

There Are Two Ways of Walking— Correctly and Incorrectly Ground Gripper SHOES

will allow you to walk correctly because they are made on scientific lines, the shoe has a straight line on the inside of the foot, from the heel to the fore part of the great toe, which allows the toe to straighten, then the shoe has on it a Rotor Heel which will swing the foot, so that you toe straight, instead of toeing outward as you see in the illustration. When you walk correctly, your feet will never become tired or swollen.

GROUND GRIPPER SHOES FOR MEN AND WOMEN.
Come in and try them on, and let us explain them to you.

SEE WINDOW NO. 3.

This shoe is endorsed by doctors everywhere. This shoe is worn by every policeman in New York City.

NATIONAL ENCAMPMENT.

Grand Army of the Republic to Be Welcomed By Kansas City Tonight.

(By United Press)
Kansas City, Aug. 29.—The national council of administration and the committee on credentials of the fiftieth annual encampment of the G. A. R., concluded their sessions this morning and have prepared their reports for presentation to the official session of the encampment Thursday morning.
Tonight's semi-official meeting will bring together all the veterans and auxiliary organizations at the convention hall. Governor Elliott W. Major will deliver the main address of welcome and will be followed by Mayor George H. Edwards of Kansas City, William H. Wormstead, commander of the department of Missouri will welcome the veterans for the state organization.
Commander-in-Chief Monfort will respond.
The various auxiliary organizations, Sons of Veterans, Army Nurses of the Civil War, Ladies of the G. A. R., and the National Alliance Daughters of Veterans then will extend their greetings to the encampment. Past commanders of the G. A. R. will respond.

Returned from Cascadia—

Rev. Floyd Dorris, of Centralia, has returned from Cascadia, where he caught trout for a week or two and enjoyed the mountain breezes.

Republicans in Rough and Tumult Primary Fight in Michigan Today.

(By United Press)
Detroit, Aug. 29.—Political parties in Michigan today named their candidates for the November election. For the Democrats, the primary balloting was merely the formal ratification of the selections of the party organization chiefs, but Republicans were waging a rough and tumultuous struggle for nearly every place on the ticket.
Candidates were being selected for governor, lieutenant governor, United States senator, congress, state senate, and house of representatives.
Five men sought the Republican nomination for governor. They were Frank R. Leland, banker, of Detroit; Albert E. Sleeper, former state treasurer, of Bad Axe; Gerrit J. Bickema, of Holland, ex-congressman; Washington Gardner, former congressman and former commander-in-chief of the G. A. R., of Albion; and Sylvanus Wesselsius, of Grand Rapids.
Democrats cast their ballots for Charles H. Bender of Grand Rapids for governor, following the refusal of Gov. Ferris to seek a third term. Bender's name went on the primary ballot despite his protest that he did not want the nomination and "could not think of accepting it" because of business responsibilities.
United States Senator Charles E. Townsend, of Jackson, was opposed for re-nomination on the Republican

BIG TOTALS FOR FULLY FOREIGN TRADE

Figures today made public by the Bureau of Foreign and Domestic Commerce, department of commerce, show American imports for July were valued at 183 million dollars, a falling off of 63 million dollars compared with June. July exports amounted to 446 million dollars, a decrease of 19 million dollars compared with the previous month. But although the total foreign trade for the month fell below that for the record month of June it exceeded that of the previous July by 40 million dollars and is the July record for American trade.

The foreign trade for the year ending with July last also marks a new high record, being 6,748 million dollars, compared with 4,540 million in 1915. The twelve months' imports aggregated 2,237 million dollars, against 1,539 million last year, and exports 4,511 million compared with 2,883 million last year.

The favorable balance of trade for July was 263 million dollars, and for the year, 2,273 million. A year ago the export balance was 125 million for July and 1,225 million for the 12 months, while two years ago there was an import balance of 51.2 million for the month of July and an export balance of 443 million for the 12 months.

Of the July imports, 64.8 per cent entered free of duty, compared with 54.3 per cent in July, 1915.

The month showed a continuation of the net inward gold movement. The net gold imports aggregated 62 million dollars, as against gold exports of 9 million. Last year July showed gold imports of 17 million and exports of 2 million, while two years ago July gold imports were but 1 million as against gold exports of 33 million dollars. The net inward gold movement for the 12 months to August 1, 1916, aggregated 441 million dollars, as against 71 million in the preceding year and a net outward gold movement of 75 million in a like period two years ago.

CALIFORNIA PRIMARIES.

Governor Johnson in Primary Fight for Senatorial Nomination Today.

(By United Press)
Sacramento, Aug. 29.—Whether Gov. Hiram Johnson or Willis H. Booth of Los Angeles is to make the race for United States senator on the Republican ticket next November is the chief matter to be decided by Republicans of California in the primary election today.

