— Sherl Smith, manager of the Albany Furniture Factory, was in Portland yesterday, and while trying out a big Cadillac he received injuries that, while not serious were painful. While going at the rate of about 45 miles per hour one of the front wheels came off, throwing Smith to the ground and tearing the ligaments from his left shoulder and in his wrist. A few minutes before he had been traveling at the rate of 85 miles an hour. The accident was caused by the fact that the man who put the wheel on forgot to put on a cotter key and the nut came off.

Prettier Than Cleopatra— Virginia Pearson, appearing in her second picture play for William Fox in the society drama, "Hypocrisy," which comes to the Rolfe Friday, is the finest type of beauty in America, excelling in perfection Cleopatra, the ancient beauty of whom Miss Pearson has been considered the modern prototype. This assertion has been made, not alone by the publicity writers of the Fox organization, but by no less an authority than George Harwood Barrett, noted painter of New York's Fifth Avenue society beauties and an illustrator of international reputation. "The Cleopatra of history to whom Miss Pearson has been likened was beyond question quite beautiful," he says. "But the best authority will prove that she was almost petite. She was not the radiant or opulent beauty such as you find in Miss Pearson. She was, I feel certain, of an irregular physical type, not the woman of perfect contour and superb fullness and curve that one sees in Miss Pearson."

COMING EVENTS. Aug. 1-10—Supreme lodge K. of P. Portland. August 4 to 7—Oregon State Editorial convention, Medford. August 7 and 8—Woodrow Wilson leagues meet in Portland. August 25—Marshfield excursion. September 4 and 5—Willamette Valley Firemen's tournament, Corvallis. Nov. 7—Election. Sept. 6, 7, 8—Linn County Fair at Scio. September 25 to 30—Oregon State Fair.

EDITOR RETURNS FROM CONVENTION AT MEDFORD

Trip to Crater Lake Was a Great Event With Record Crowd Present.

Editor and Mrs. Depew, of Lebanon, returned last night from Medford, where they had been to attend the annual convention of the State Press Association. It was one of the best, if not the best yet held, and Mr. Depew was very enthusiastic over the splendid time had. E. E. Brodie was re-elected, a live wire, and Pendleton was selected as the meeting place next year. The trip to Crater Lake was the event of the convention. The attendance was declared to be the largest in the history of the park, 458 people and 101 autos, of which 145 were editorial visitors with 35 autos. This beat the Knights of Pythias gathering, when there were 437 registered, with 97 autos. After seeing the lake during the day they had a camp fire in the evening, with 200 around it. Among those present was Will Steel, father of the lake, once an Albany newspaper man, who made the speech of the evening. Arrangements were made for editors of country dailies to meet in Portland September 11 to consider cooperative measures.

Charles, Jr. will remain at the beach during the rest of August.

Taking Trip— R. Schultz and Mrs. Sturmer left yesterday for Forest Grove, on a visit at the home of Mr. Schultz' son, W. F. Schultz. Later Mr. Schultz and son will go to Mitchell for a visit with another son, R. H. Schultz, formerly of this city. He is now 85 years of age.

Heard Sunday— Rev. Edgar was among the Albany people who heard Billy Sunday last night.

ATTEMPT TO BREAK WILL OF BENJ. SHEPHERD MADE

Dissatisfied Heirs of Benjamin Shepherd Would Have New Administrator.

E. L. Shepherd today filed suit in the probate court asking that the will of his father, Benjamin Shepherd, be set aside and that some one besides M. G. Shepherd, another son, be appointed administrator. The case promises to be a hot family fight for the possession of the property of the estate of the dead man.

The petitioner claims that his father was 82 years old at the time he signed the will on May 28, 1915, and was suffering from a disease known as shingles, from which he died Sept. 6 following. It is alleged Benjamin Shepherd was in weak mind and followed the suggestion of his son, M. G. Shepherd, and the son's wife. It is alleged that M. G. Shepherd lived on the place and influenced his father to deed to him valuable property. The estate is valued at over \$4,000. N. M. Newport, who acted as attorney for Shepherds when the will was drawn, stated today that the elder Mr. Shepherd was in sound mind and appeared clear and knew what he was doing when he made out his will. He claims it is an attempt on the part of some of his heirs, who are dissatisfied with the will, to break it and take from M. G. Shepherd, who was favored by the father.

Twin Tires?—No

One's a Goodyear as It Might Be The Other Costs Us \$1,635,000 More

This is to prove that you can't judge tires by looks. Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values, and those unseen extras, on this year's output, will cost us \$1,635,000. This year's betterments alone add to our cost \$500,000 yearly. Yet our 1915 price reduction saves our users about five million dollars.

No Price Excuse This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete

with the Goodyear, because of our matchless output. None does. Goodyear excels all other tires in at least five important ways.

You Deserve It You deserve the Goodyear quality when you buy a tire. You deserve Fortified Tires, with the No-Rim-Cut feature, the "On-Air" cure, our extra-strong fabric, our number of plies. You deserve in anti-skids our All-Weather tread, tough, double-thick and resistless. These things have brought Goodyear the largest sale in the world. They are saving our users millions of dollars yearly. They are at your command. Any dealer, if you ask him, will supply you Goodyear tires. (2451)
