CITY NEWS

Lenore Can Flirt—
The art of flirting at its highest state would describe the scenes in "The Heart of Paula" where Paula Figueroa enchants Bruce McLean the engineer, as shown at the Globe last night and tonight. The Spanish women's knowledge of how to captivate by the eyes alone is fully shown in this Pallas production. Lenore Ulrich as Paula displays a complete knowledge of this art. Her casual interest grows so rapidly for her and is the big theme of the story. The adventures, hardships, and suffering that this harmless flirtation led to is the well told plot of this Pallas production released on the Paramount program.

Wake Up the Town—
Betty Hart, who plays Marie in William Fox's feature film, "The Man from Bitter Roots," by Caroline Lockhart, comes from a little town in the middle west. She won't say what little town it is, because it is too small to be found on the map. "When I was a girl there," says Miss Hart, "the people began to have a curfew rung every night; at nine o'clock, but after this had been done for a week, they had to stop it. It woke everybody up when it sounded."

Love's Labor Lost—
The life of a dramatic star is a gay one. Recently at the Lasky studio, during the picturization of "The Race," which will be seen at the Globe on Wednesday, Anita King, the Paramount Girl, was locked in a garage with her automobile. The exterior of the garage was sprayed with gasoline and the building then set on fire. When the flames began to blaze merrily all Miss King had to do was to crank the car, break down the doors of the garage and drive safely out before the roof fell in. Miss King did all this, but unfortunately the heat from the burning building blistered the film in the camera so that it was worthless.

Portland Man—
Louis and John Myers, of Portland, were in the city last evening, the guests of their brother, Wm. Myers, of the post office, while on their way home from a visit with their folks at Crabtree. The former is in the wheat business, the latter traffic man with Woodward Clark & Co.

Mrs. Lee Here—
Mrs. Elizabeth P. Lee arrived a few days ago from Seattle to spend the coming year with her son, President Lee, of Albany College.

Bigbee's Work—
Pittsburg beat St. Louis twice yesterday, Bigbee doing good work. In the first game he made a three bagger, his one hit, an assist and caught one out. The score is not given in the second game.

Portland Com. Man—
McKinley Mitchell, the commission man, of Portland, came in last night on the Brownsville train, arriving at 6:45, sprinted to a jitney and caught the Oregon Electric due to leave at 6:50. Mitchell for many years bought spuds at Gervais, covering all the valley. He then moved to Portland and continues to deal in potatoes, and also other things of a produce character.

Returned from Corvallis—
Assistant Superintendent of Schools E. F. Carlton, of Salem, was in the city last night on his way home from Corvallis, where he had been to attend an educational meeting.

Returned from Newport—
Merchant A. M. Reeves, of Lebanon, was in the city last night, on his way home from Newport. He reported the town just about deserted, on account of the exodus caused by the fear of a strike on Monday.

WISCONSIN PRIMARIES.
LaFollette Fights With Jeffries for Progressive Renomination Today.

Milwaukee, Sept. 6.—Wisconsin voters weeded out the summer crop of politicians at the primary today. The greatest interest centered in the run between Senator LaFollette, progressive and Malcolm G. Jeffries, conservative for the republican senatorial nomination.

William F. Wolfe, of LaCrosse, is the democratic nominee for senator and it without opposition. The democrats hope to place another member of their fold with Senator Paul O. Husting in congress, through the split in republican ranks. Governor S. L. Phillip, republican conservative, is a candidate for renomination. He is opposed by William H. Hatton of the LaFollette faction of the progressives and former Governor Francis E. McGovern, who has been attempting to build up a progressive organization of his own. Burt Williams of Madison is the democratic candidate for governor, picked at a conference of leaders.

THOS. A. EDISON ENDORSES WILSON FOR PRESIDENT

Commends Wilson's Work and Says Hughes Hindsight Is Better Than Foresight.

Saratoga, N. Y., Sept. 4.—Thomas A. Edison, the electricity wizard, Republican and supporter of Theodore Roosevelt for the presidential nomination, Sunday announced that he would work and vote for Woodrow Wilson. He said: "Not since 1860 has any campaign made such a direct call on simon-pure Americanism. The times are too serious to talk or think in terms of Republicanism or Democracy. Real Americans must drop parties and get down to big fundamental principles. More than any other president in my memory, Woodrow Wilson has been faced by a succession of tremendous problems, any one of which decided the wrong way would have had disastrous consequences. Wilson's decisions so far have not got us into any serious trouble, nor are they likely to."

"He has given us peace with honor. Hughes' talk about the United States being despised is nonsense. Neutrality is a mighty trying policy, but back of it are international law, the rights of humanity and the future of civilization."

