A GREAT REVIEW.

President Wilson's program from the start has been a constructive one. He has not only talked well, but he has done things in the interest of the people. Here is the record:

1-The federal reserve banking law, which takes from Wall street the power to control the money volume and makes money panics impossible. 2-Law revising the tariff downward-taking the duty off of the necessities and placing it on the luxuries of life.

3-Election of United States senators by direct vote of the people.

4-Income tax law-which lifts the burden of taxation from the shoulders of the masses and places it on those better able to bear it, the rich.

5-The law extending parcels post-increasing weight limits-reducing postal charges.

6-The law creating a federal labor employment bureau.

7-The law creating a secretary of labor in the president's cabinet.

8-Rural credits law-giving financial freedom, long delayed justice, long time loans, low interest, to the farmers.

9-Federal trades commission law-aiding and protecting honest business, curbing lawless trusts.

10-Seamen's law-humanizing labor conditions on shipboard and lessening the dangers of ocean travel.

11-Clayton amendment to anti-trust law-preventing control of big corporations by few men, declaring that "labor is not a commodity."

12-Alaska railway law-opening America's storehouse to the people.

13-Eight hour labor law on all government work.

14-Law providing government money to aid in moving farmers' crops to market when Wall street is holding money for speculative purposes.

16-He averted a threatened panic at outbreak of the war by offering to use government money to relieve the business situation.

17-He perfected 29 peace treaties with other nations, thereby greatly lessening the danger of war.

He is now urging congress to pass the following laws:

1-A tariff commission law, taking the tariff out of politics, policies out of tariff and regulating it on scientific business principles.

2-Inheritance tax law.

3-A law taxing munitions of war.

4-Child labor law.

5-A merchant marine shipping law, curbing and controlling the greatest of all trusts, the shipping trust.

He has kept us out of war, maintained a strict neutrality, strengthened and extended the Monroe doctrine to South American countries.

He has refused to be forced into a war of revenge or conquest with Mexico, has extended the hand of friendship rather than the mailed fist.

More progressive legislation has been enacted during the Wilson administration than in the previous 40 years, vitally affecting the people's welfare.

SOME T. R. EMBLEMS.

Bridgeport, Conn.-John Flood, delegate from Fairfield county to the Progressive national convention in Chicago, will ship a large box to Theodore Roosevelt at Oyster Bay, L. I. It will contain five bandannas, seven Roosevelt photographs, a dozen Roosevelt campaign banners, a large collection of Roosevelt buttons and badges, personal letters from the Colonel to John, and a short but expressive letter from John to the Colonel.

The letter in effect, will say that Mr. Flood is "cured." Once a rabid Roosevelt follower, Mr. Flood is mad clean through at the way he and about 900 other delegates were "jolted along for a week and then dumped."

The letter will request that the contents of the box be used for a bonfire to drive away the mosquitoes at Oyster Bay.

"I'm for Wilson," said Mr. Flood to a reporter, "and so are hundreds of delegates who sat in the Progressive convention and saw the leader whom we had followed faithfully, almost fanatically, step forth and try to dump us."

MISFITS

Fine, Hughes charges his collar whenever it gets wilted.

Later he has also cut his whiskers so his smile can be seen.

Mr. E. Lane and Miss C. Bay are to be married at Marshfield on the 25th with a bifaulting ceremony. Everybody invited.

Salem Girl is Fast, is a newspaper heading. In justice to the others it should be said that this particular one is a race horse.

Now, we guess the devil is squirming after the lashing Billy Sunday gave him.

Shades of the former great Connie Mack. Nineteen straight defeats.

11 or 12 eggs weight a pound, shells and all. The egg eater can figure the cost per pound himself.

There is one animal these days hardly known what he is, and that is the Moose. Just now he presents a mongrel appearance half way between a donkey and an elephant.

It is an easy thing to be very brave when some one else is going to do

the fighting. That old story about how Betty and I killed the Bear is acted out in real life frequently.

Weren't Prepared.

Baker City Herald: It's happened again-the annual hold-up of parties of American tourists in the west. This highwayman rode a motorcycle and was armed with a sawed-off shotgun which may or may not have been loaded. He stopped five motor-stage coaches in Yosemite Park and received donations amounting to \$400 in cash before he quit work for the day. And not one of those American citizens offered a protesting word or made any resistance whatever.

Just what it is that makes the average American eager to join the National Guard or the army as soon as there are prospects of a real scrap and yet leaves him completely indifferent to the thrills of battle when his enemy is a lone man brandishing a gun and masquerading as a bold, bad highwayman remains an unsolved mystery.

Twin Tires?-No

One's a Goodyear as It Might Be The Other Costs Us \$1,635,000 More

This is to prove that you can't judge tires by looks.

Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values. And those unseen extras, on this year's output, will cost us \$1,635,000.

This year's betterments alone add to our cost \$500,000 yearly. Yet our 1915 price reduction saves our users about five million dollars.

No Price Excuse

This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete

with the Goodyear, because of our matchless output. None does. Goodyear excels all other tires in at least five important ways.

You Deserve It

You deserve the Goodyear quality when you buy a tire. You deserve Fortified Tires, with the No-Rim-Cut feature, the "On-Air" cure, our extra-strong fabric, our number of plies. You deserve in anti-skids our All-Weather tread, tough, double-thick and resistless.

These things have brought Goodyear the largest sale in the world. They are saving our users millions of dollars yearly.

They are at your command. Any dealer, if you ask him, will supply you Goodyear tires. (2401)