Gov. Johnson is, certain to be on the fringe in November, for he has no opposition as a Progressive candidate. If he wins over Booth for the Republican nomination he will have one opponent next fall in the final election, being pitted against George S. Patton, Los Angeles, Democrat; Walter T. Mills of Berkeley, Socialist, and Marshall W. Atwood of Pasadena, Prohibitionist. Patton, Atwood and Mills have no opposition for the nomination. If Booth wins today, however, Johnson will run only as a Progressive. Judge Walter Bordwell of Los Angeles announced himself as a Republican candidate and went so far as to have his name put on the ballot before he decided he didn't want to make the race. Besides the nominations for senator, there are eleven congressional nominations of which nine are candidates for re-election—John E. Baker, C. F. Curry, Julius Kahn, John T. Nolan, J. A. Elston, Denver S. Church, E. A. Hayes, C. H. Randall and William Kettner. Raker, Curry, Kahn, Church and Randall are certain to qualify for the November election.

Dr. Marshall Home—

Dr. Mary Marshall returned last night from Iowa, where she had been to attend the national convention of osteopaths and also visit with her daughter Mrs. Aldrich. She was accompanied home by her grandson, Marshall Aldrich, a former resident of Albany when a very small boy. He has not been well and will make his home here for some time, hoping that the change will benefit him.

Left for Alsea—

Mr. and Mrs. L. G. Lewelling and Mr. and Mrs. Dennis W. Merrill left this morning for the Alsea, with guns loaded for deer, and hooks baited for the festive trout. They expect to spend a couple of weeks there.

Were at Creswell—

Mr. and Mrs. Delos Foster and baby returned last evening from Creswell, where they had a visit with Mrs. Foster's sister, Mrs. Johnson, for a few days.

ticket by William H. Hill, Detroit drug manufacturer, and Theodore Joselyn, of Adrian, both former Progressives.

HOW TO MEASURE HAY IN THE STACK

Estimating the number of tons of hay in a stack by measuring is often resorted to when it is inconvenient or impractical to weigh it. It is impossible to give a rule for measuring hay which is entirely satisfactory. The following one has often been used, states Prof. E. G. Schafer of the Washington experiment station at Pullman, and approximates the correct weight:

"Width plus over, divided by four and squared, then multiplied by the length and divided by 512."

The above rule assumes that the cross section of a stack may be obtained by dividing the width plus over measurement by four and squaring it. Stacks vary so much in shape this cannot be absolutely true with all stacks. The above rule also assumes that there are 512 cubic feet in a ton. The length of time a stack has been built, the size of a stack or the amount it has settled, also the kind of hay, all influence the weight of a certain volume of hay. The above or other rules should not be relied upon unless it is impossible to weigh hay when it is sold.

Problem—Assume that a hay stack measures 18 feet wide, 26 feet over (distance from ground on one side up over the stack and to the ground on other side) and 30 feet long.

The solution would be:
18 plus 26 equals 44.
44 divided by 4 equals 11.
11 squared equals 121.
121 times 30 equals 3630 cubic feet in stack.
3630 divided by 512 equals 7.09 tons.

tremely irresponsible business."

The executive committee of the conference is composed of John A. Lapp, director of the bureau of Legislation Information in Indiana; Geo. S. Godard of Connecticut; Thomas L. Parkinson of New York; Miles C. Riley of Wisconsin, and A. E. Sheldon of Nebraska.

A Little Vacation Talk

THE time for a vacation is now here. Vacations to many mean more work and less comfort than any other time of the year. Let this year's vacation be different. Secure a real rest. Down at Newport you can rent a comfortable bungalow near the ocean and within sound of the roaring breakers. You will be agreeably surprised at the low cost and the real benefit to be derived from this kind of a vacation. Write for booklet "Newport" or ask your local agent for copy also information regarding low round trip fares.

HIS WIFE COMING.

Countess Von Bernstorff, New York Girl, Returning from Germany.

(By United Press)
Washington, Aug. 29.—No more will German Ambassador, Count von Bernstorff be seen driving gaily about Washington alone in his high-powered roadster—one of the war bachelors of the diplomatic corps. The count expects to be joined in a few days by Countess von Bernstorff, whom he has not seen since the European war began and who is today on her way from Berlin aboard the Frederick VIII.

Countess von Bernstorff is expected to reach New York early in September aboard the Scandinavian-American liner. It will be a return for the countess to her native country, for she was born in New York, the daughter of a naturalized American.

Before her marriage the countess was Jeanne Luckemeyer. Her mother was a member of an aristocratic German family, and her relatives were prominent in the German Imperial court. Count Von Bernstorff married Miss Luckemeyer in 1887. They have

a son and a daughter. The son, Count Gunter von Bernstorff, is attached to the Great General Staff.

Has Spinal Meningitis—

A son of Mr. and Mrs. Kasper Kropp, of East Albany, is in the hospital with a serious case of spinal meningitis. At first there was fear that it was infantile paralysis, but fortunately it proved to be very different.
