ED. ROGOWAY'S STORY ABOUT THE MEN ARRESTED

Tells How He Helped Them, Giving Them a Start, and Then Their Ingratitude.

Editor Democrat: The two men I had arrested, came first to my place the 21st of July and asked me if I could do anything for them. I told them the best I could do was to give them half a dollar for their supper, and that they could sleep in my place. Next morning they came to the store. One of the two fellows was getting sick. He told me he was going to die. I left my store open and went after Dr. Davis, and told him to try and save him. Dr. Davis gave him a prescription which I had filled, costing me 65c. Afterwards I took him to the hospital. His partner told me what he could do. I told him, all right, I'd keep him until his partner got well. I gave him a dollar and he went away, and bought some junk. He made a few dollars. Third day his partner got out of the hospital, and I was glad to see him. He said "I wouldn't forget you forever, for you have saved my life. The same morning he asked me if I had a wagon and horse, that he wanted to go peddling. I told him I had a wagon and harness, no horse. They went to Pete Anderson and hired a horse by the day, peddling a week. I gave the fellows some stable and didn't charge them anything. He peddled until Saturday, and afterwards he asked if he could buy a cheap horse, as \$1 a day was too much to pay. I told them where to find a horse. They bought one from Anderson for \$30, paying \$15 down and I guaranteed the other \$15. After that they asked me if they could have the harness and wagon. I told them yes, and that they wanted a few dollars to go peddling with in the morning. I gave them \$10. They went in the morning to be back at night. After six days I heard from them at Eugene, and that afterwards they went to the California line. Then I had the men arrested at Riddle, and they brought them back here. When I saw them I felt bad that I had arrested them, and I begged him to not prosecute the men, and I sent Lawyer Risley to the men to try and help them out. I knew before that I would have to pay the expenses of the men. I didn't want to send them to the penitentiary, which was the reason I paid the expenses. These same fellows then tried to black my name. This is the truth. Does it pay to be good or not?
E. ROGOWAY.

A Poor Bank.

Salem, Or., Aug. 20.—Mrs. J. E. Steen, of this city, laid \$100 in gold by for a rainy day last Wednesday. She placed it in the pocket of an old overcoat which she luried in the bottom of a trunk. Saturday she had need of some money and went to the trunk. The trunk was there but the overcoat and gold were missing. The police are working on the case.

Not to Be Here—

Barnum and Bailey will not be at Albany on their trip, but at Salem, the nearest point. The city has been billed some for the event.

CITY NEWS

Attended Iowa Meeting—E. A. Young and family, of near Tangent, were at Salem last week attending the reunion of members of the Iowa Society, making the trip in their car. They are enthusiastic Iowans.

A Saginaw Girl—Beulah Salley, of Saginaw, is in the city on a visit at the home of her grandfather, W. A. Bodine, though only five years old, making the trip here alone.

Eugene Woman—Mrs. Dave Link, of Eugene, has been in the city on a visit with her sister, Mrs. Chas. Carter.

Returned to Idaho—Mrs. Agnes Wright left for her home in Idaho yesterday after a visit with her parents, Mr. and Mrs. M. B. Craft, for a few weeks.

U. P. Man Here—Hugh Bailie, United Press manager at Portland, was in the city yesterday on a short trip up the valley.

Fine Corn Orchards—There are several fine corn orchards in the western part of the city. Just now it is which and to whether Wiley Holman's or Wiley Kimsey's is the best.

Mrs. Pettit's Picture—Yesterday's Oregonian gave a picture of Mrs. Roy Pettit, who killed her husband in Mt. Clemens, Mich., of interest to Albany people because of the residence here of Mr. and Mrs. Pettit, as stated in Saturday's Democrat. Although it looks like a case of jealousy, the couple apparently not having had trouble, the women back there are showering Mrs. Pettit with flowers and sympathy.

Dr. Bell Passed Thru—Rev. J. R. N. Bell was in the city last evening on his way to his home at Corvallis from Portland, where he preached yesterday. Though he has retired from active work he continues to be in demand for sermons, a popular supply.

At Waterloo—Messrs. Ted Schlosser, Ed. Barrett and Grandpa Crawford yesterday motored out past many Linn county wheat fields to Waterloo, where they sat on the rocks and drank soda water, out of the same old soda spring that has been in use there for half a century.

Medical Student—Miss Lucille Hart has finished her summer school work in the San Francisco Medical College and is expected in Albany for the summer on this evening's train.

