ALBANY SCHOOLS TO START SEPT. 21

Registration and Organization to Take Place After the Teachers Institute.

IMPROVEMENTS MADE IN SOME OF THE BUILDINGS

New Art Teacher Arrives; Coach For Football Team to Be Abraham or Hudson.

Albany Public Schools will open Thursday, Sept. 21, according to a statement made this morning by City School Superintendent C. W. Boetticher. Thursday morning all pupils will be expected to report at their usual places and classes will be organized for the new term. The Linn-Benton Teachers' Institute will be in session from next Monday to Wednesday at Corvallis. By opening Thursday the teachers will be able to organize their classes, assign lessons and get their rolls in shape for the following week.

New Art Teacher.

Last evening two members of the faculty arrived in the city. Miss Jessie I. Painter, of Fond du Lac, Wis., who will have charge of the music and art departments, and H. C. Clifford, of the commercial department, who has been in Philadelphia, are ready for the opening of the new term. Principal W. B. Young has already arrived after spending the summer in Gilliam County. Others will arrive this week.

Coach Not Settled.

The coach for the football team has not yet been definitely decided on. With Prof. P. C. Stevens gone the remaining faculty member for the place is Prof. J. R. Hudson, of the manual training department. Prof. Hudson is a graduate of the Oregon Agricultural College and has had some experience with the game and is said to be a good man in handling men on the field. Another possibility is Herman Abraham, for four years star on the Aggie backfield and last year mentioned as an All-American possibility, in fact, given full-back by some writers for his fine work in the Michigan game.

With Abraham the situation is in doubt. The school board would not make an appropriation of the small sum that would be an inducement to him to take the place, and it is hardly likely that the amount could be raised from the business men. However much he is wanted it appears that if "Abe" coaches the high school his services to his Alma Mater will be gratis on odd occasions.

Improvements Are Made.

During the summer several improvements have been made at some of the schools. At the high school a new planer has been added to the manual training department. The desks in the Madison school have been taken down and sent through the planer and sander, the wood work revarnished and the metal parts newly painted, making practically new desks at this school. The toilets at the Madison school have also been improved.

At the Maple school the building has been extensively remodeled, the roof has been repaired and repainted, and new, modern toilets installed. Many small improvements have been made in all the schools.

ALBANY PEOPLE RETURN FROM LONG AUTO TRIP

Went Around the Cascade Mountains By Way of Eastern Oregon.

Mr. and Mrs. G. T. Hockensmith and Mr. and Mrs. C. H. Wieder have returned from an extensive automobile trip of a couple of weeks, made in Mr. Hockensmith's car. They went to Portland, from there up the Columbia highway, thru Wasco, up the Deschutes country into Southern Oregon, where they visited Crater lake, from there going over to Hornbrook, noted for being close to Oregon and thence up thru the Siskiyous and home again. They encountered good and bad roads, particularly some of the latter over the other side of the hills. The trip was made without accident or excitement, just two blowouts in the long ride. The route is a specially interesting one for people wanting to see the Northwest country, covering some of the finest scenery in the world. Like everybody else they were taken with the wonderful Crater Lake.

VOTE CLOSE IN WASH. PRIMARIES

Ex-Governor McBride Probably Nominated For Governor of Washington.

VOTE ON CONGRESSMAN CONTINUES IN DOUBT

Packer, Fullerton, Morris Lead For Long Term Judgeship, Webster Short Term.

(By United Press)

Seattle, Sept. 13.—Incomplete returns in the Washington primaries indicate that Poindexter is renominated over Humphrey. The Republicans evidently nominated ex-Governor McBride. R. H. Hartley, open shop champion, is second. Ex-Mayor Miller, of Seattle, won the Republican congressional nomination in this district. The victory of a majority of the Progressive Republican candidates seems sure.

Tacoma, Sept. 13.—Poindexter has a big lead according to the meagre returns. Bryan is second and Humphrey last. McNeeley is leading in the gubernatorial, Hartley is second, and McBride third.

Seattle, Sept. 13.—Complete returns from 61 King county precincts give the following total for first and second choice votes: Poindexter 3499, Humphrey 3411, Bryan 2467. For governor, McBride 3509, Hartley 2772. Miller leads for congress.

Spokane, Sept. 13.—One hundred twenty-eight precincts total the first and second choice in Spokane county: Poindexter 5045, Bryan 5212, Humphrey 2625. Sutton is ahead in the gubernatorial race; McBride second, and Hartley third.

Parker, Fullerton and Morris are leading for the long term supreme court nomination. Webster has apparently cinched the short term. Corkery is 700 votes ahead for the fifth congressional district nomination. Davis is leading Hart for lieutenant governor.

Chehalis, Wash., Sept. 13.—Humphrey is leading in 44 of the 78 Lewis county precincts. Sutton is first in the gubernatorial fight; Hartley second, and McNeeley third.

Warner became confused when the California machine crossed the street in front of him and he gave his car a quick turn into Second street, smashing into the rear of the Dodge car owned by C. C. Cleek. Bumpers on the front of the Warner car saved it from harm, while the gas tank, some dents and bruises were inflicted on the Dodge. No one was hurt.

Y. M. C. A. ANNOUNCE COURSE FOR THE COMING WINTER

Will Start With Nels Darling and End With Edward Amherst Ott.