"With reference to Mexico, I think the president has acted wisely, justly and courageously. It was right that the United States should not have recognized such a murderous personality as Huerta. I do not think we should have intervened, nor do I believe that we should intervene now. Mexico is a troublesome neighbor just now, but war and conquest is not going to make her a better one. Both against England and against human slavery the United States worked out its salvation through revolution and it was a pretty slow, trying process."

"It has been said that Wilson at first was against preparedness. Perhaps he was, but when convinced that intelligent public opinion was overwhelmingly in favor of it, he changed that is the proper thing for our president to do. A president defiant of public opinion would be a dangerous man in our government."

"His attitude on the tariff shows an equal openness of mind. A tariff commission will take the whole problem out of politics. It is my hope that experts will be named and that the body will be continuing and invested almost with the dignity of the supreme court."

"They say he has blundered. Perhaps he has. But I notice that he usually blunders forward. You can't get 100 per cent efficiency in a democracy. I don't know that we ought to want to. We would be machines and we would have to sacrifice too much of freedom."

"As I said at the start, it has been just one big thing after another with Wilson. I have never known so many dangerous questions brought up for decision to any one president."

"In my opinion Mr. Hughes, if president, would find it difficult to decide on the best course for the government to take had he been confronted with the possibility of a great railroad strike. His capacity for hindsight, as we learn from his speeches, is highly developed, but as to his foresight we are not equally well informed."

"Mr. Wilson has now had about four years of experience, and he has earned faith and trust. I do not think it a logical or sensible thing to change to an inexperienced and untried man just for the sake of change, or without much better reasons given for the change than I have noticed."

"Roosevelt was my choice. He has had experience and is one of the best Americans, but the machine-controlled Republican party would not have it. Therefore I am for Woodrow Wilson."

ONE OF FORD'S 5 A DAY EMPLOYEES IN THE CITY

John Suesens, of Seattle, is in the city on a visit, the guest of his father, Henry Suesens. He is an employee in the Ford Factory at \$5 a day, the price paid all the hands, and likes the job. An employee, though, has to toe the mark. His private character is looked into thoroughly before he is taken, and then continually afterwards. Even his hours in at night are considered. The boozier is not wanted at all. There is no extra time allowances. If an employee makes a bobble of a piece of work he has to make it up after hours. All of which is business, and is in keeping with the modern demand for efficiency and sobriety.

Our NEW DIRECTORY goes to press Sept. 15th. Kindly arrange for your listing now. Please notify us of any change in name or location. For advertising space in the new directory call Tel. No. 225.

HOME TELEPHONE COMPANY

BOY WINS \$1000 PRIZE.

In Competition with 780 Others Has Best Design for Electrical Poster.

(By United Press)
New York, Sept. 5.—Harold von Schmidt of San Francisco won the \$1000 prize in the National Poster competition of the Society for Electrical Development against a field of 781 designs, some of them from the brushes of world famous poster painters, it was announced here today. Van Schmidt calls his poster "The Modern Aladdin." It represents Aladdin touching a button instead of rubbing his lamp, and the herculean genie "Electricity" pops forth and salaams to him. The design, in six colors, will be reproduced more than 200 million times to advertise "America's Electrical Week," Dec. 2 to 9.

Of the 781 designs considered by the art committee, 352 of them were by women.

William E. McKee, a high school boy at Hollywood, Mass., is winner of the sixth prize, \$50. High school students submitted 204 posters, many of which received honorable mention in the report.

Others prize winners leading the list announced today are: John A. Bazant, Bronx, N. Y., \$500; Vincent Aderents, New York, \$300; Edward Staloff, Jersey City, \$200; Harold H. Kolb, Somerville, Mass.; Armand Moreda, Brooklyn, \$25; Ruth M. Jameson, Buffalo, \$15, and Edna E. Crowley, Chicago, \$10. Diplomats were awarded 120 others.

TENNIS TOURNAMENT WAS STOPPED BY RAIN

The tennis tournament yesterday afternoon was stopped finally by rain. Though several games were played in the mud. In the singles Torbet beat Custer two out of three sets. He will now have to play Seth French, and the winner had Irvine in the finals in the doubles Dohmert and French will play Torbet and Nutting, and the winners Stewart and Young. These games will be played when the weather permits. The weather bureau predicts clear weather tomorrow.

Notwithstanding the dampness, considerable interest was taken in the matches yesterday. Besides the regular contests McDougall, Salem's champion player played on the Washington street courts several sets with local players. He is a player of wonderful skill, former champion of Chicago.
