

MARY PICKFORD AT HER BEST AS PEPPINA

Incomparable Star Plays Difficult Role of Italian-American Girl.

It is a far cry from the tender little Japanese Cho-Cho-San of "Madame Butterfly" to the heroic figure of "Poor Little Peppina," but the art of the Famous Players star has enabled her to bridge that gap and to make of the near-Italian girl, who lives as a boy, one of the greatest characterizations of her long list of successes.

In this Paramount Picture, which is the feature of the Globe tonight, Miss Pickford gives an entirely different interpretation from anything that she has ever attempted. Her smiling society buds, her petulant school girls, her mountain maidens, her prim little misses and her adorable Japanese girl are all cast aside for this sweeping character in which she is a kidnapped child working in a Sicilian vineyard, a stowaway disguised as a boy, a "newsie," bootblack, a fruit vender, an employee of an opium den, a messenger boy and, finally the restored millionaire's daughter who comes into her own.

CITY NEWS

Former Albany Boy— Max Cohen, of Portland, has been in the city on a visit the guest of his sister, Mrs. M. Senders. He is a son of the late Sam Cohen, and spent his boyhood in Albany.

Left for Colorado— Mrs. Geo. C. Richards left on the early train today for Gunwood Springs, Colo., for a visit of several months at the home of her brother, Frank Lucas, a former Albany barber. Mr. Richards will join her later.

Here from the Sound— Chas. H. Wallace, of Charleston Navy yard, Puget Sound, arrived Saturday evening, for a visit, joining Mrs. Wallace and son. Mr. Wallace is a former Albany R. F. D. man, one of the first, afterwards being transferred to the government yards at Bremerton and Charleston, their home being in the latter.

Administratrix Appointed— Rebecca Davis has been appointed administratrix of the estate of W. B. Smith, deceased. She was also appointed administrator of the estate of Prior Smith, who died in Montana, May 30, 1905.

To Go to Minneapolis— F. M. French will leave tomorrow for Minneapolis to attend the national convention of jewelers, as representative of the Oregon Association of retail dealers. Minnesota is his former home state, being born there, with relatives at different places.

Big Vetch Yield— W. E. Parker was out to his farm yesterday. The thresher has been running in his vetch field with remarkable results. The yield so far in his fifteen acre field was running at the rate of forty bushels an acre. It may average less, but it indicates a big in-

come for the fifteen acres at 3 1-2 cents a pound.

Returned from Cascadia— Mr. and Mrs. W. C. Burkhardt have returned from Cascadia where they spent their vacation season. While there Mr. Burkhardt was able one day to make the limit in trout catching, seventy-five.

Nothing from Nothing— The Democrat has received the following notice from Minneapolis in reference to a former Albany man, who had an office in the First Savings Bank building: "In the matter of Alvin T. Powers, bankrupt, the trustee has filed his report therein and asks for his discharge. His account shows that he has received NOTHING, has disbursed NOTHING, attorney for trustee asks for NOTHING and attorney for bankrupt asks for NOTHING."

Albany Band Boys Appreciated.

Junction City, Or., Aug. 11.—By far the most interesting and entertaining band concert this season was given Thursday night by a number of the local band boys, assisted by members of the Albany and Harrisburg bands. A large number of people from the surrounding towns were present, besides a number of rural folk and Junction City people. Royal Thomas, of the Albany band, received enthusiastic applause after his trombone solo. The next concert occurs at Harrisburg two weeks from last night. It was through courtesy that the members of the Albany band attended and assisted with the concert and the people here express their thanks.—Guard.

SOME OBSERVATIONS.

By the Man About Town After a Trip Around the City.

On the steel bridge is considerable dry straw that has fallen from loads passing over the bridge that could easily catch fire from a cigarette or cigar dropped into it.

Four or five families have been camped just west of the north end of the bridge, having thirteen horses altogether, with numerous kinds of rigs, one an auto. One of the men said he had started for California, but had changed his mind and was going back to Portland or near there. Foster, the man recently from Mexico, continued his way northward by the west side.

A sign on a tree along the road reads: Eat at Hilbert Sisters Restaurant, Lebanon, and get your money's worth. That's reaching out for business.

Crossing the bridge and back we were passed by 25 autos, 9 horse rigs, one man on horseback, four bikers and 2 spitters.

Adjacent to water street there are over twenty different industries representing hundreds of thousands of dollars of business, hardly appreciated by Albany people: Senders warehouse, Fortmiller's warehouse, Albany Commission Co., Cameron's planing mill and ladder factory, Murphy seed warehouse, Cummings feed stables, Anderson's implement house, Brown's loganberry juice plant, O. C. T. office, Albany Sand and Gravel company and cement block factory, Albany garage, Sears' Planing mill, Albany Foundry, Hill's saw-mill, Hammond lumber yard, Roner Bros. box factory, Johnson's Best, O.

E. freight depot, Red Crown flour mill, Star and Albany tanneries.

A reminder of youth was a boy playing with a bumble bee, which he had gotten under complete subjection. His mother suggested he would get stung. "Naw, I won't let him."

Inventory Filed— The inventory of the estate of Carrie Gertrude Lister, deceased, has been appraised at \$2500 by John Bennett, F. M. Hyde and Levi Douglas.

Washington street pavement runs the furthest south, Main street the furthest north, Water street the furthest east and Elm and Ninth streets the furthest west.

"I RAKED HAY"

I am a boy of 11. I raked hay all through last season. When it was over I had \$5.00. I heard about other people putting their money in the bank, so I thought I would put my money in the bank. I am keeping my money in the bank, because I know where it is.

We want the boy who makes hay while the sun shines! Sun won't always shine. Rainy days come. Bring or send \$1 here to start your Rainy Day Fund. We want the boy who makes hay while the sun shines!