The first number of the Y. M. C. A. Lecture Course for this season will be a lecture by Hon. Nelson S. Darling, of Oklahoma, who bears an enviable reputation throughout the entire West as a political speaker and platform orator. He is always in demand at political conventions and gatherings of commercial organizations, as well as on the Chautauqua platform, where he has been enthusiastically received. He is both witty and eloquent, and makes a forceful plea for civic improvemen, better roads, better folks, and better social conditions. He will attract a large audience.

The course also includes The American Quartet, a fine male quartet, who present an attractive program of instrumental music, with other entertaining features.

Another number is The Regniers, an exceedingly clever couple of entertainers, who present a unique and highly interesting musical program, carried along with a witty conversational sketch. This is one of the star numbers of the course.

The Sovranoffs, a trio of Russian players, present a program including piano, violin, cello, and vocal solos, and ensemble numbers. This is a high-priced attraction and is alone worth the price of a season ticket.

The Fairchild Quartet, composed of charming young ladies, cannot fail to please. Their work is far above the average of similar companies, and ranks with the best of its kind.

The closing number of the course is a lecture by Edward Amherst Ott, whose addresses on serious subjects have everywhere made a profound impression. He combines much of humor and entertainment in his lectures, but never fails to clinch his point. His lecture on "Sour Grapes" has been delivered over 1,200 times.

Although this year's course includes an unusual array of talent, the price of tickets will remain the same as before, provided a sufficient advance sale is assured. Tickets will be sold to the general public for $1.50 for the six numbers, and to students and children for $1. General admission will be 50 cents for each number of the course. The Association will canvass the city within the next few days, and it is to be hoped that the enterprise will receive the liberal patronage it deserves. This course is not put on to make money, but to supply a class of entertainments, both pleasing and interesting, which would otherwise pass us by.

Dr. G. H. Young officiated at a pretty wedding yesterday afternoon when he joined in matrimony Earl C. Margason and Miss Cassie B. McClaine, both of Shedd. The wedding took place at the home of the bride's parents, Mr. and Mrs. M. P. McClain, near Shedd. Otho McClaine and Miss Mina McClaine, brother and sister of the bride, stood up with the couple. A large number of friends and relatives of both bride and groom were present. After the ceremony a delicious luncheon was served, and the happy pair left on the afternoon train for Portland where they will spend their honeymoon.

Both young people are popular with a large circle of friends who will be pleased to learn that they will make their home at Shedd on their return from their wedding trip.

Geo. Forgey's Birthday.

This is the 76th birthday of George Forgey, an old and highly respected Christian Gentleman of this city.

Mr. Forgey has resided here a long time, playing his part well, in his humble way, a man of strict integrity, who believes in living according to his professions. He declared that he was happy all the way, and is undoubtedly the happiest man in Oregon. Always good natured no one yet ever heard Mr. Forgey get mad at anyone, or say a mean word about his neighbors. If he hasn't something good to say about people he doesn't say anything. May he have at least twenty-four more birthdays.

IDAHO NOMINEE FOR SUPERINTENDENT IN CITY

Miss Ethel Redfield, of Lewiston, Idaho, arrived last evening for a week's visit at the home of her father and sister, F. M. Redfield and Mrs. J. M. French. She has just been nominated by the republicans there for state superintendent of schools. The Democrats had no candidate for the office, and do not intend to put one on the ticket, so that the only opposition that Miss Redfield will have will be the regular socialist nominee, which insures her election without a hard campaign. Her many friends here, who appreciate her splendid worth as an educator and personally will be glad of an opportunity to extend congratulations.

ALBANY GIRL ELECTED DOMESTIC SCIENCE TEACHER

Miss E. Madeleine Rawlings Elected to Teach Independence High School.

Miss E. Madeline Rawlings, daughter of Mr. and Mrs. C. G. Rawlings, of this city, has accepted the position of instructor in domestic science in Independence high school and next week will leave for that city to take charge of her work. Yesterday Miss Rawlings had an offer from the Lebanon schools and earlier in the season she refused the appointment to the same position in the Marshfield high school.

Miss Rawlings was graduated from the Oregon Agricultural College last June and finished with a splendid record as a student in the big state institution. Besides making good in her work she was popular with the students, being given many honors while in college. Last May she was editor-in-chief of the co-ed number of the Barometer and put out a very creditable publication.

Miss Rawlings' friends predict a most successful year for her in her work as instructor.

A drummer on the street yesterday, with a cloud in his face, remarked: "Albany has always been a hoodoo to me," which meant that he does no business here. Pittsburg at Brooklyn—

In two games at Brooklyn yesterday Pittsburg broke even with the top-notchers, losing the first game and winning the second, Bigbee causing the winning run by a bunt. He played second base in both games with a clean record of two outs and five assists in the first game, and three outs and four assists in the second. But he made only one hit in the two games. As Pittsburg made only 10 hits in the two games this was not bad.

An Auto Trip—

James Crawford and daughter, Mrs. W. H. McCoy, of Portland, and son, Fred J. Crawford, of Los Angeles, have been in the city today, on their way home from Lincoln county, where they had been on a visit with C. C. McBride and family. The Indian on the bucking horse is Andrew Jacks, who rode in the Ashland round up and who may be seen here. The posters tell the wonders that are to be seen here and will be plastered all ovr the country.
