HUGHES UNMASKED.

Pendleton E. O.: The way to find out what is in a man's heart is to watch how he behaves when "under the gun."

What did Mr. Hughes do? He said he had no concern with local disputes, but after saying that he committed himself in each case to the care of the old guard.

The situation was even more marked in California. Hughes had nothing for Hiram Johnson though he is governor of the state and a candidate for the republican nomination for United States senate.

The Hughes behavior in Washington and California should clear the eyes of those progressives who have intended to vote for Hughes on the theory he is progressive.

There are thousands and thousands of progressives who will revise their estimate of Hughes as a result of his behavior in Washington and California.

WHERE IS HUGHES?

World: The Hughes that New York used to know, the Hughes whom The World supported in 1906 and in 1908, has disappeared.

No other candidate for president within the memory of living men ever ran downhill so rapidly as Mr. Hughes has done since the day following his nomination.

Nobody has answered that question; yet it admits of an answer—and the explanation can be found in Mr. Hughes' Chicago speech when he said: "As I was on the bench 100 per cent a judge, I then became 100 per cent a candidate."

MISFITS

Albany is backing Carson Bigbee to the limit. The fans are all watching the score of the Pittsburgh team, the first thing when the Oregonian arrives being an inspection of the baseball page.

Why shouldn't Linn county furnish one of the best ball players in the country? We have the best in everything else.

Carl M. Koenig, the tallest drummer on the coast, 5 feet 20 inches, has been in the valley this week. He is so tall and evokes so many questions that he has prepared a card with the following information:

"Yes, I'm stouter than I was last season."

"Yes, it's awful in the summer time."

"I weigh 315 pounds."

"I am 5 feet and 20 inches high."

"No, I'm not on the water wagon."

"Yes, I guess that's what does it."

"No, I don't smoke all the time, I have to stop for meals."

"Yes, traveling does get tiresome."

"Yes, I'll take one."

Every young man should get married. It's a big thing when soldiers are wanted.

Worse and worse succeeds the former worse in Europe.

Every little country is being brutally forced into the slaughter, bankruptcy and misery.

The Seattle V-A-L-S-E Pals says: "The Albany Democrat is alright."

If you should ever get the fool idea

In your head that there isn't much doing in Albany along industrial lines, start in at First street and the bridge, go down Water street out past the chair factory, saw mill, round house, furniture factory, depot, over into Bryant's park and back to the starting point, and you will observe a mass of activity without having touched the mercantile part of the city's business.

The new furniture-factory will bring ten or twelve new families to Albany, experts along different lines; but as many Albany men will be employed as can fill the bill.

Crop prospects around the Hub are gilt-edged at this writing, all big, with big prices for everything. How an things be other than prosperous with such a showing. It ought to hit the whole state.

Twain Tires?—No One's a Goodyear as It Might Be The Other Costs Us \$1,635,000 More

This is to prove that you can't judge tires by looks. Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values. And those unseen extras, on this year's output, will cost us \$1,635,000.

No Price Excuse: This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete. GOOD YEAR Fortified Tires. No-Rim-Cut Tires—"On-Air" Cured With All-Weather Treads or Smooth.