Nimrods Are Home—Fred Weatherford, H. B. Cusick, Dr. W. R. Bilyeu, and Louis Schurterman returned yesterday from their vacation at Smith River, 12 miles back of Belknap Springs, in the southeastern part of Linn County. All were lavishly bewitched with every kind of a hirsute style known to the territorial art. The services of four barbers were required for a considerable length of time this morning to store heads and faces to a recognizable condition. They report having had a splendid vacation with fishing plentiful. Dr. Bilyeu pulled out a 22-inch Dolly Varden trout, while all made good catches of large-size fish.

OAKLAND BOYS BAND WENT FROM HERE TO SALEM

Are a Fine Lot of Youngsters, Camping Out on Their Trip.

The Oakland "Boys" club, which played at the Globe Friday and Saturday nights, left this morning for Salem, where they will be at the Globe for two days. They are not only splendid musicians, but fine boys personally conducting themselves with propriety. They remained in Albany over Sunday. Making their headquarters in the Pfeiffer building down Second street, they ate and slept there, each boy having his own blankets. Mr. Mummer, the superintendent is accompanied by his two daughters, who assist in the cooking and looking after the interests of the boys. Heretofore they have camped out doors, but the weather has been getting too cool and damp for that. The youngest player is only eleven, the oldest, the leader and instructor, V. E. Ferry, 21. Ferry is a musical genius, besides being a splendid player, composing several selections of merit. He promises to be heard from.

LIBRARY NOTES.

The state library has loaned a number of volumes on Spain for the club use of the Modern Travelers. Six more books recently came for this shelf. A friend of the library has given another valuable scrap book, chiefly of pictures of the madonnas, for the children's room. There are several bulletins on House Flies, for free distribution; also a speech on "World Wide War Trust," by Representative Tavenner of Illinois. Ask for these at the desk.

The Southern Pacific sent the library a few copies of an address on "Accidents at Grade Crossings," by Hon. Alex. Gordon.

The last two issues of the extension Monitor of the University of Oregon are now on file, "Making it go in the Country," is an address on Journalism, by S. C. Killen, of Hillsboro. The June issue is devoted to journalism and is an interesting number. Correspondence study work is set forth in the July issue. These can be examined on the library table.

The last bulleting from O. A. C. experiment station discusses the topic: "The Drainage of White Lands" and other wet lands in Oregon. This is full of practical information and a valuable addition to the subject of drainage and irrigation. Prof. Powers and Prof. Zeeten have done this work.

Mrs. E. M. Sharp gave a beautiful booklet on Southern California to the library, also an art portfolio of photographs of the World's Columbian Exposition. Dr. A. C. Schmitt gave another reference book, "American Men of Mark of the Twentieth Century." The attendance at the library during the summer is keeping up well, there being from 90 to 100 in daily, oftentimes. During July there were 1925 visitors to the reading room, 35 new cardholders were registered. The circulation for the month was 1332 books.

The next meeting of the Pacific Northwest Library Association is to be held in Everett, Wash., September 5 and 6. The program may be seen posted on the bulletin board.

Everywoman has a good report of the work of the National Council of Women, and of the plans of the general federation of Women's clubs for the coming year. Oregon women will watch the guidance of Mrs. Cowles of California, the new president with added interest. Among the new books recently purchased are "When a Man's a Man," "Just David," "The Star Rover" and other popular novels. Two little boys who are daily patrons are reading two books a day.

Success vs Failure

Opportunity is not a jest—it's an everlasting fact. The one great basic difference between the successful man and the unsuccessful man is that the one is prepared to take advantage of opportunity when it comes—and rides on to success. The other is not prepared—and remains a failure. Are you preparing yourself for opportunity? \$100—a trifle in itself, but pregnant with possibilities that effect your future—starts your Savings Account with us today. And why not today?

If you cannot master your wants now, you will never be master of dollars in the future.

Twin Tires?—No

One's a Goodyear as It Might Be
The Other Costs Us \$1,635,000 More

This is to prove that you can't judge tires by looks. Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values. And those unseen extras, on this year's output, will cost us \$1,635,000. This year's betterments alone add to our cost \$500,000 yearly. Yet our 1915 price reduction saves our users about five million dollars.

No Price Excuse
This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete.

with the Goodyear, because of our matchless output. None does. Goodyear excels all other tires in at least five important ways.

You Deserve It
You deserve the Goodyear quality when you buy a tire. You deserve Fortified Tires, with the No-Rim-Cut feature, the "On-Air" cure, our extra-strong fabric, our number of plies. You deserve in anti-skids our All-Weather tread, tough, double-thick and resistless. These things have brought Goodyear the largest sale in the world. They are saving our users millions of dollars yearly.

They are at your command. Any dealer, if you ask him, will supply you Goodyear tires. (248)
